Only ONE person is getting an "A". 😞

Current Average is: 6,981 P-Ville Points

That's still a "C"

So what are these Top 5's currently grade?

The Current Problem

- A. The current capitalist system has a huge wealth gap problem.
- B. No matter how much we try to decrease high paying jobs or try to increase the wage for low paying jobs, someone will always be under the average.

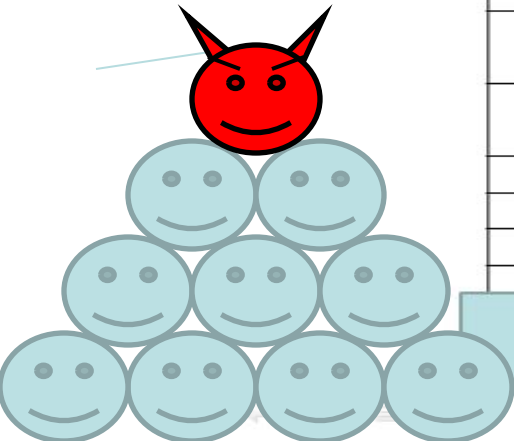

So what are these Top 5's currently grade?

Top 5 Richest People in Period 2

Position	Name	Points	% of total points in class owned
1.	Matthew Vazhappalli	73,010	45.5%
2.	Kevin Turbadrakh	46,980	29.3%

Top 5 Rich total		144,664	90.1%

The Current Average is: 6981 P-Ville Points

Only ONE person is getting an "A". ☹️

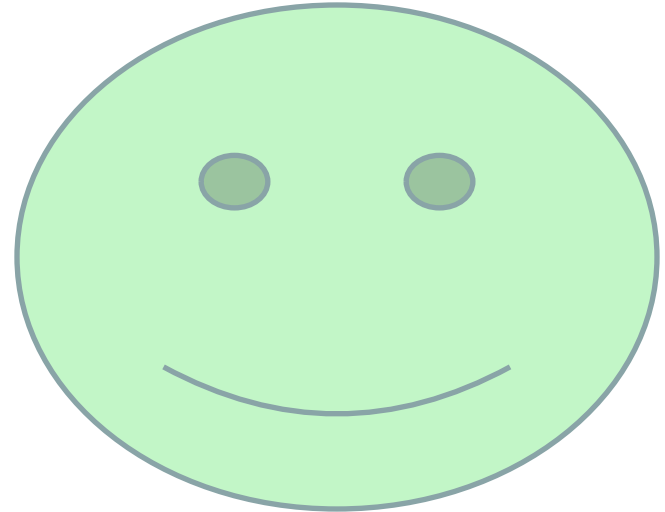

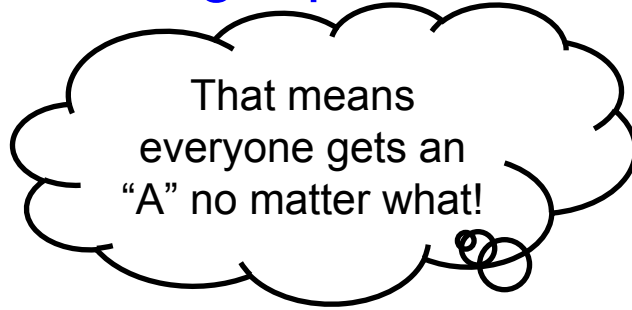

The Solution?

Communism!

A. Everyone would get paid the same amount!

Communism!

A. Everyone would get paid the same amount!

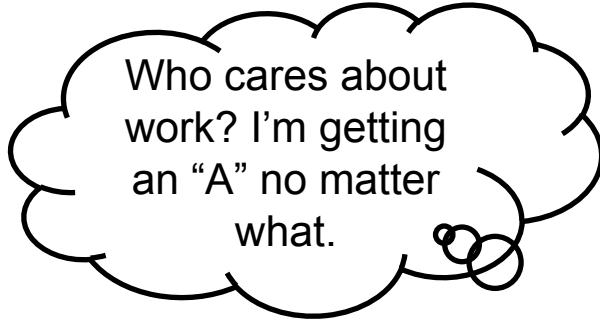

Communism.

- A. Everyone would get paid the same amount!
- B. There will be people who abuse that privilege and get **lazy**.

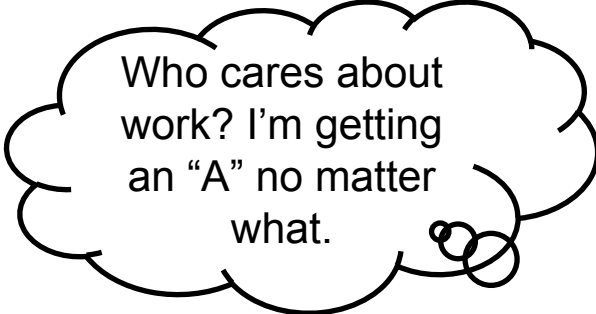

Communism..

- A. Everyone would get paid the same amount!
- B. There will be people who abuse that privilege and get **lazy**.

Communism...

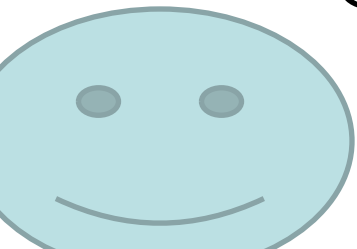

- A. Everyone would get paid the same amount!
- B. There will be people who abuse that privilege and get **lazy**.

A black-outlined thought bubble with a small tail pointing towards the bottom right.

Who cares about work? I'm getting an "A" no matter what.

A black-outlined thought bubble with a small tail pointing towards the bottom right.

That's unfair!

Communism... 😞

- A. Everyone would get paid the same amount!
- B. There will be people who abuse that privilege and get **lazy**.
- C. So communism already **failed** before it even **started**.

The Solution!

Karmaism

- A. An guarantee system where you get what you work. There is no average.

Karmaism

- A. An guarantee system where you get what you work. There is no average.
- B. No P-Ville points, we will use the **Karma Percent System**

Karmaism

- A. An guarantee system where you get what you work. There is no average.
- B. No P-Ville points, we will use the **Karma Percent System**
- C. The maximum points you could get is **100%**

Karmaism

- A. An guarantee system where you get what you work. There is no average.
- B. No P-Ville points, we will use the **Karma Percent System**
- C. The maximum points you could get is **100%**
- D. This is designed so as long as you do your job in P-Ville, you will get a 100% (50 points) for your P-Ville assignment

Karmaism

- A. An guarantee system where you get what you work. There is no average.
- B. No P-Ville points, we will use the **Karma Percent System**
- C. The maximum points you could get is **100%**
- D. This is designed so as long as you do your job in P-Ville, you will get a 100% (50 points) for your P-Ville assignment
- E. If you don't do your job, you'll gradually lose points.
