Big Idea

I chose the giraffe because I'm following the same growth pattern as my dad followed but I'm taller. He is currently 5'11 so I might be pretty tall, hopefully. The duck is to symbolize how I can be loud and like to talk a lot, such as a duck quacks. The snake is there because I lived in Texas for 7 years of my life. So Texas is a big part of me. Also the background is an image of Texas. The flower patch are bluebonnets, the national flower Texas.
