我在做時，有時候會太粗魯而弄壞，而且很容易變形，幸好有膠帶固定，經過今天，我覺得我的手作有一些提升。

## Your Results!

Assuming your food has come from the capital, Canberra travelling to the capital Taipei, it has travelled approximately

**4545 miles (7312km)**

as the crow flies.

Why not compare your results with others - [Pork](#)

This Calculation is merely an estimate and does not take into account many different factors. These include the Food Miles contained within a particular product. For Example if you entered something like fresh juice, this value does not include the distance travelled from point of harvest to packaging.

The other factors to consider are getting the product to you. The above calculation only gives a rough estimate of the distance travelled to get the item into the destination. It does not take into account getting the item into your house

# 無法換算 距離

Food miles are a way of attempting to measure how far food has travelled before it reaches the consumer. It is a good way of looking at the environmental impact of foods and their ingredients. It includes getting foods to you, but also getting waste foods away from you, and to the landfill!

## What Does That Mean?

It means that it is time to think about where your food has come from and what environmental effects this has had.

## What Are The Effects?

The effects of food miles can be measured in the pollution that is caused. Think about the distance travelled, then think about how that distance was covered. Was it by Plane? Boat? Road?

## What Can I Do?

Buy Local! That's the key. This means supporting local growers. Its much better for the environment growing and buying organic, but what if that organic product has come from, say Chile? That's a long haul journey for your apples to go! Its better to go down the road (on a bicycle) and buy from your local farmer, or grower.

Beware though, even some foods that may appear to be from local suppliers, if bought in supermarkets, have probably toured the country between depots before arriving back in the shop.

Your location:

United Kingdom

Where has your  
food come from...?

Have a look on the  
packaging to see where  
abouts the product has  
come from and then simply  
select it from the list below.
