Beyond Worksheets: The Interactive Companion

6-hour course

Course Outline

Each component aligns with a chapter in Beyond Worksheets. Learners use Note Catchers to gather ideas, and each component includes a real-world application activity.

Giving Up the Good Old Days

What Is a Worksheet?

New World, New Rules

Systems, Teachers, Expectations, and the Worksheet

Student-Centered or Teacher-Focused

I'm Scared They Don't Care

Behavior, Motivation, and the Worksheet

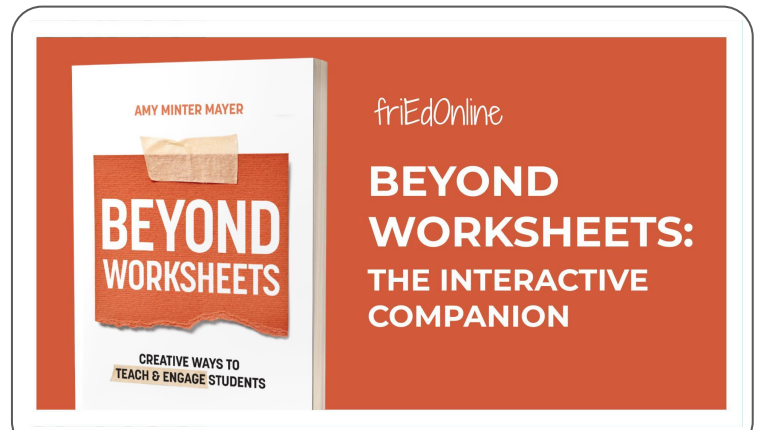

Student Choice Continuum and Why Choice Matters

Stop Stealing the Learning

Fair Team Grading Strategies that Work for Humans

Is Artificial Intelligence a Worksheet Killer?

Becoming a Worksheet Killer

A book study, a teaching toolkit, and an implementation guide—all in one!

Take your learning beyond the pages of Beyond Worksheets: Creative Ways to Teach & Engage Students with this interactive book study and companion course. Whether you're reading the book independently, as part of a professional learning community, or using it alongside face-to-face training, this course is designed to help you reflect, discuss, and apply its strategies in real-world teaching.

Great for all educators
