

CAREER AFTER 10

HOW TO DECIDE THE RIGHT PATH

Class 10th is the most important and confusing crossroad of your career. A right decision can help you blossom in your career. And if you make the wrong choice, you will have to face the consequences for the rest of your life.

CAREER COUNSELLING FOR CLASS X

Career counselling and career guidance for 10th class is the need of the hour. Students who are confused about their stream selection can go for career counselling. Career counselling for 10th class students is extremely important as today's youth are tomorrow's future.

“Padhega India tabhi toh badhega India.”

MISTAKES MOST OF THE STUDENTS MAKE WHILE CHOOSING THEIR CAREER

- 1. FOLLOWING THE CROWD / FRIENDS**
- 2. PARENTAL PRESSURE/SOCIETAL PRESSURE**
- 3.LACK OF KNOWLEDGE**

- **Science is the most popular and favourite career option for the majority of the parents and students.**
- **Commerce is the second most popular career option after science. If you love numbers, finances, economics etc., then Commerce is the best option for you.**
- **Nowadays arts/humanities are very high in demand and more and more students are opting for it.**

WHO SHOULD OPT SCIENCE?

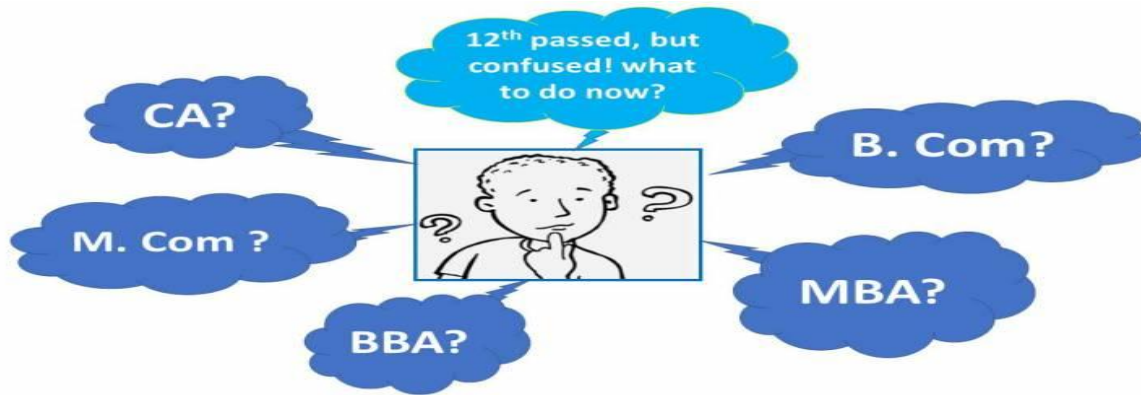

If technology fascinates you and you have a flair for numbers, then taking science after 10th would be a wise option.

- You can opt for Physics, Chemistry, Maths (PCM).
- If you want to make a mark for yourself in the medical field, you can opt for Physics, Chemistry, Maths, Biology (PCM-B).
- Now there are many students who don't like Maths. Either they are afraid of Maths or Maths doesn't interest them. Don't worry, if you want to become a doctor, then knowing Maths is not necessary. You can easily opt for Physics, Chemistry, Biology (PCB).

There are multiple career options such as Engineering, Medical, IT available for science stream after 10th class.

WHO SHOULD OPT COMMERCE ?

If you have an affinity for numbers, business, economics then **commerce** is the stream for you.

You must be good with numbers, data and have a curiosity in Finance, economics.

If you want to shape your career in economics and business world, then commerce is the right career for you.

There are a number of options such as **Chartered Accountants, MBA, investment in banking sectors etc.** available for commerce stream after 10th class.
