Awards

The story behind our awards.

We are repurposing awards, but with a purpose. As many of you know this tournament coincides with Veterans Day. My favorite Veteran is my Dad who served in Vietnam. When he retired he bought and fixed up an old Porsche and started entering it in Spic and Span competitions (literally judged on how clean your car is). His OCD led to a lot of wins, and the trophies started to take over the house! Our tournament has taken some of these trophies and repurposed them for all of you, and the areas in which you excel.
