Our mission

What is our why?

Goal: Long Term Impact

- Our goal is to support and maintain **sustainable** programs.
- We want to actually **help** the communities we're serving, rather than potentially cause damage and create unhealthy dependency on foreign assistance.
- We are partnering with local leaders and providing resources to meet the needs that they have identified in their own communities.
- We are **not** "saving" the people of these communities. We are humbly serving and learning from them. There is a mutually beneficial exchange.
- We are supporting these communities physically **and** spiritually.

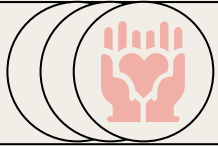

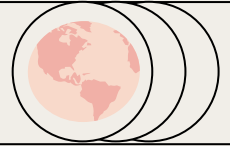

“We exist to provide Christ-centered
services to vulnerable children and
struggling families”
