

BUGS Hybrid Family

Overview:

updated: January 22, 2021

Directions & Overview

Hello Families,

This presentation is design to help you understand a bit more about our Hybrid launch. In this presentation, there are 3 videos that contain valuable information about the procedures and guidelines for onsite learning that was shared with students during advisory.

We highly recommend you watch them as it will ease the transition into semester 2 and hybrid learning.

Next week, hybrid learning starts! We are excited to start our second semester of learning for everyone.

Please contact our Parent Coordinator, Kevin with any questions or supports needed.

kevin.penaloz@bugsbrooklyn.org

What are some questions you have about hybrid learning?

Some of you may wonder, what is hybrid learning? Hybrid learning is a mix of “in person” at school and “remote” learning at home.

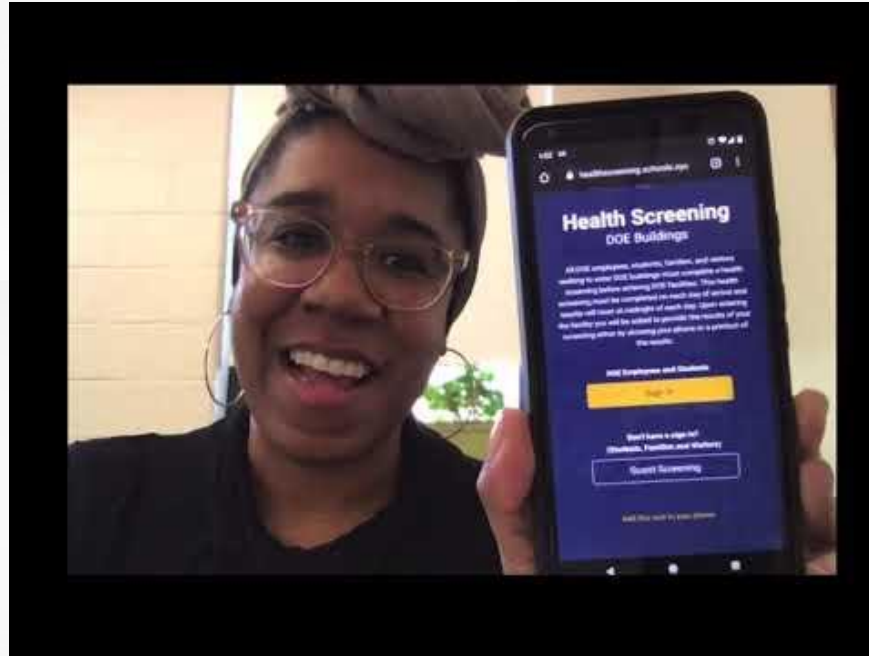

Do you have any other questions about what hybrid means?

Updated: BUGS Remote Camera Policy

As of January 25th 2021, BUGS will require a “default” camera setting as “turned on” for all Remote Learning students. This means the following:

1. Students should enter all Google Meet (online classes) with cameras turned on.
2. Cameras should be on at all times unless a teacher explicitly gives permission for cameras to be off.
3. A teacher will give verbal and visual instructions for when cameras can be off.
4. Supports and Intervention will be based upon student/family unique situations
