

Call for Abstracts

Remote Sensing Days

20-23. January 2026
Aalto Dipoli, Espoo, Finland

Finnish Remote Sensing Club invites scientists, engineers, and students worldwide to submit abstracts for oral and poster presentations at the upcoming **Remote Sensing Days** conference, organized in conjunction with **Winter Satellite Workshop 2026**. Annual Winter Satellite Workshop will bring together hundreds of researchers, engineers, policy makers, entrepreneurs and students all over Europe. Participation in the conference is free of charge.

Contributions are welcome in all areas of Earth Observation, including space missions, sensors, environment monitoring, security applications. All abstracts are submitted via

<https://spaceworkshop.fi>

and evaluated by the Program Committee.

Abstract submission deadline: 7.11.2025

Notification of acceptance: 15.11.2025

Program publication: 15.12.2025

Conference: 20 - 23.1.2026

Join us to share your latest results,
exchange ideas, and shape the future of Earth Observation.
