POWERFUL KEYNOTES AND WORKSHOPS

## ABOUT MATT

Matt Miller empowers teachers with practical teaching ideas and inspires them to think differently about education. He has spoken at hundreds of events all over the U.S. and beyond. But before that, he was a full-time teacher for more than a decade. Educators leave his presentations equipped with new ideas and on fire to make a change in their schools and communities.

**"Such an inspiration. One of the reasons why I am where I am today as a teacher." -- Meghan, Ohio**

**"Best PD ever! Educators engaged all day long!" -- Bonnie, Texas**

**"You know it's good stuff when you aren't excited to take a break to eat lunch." -- Dave, New York**

## KEYNOTE PRESENTATION

The **Tomorrow Glasses** keynote provides educators with a foundational understanding of artificial intelligence and its evolving role in education, offering practical applications for today's classrooms and preparing teachers for future instructional strategies. Drawing from Matt's book, the speech shares insights into leveraging AI for learning enhancement and teacher efficiency, ensuring education aligns with the students' future.

## BREAKOUT SESSIONS & WORKSHOPS

These sessions offer tons of practical ideas that teachers can start using in their classrooms immediately. Teachers take the place of their students, seeing how the learning activities feel from the perspective of the learner. Then, we reverse-engineer them so they feel confident in using them in their own classes.

## WHAT SETS MATT APART

Speaking -- in keynotes and workshops -- is a skill Matt has honed for years. He studied at Heroic Public Speaking, "the most substantial and complete speaker training program in the world." He's approachable and easy for participants to talk to. Plus, he's easy to work with from start to finish. He helps event planners ensure success from pre-event planning to event-day execution.
