

The official software for Focal Point coaching clients.

FOCAL POINT FOCUS SOFTWARE COMPLIMENTS OUR COACHING

We work together on strategic planning. Focal Point Focus gives you a framework to reinforce and execute the plan.

The tools in Focal Point FOCUS are designed specifically to manage your strategic planning, communication and execution. Companies that work with Focal Point coaches use this software to focus on the priorities that matter most - even when we may not be physically together.

What do we do?

Plan

Together, we make a plan. We convert that plan to digital so that we can...

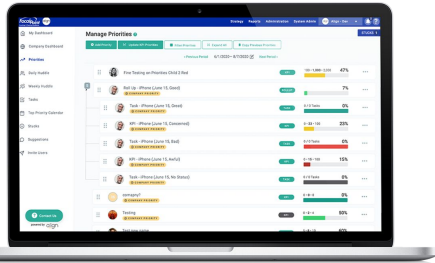

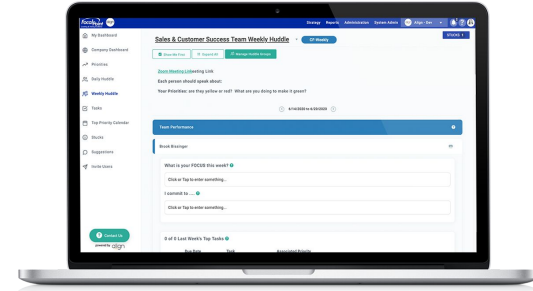

Communicate

You involve the full company in the plan. Get more people engaged, and get feedback. Then you...

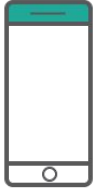

Execute

Break down the plan, assign ownership, measure KPIs to...

See Results!

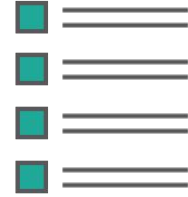

Benefits of Focal Point FOCUS

Use the mobile app to review progress and participate in huddles while on the go.

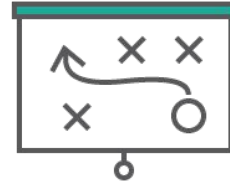

Leverage Advisor support to help with the software implementation.

Check in on your progress using dashboards and performance reporting.

Provide software driven reinforcement so you get more out of your coaching relationship

Cascade what you learn from your coach throughout the entire organization

Sign me up! I want to learn more...

2 Options to sign up for a tour:

As **your coach, I can create the account**. You will then receive an email from the Align team with a link to schedule your introductory tour of Focal Point FOCUS.

OR

You can fill out this [Request a Tour](#) form and schedule a tour.

Email advisor@aligntoday.com if none of the times on the calendar work!

Once I've subscribed, what does support look like?

Up to 3 hours of live technical training with your Align Advisor

Get it scheduled!

Start the onboarding checklist with videos and tutorials to start reinforcing good business habits throughout the organization

Talk to your coach about best practices

What does Powered by Align mean?

The Focal Point organization partnered with Align Technologies to bring you the Focus software. Align Advisors will guide you through the subscription sign up process and assist with technical support.

You may see communication from Align and as part of the technical support for Focus, Align also creates help documents and videos.
