Preparation

Blend two families together carefully with humor and story to build a foundation for grandkids. Add in several dollops of home so wherever we are, we are family. Sprinkle frequently with piles of pleasant calm. Pour in a gallon of wonder daily. A generous tablespoon of geek tenders the wonder into creative ideas and solutions for the five liters of learner added next. Fold in a ton of teacher to inspire, along with the kilo of kindness to spread to those around us.

Spread out over the years and enjoy a lifetime of loving memories.

Thank you
