Hello!

MEET THE TEACHER

- This is my second career. I worked in the accounting field for almost 15 years.
- Teaching is definitely my calling. I love that every day is something new. I enjoy building connections with students and helping them push themselves to their full potential.
- I am married with 3 children who are all a product of East Heritage Elementary.
- In my free time I am traveling, shopping, crafting, baking, or enjoying a movie night at home.

A group of four hikers is shown on a rocky coastline at sunset. They are pulling on a thick rope that is stretched across the rocks, suggesting teamwork and overcoming challenges. The sun is low on the horizon, creating a warm, golden glow. The sky is filled with soft, colorful clouds. The hikers are dressed in outdoor gear, including jackets and backpacks. The overall mood is one of adventure and collaboration.

Overview Video

Hate Speech

Definition

Hate speech is any form of expression through which speakers intend to vilify, humiliate, or incite hatred against a group or a class of persons on the basis of race, religion, skin color, sexual identity, gender identity, ethnicity, disability, or national origin.

Responsibilities

As educators, we are responsible for creating a safe and inclusive learning environment for all students.

Discriminatory language can have a profound impact on a student's emotional and mental well-being, as well as their academic success.

It is important for all of us to work together to ensure that school is a place where every student feels valued and respected.

- Parent survey window will be during Parent/Teacher Conference Week (September 23-29)
- Student Survey will be conducted during class
