MA 0.1.1.f Write numbers 0 to 20 and represent a number of objects with a written numeral 0 to 20.

The lesson will take approximately 20 minutes to complete all parts.

1 - Begin your Journey

Parents can watch this quick informational video about correctly forming numerals:
https://www.youtube.com/watch?v=47yz_StRmi0

The students will watch the Number Song:
<https://www.youtube.com/watch?v=qfcbWmASibk> to learn how to form the numerals.

2 - Climb Higher

The students will watch the video again and practice writing numerals in the air with the video.

3 - Share your Experience

The students will practice writing numerals to 9 on paper. Printable practice paper can be found here:
<http://ws.accountinginvoic.co/printable/letter-e-writing-practice-worksheet-pdf-or-number-practice-pdf/>

Before you Learn Self-Check

I can write numerals to 10.

- I can do this with a lot of help.
- I can do this with some help.
- I can do this alone.
- I can teach others how to do this.
