

Eko 16.22 - 16.23

Enhancement

- **All platform - AI Assistant (1)**

AI Assistant is now available on this version to support your work and increase your efficiency. Easily access to your assistant at the top of your chat list on both mobile and web platform.

Eko 16.22 - 16.23

Enhancement

- **All platform: AI Assistant (2)**

With AI Assistant, your data will not be shared with the large language model. Your data is protected by Microsoft on the private cloud.

The assistant does not contain company proprietary data and is out of the box GPT from Microsoft Open AI. No special uses based on business needs but for individuals to get access to AI.
