

CREATING YOUR BUTTON ARTWORK

FIRST, make a copy of this google slide by going to FILE, then click on “make a copy”.

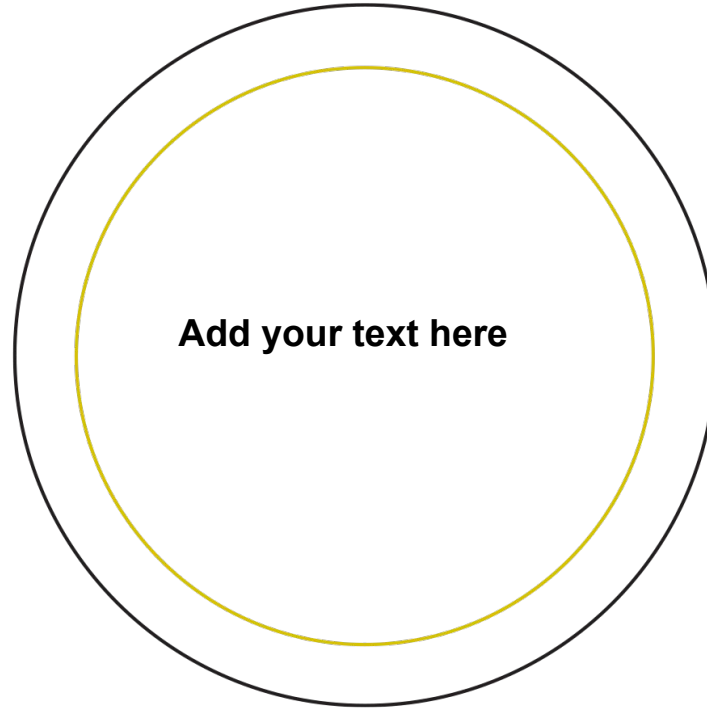

Let us know what size button you want and we can resize your artwork to fit that size.

The yellow circle represents where the edge of the artwork will be seen.

Make sure you don't have any text outside the yellow circle.

To make your image a circle to match the button: select your image then click on the CROP tool dropdown and select the circle under shapes.

Double-click on your image and then adjust the circle to be a perfect circle.

ADDING AN IMAGE

You can add an image by going to the menu at the top and selecting INSERT. Hover over “image” and then select Upload From Computer.

SAVING YOUR FILE

When you have your design finished you can go to FILE and then select DOWNLOAD. Select the PDF option. You can then email the PDF file to: creativestudio@gwaea.org

We will then space the template to fit the page.
