The background is a lot of shades of yellow on the top but on the bottom of the picture you can see a bit of blue and green.

This beautiful photo shows amenity of spring. In this picture you on the right can see a snowy white lamb with pink ears which stand out. Also there are a lot of sun-yellow narcissus growing from the frozen ground. The sunshine is warming the cold ground and nature is starting to be alive. The sky without clouds is pure blue like an alpine lake. The Easter is very close and the relaxed atmosphere forces us to think about the charm of spring.

In this painting there are two birds. It is spring probably, because behind them we can see beautiful cherry blossoms. The birds are sitting on a branch. They look like they are in love. The bird on the right has blue head and red and white body. The bird on the left is the same, but it has a little bit different colouring – maybe it is just because we can see its profile and a blue wing. Its body is yellow and white and on the blue head is a bit yellow at the back.

The painting contains a view of landscape, centered around a monastery (on the right) and a high mountain behind it (on the left). Under the monastery there are a few small cottages hiding in trees and connected by a wooden fence. In the middle of the picture under the mountain there seems to be a deep forest, partly covered by a dense fog. The mountain itself is covered in snow and above it there is a curtain of dark clouds.
