Activities

330.000 Sq.m.

Distinctive features of the park are the artificial lake that occupies just under half of the total area, the three wonderful plane trees along Viale dei Gelsi, north of the park, and for those who love peculiarities, the longest recycled plastic bench in the world.

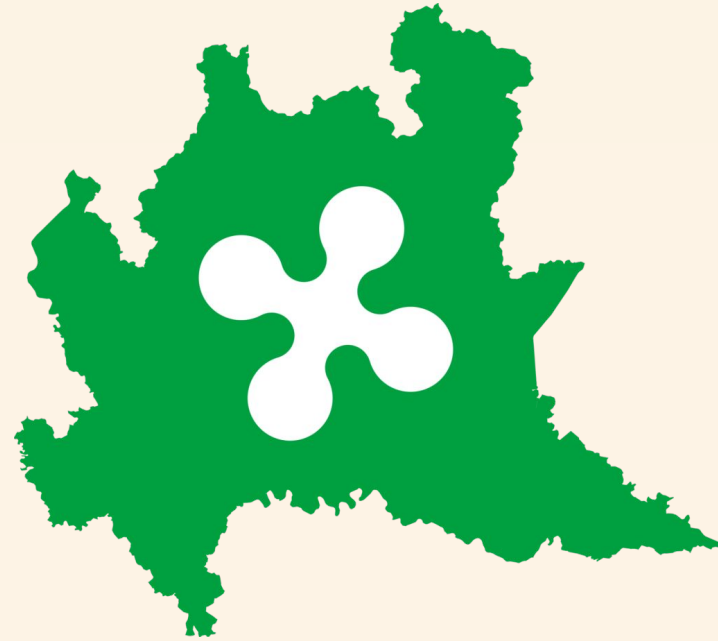

Introduction

- Luxurious green meadows
- Large woodlands
- Cycle-footpaths
- Kiosk bar
- Outdoor amphitheater
- Playground
- Areas for recreational and sporting activities

LOMBARDY

The most industrialized region in Italy

PADAN PLAIN

The most cultivated land of Italy

Europe's fashion
capital and Italy's
economic heart

Milan...

...and its
agricultural parks

Where green giants
and urban lifestyle
coexist

Increa farmhouse
A relic from the Renaissance

- 1960: separated by the Increa farmhouse, became a quarry

- 1980: resources ran off

- 1994: Increa park opened to the public
