Michael Dylan Meaders	North Denver			
chloe hult	North Denver	North Denver	Having more accessible recreational centers, and having them closer to libraries. Basically congregating city facilities near each other, like libraries, rec centers, health clinics, etc.	Rec center or some type of public space instead of the the rentable (mostly for private use) truss house. Make the art park more accessible instead of just for investors. RiNo makes events only for a specific type of group and it's all money based, versus public works.
Kevin Mulcrone	North Denver	North Denver	Making the public infrastructure more beautiful. We used to have all of our sidewalks be flagstone but a bunch of corners were replaced a few months ago for some reason. Also all of the bridges that go over the highway could be made much more beautiful and inviting.	I don't have any specific ideas outside of making the bridges on 15th Street more beautiful along with the ones on 20th Street. As far as specific projects go, I wouldn't mind seeing a very large catapult built in one of Denver's parks. It should be big enough to load a full sized adult male. If constructed correctly, we could use it to launch Mike Johnston into Wyoming or something so he can stop spending all of our money and making our city less safe.
Robert Armon	North Denver		Clean out the Department of Community Development, DOTI, SUDP, Zoning, and the Genertal Building Department and hire competent and quillified staff. Just follow the Denver Audit published in january 2024. That's all you need to do. These Departments are so unbelievably pathetic it is a shame for Denver. I am an Architect and Denver resident since 1957. Please pay attention to this. These Departments are rotten to the core. Robert Armon, Architect 4505 West 31st Avenue 303-455-8633	Just remedy what I mentioned above.
Brian	North Denver		Ban Airbnb homes. Out of state investors and big corporations are taking single family homes away from people that work here. Don't let our neighborhood become commercialized.	Chaffee park in Sunnyside needs more trees. The annual Sunnyside music fest every September at times is hard to enjoy with the blazing heat and sunshine with minimal trees for shade is an example. How about creating a big sand beach at Sloans lake and turn that boat house into a bar/restaurant. Ban leaf blowers. Make highland square and Tennyson and Edgewater pedestrian streets only and no cars. The old Ernie's on 44th/ Federal is a great location and space but no business has survived there since Covid, A neighborhood nursery would be nice for the community.
Mark Olmstead	North Denver		The RiNo area needs more trees and greenways, especially around Brighton	Add trees along Brighton Blvd to beautify the area and make it more walkable and avoid the heat island effect during the summer
Jay Goldberg	North Denver	North Denver	Our neighborhood lacks newer parks or nearby and modern libraries or recreation centers. These should all be walkable.	Chaffee park is very dated and lacks amenities. It could use new recreational facilities and could potentially house a rec center or new library.
Jessica Neckien	North Denver		Elyria Swansea is in need of a grocery store and has been for more than 50yrs. Affordable housing is needed, but not the current system.	Repair sidewalks and streets lights in Elyria. And throughout the city
Annika Garancsi	North Denver	Central Denver	Move the homeless and immigrants. Quit giving free medical, housing stipends, UBI, etc. I feel unsafe walking around LoDo. I feel unsafe riding transit. It is going to get worse. This city is going downhill fast as you all ignore the real issues at hand.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Arslan Guney Anna Villalobos	North Denver North Denver North Denver	North Denver	<p>Thousands of pickleball players supported Mayor during election. Promise was to add more pickleball courts in our community. Mayor DPR Transitions Team members recommended pickleball lines to all Rec Centers. As to date, Central Park Rec Center does not have permanent pickleball lines.</p> <p>I hope you reconsider these ideas. 1- Add permanent pickleball lines to all Rec Center, starting with Center Park Rec Center. 2- Additional pickleball courts in Central Park will make our community vibrant, improve thousands of people health and their social life.</p> <p>Several locations in Central Park that could be used: A- City property at Smith Road and Havana Street could be a great location for large indoor pickleball center. B- Northfield Sport Complex has space to build outdoor pickleball Courts. C- Central Park has space to build a few outdoor pickleball courts. D- Develop world class sport center in Park Hill Golf Course (check out Mayor DPR Transition Team recommendations).</p>	<p>Adding more indoor and outdoor pickleball courts in Central Park.</p> <p>Building a world class sport center at Park Hill Golf Course.</p> <p>Building a world class indoor pickleball at the city property at Smith Road and Havana street.</p>
Maria Valadez	North Denver	North Denver	<p>-An idea is covering our city concrete overpasses with moss to help provide air-purifying properties. Moss can be resilient to all weather. I believe beautifying our city concrete fixtures mixing native plants will benefit both humans and ecosystems important to our survival. Seeing life thrive helps us thrive too.</p> <p>-Having more accessible and affordable housing options for our unhoused members even if that means providing mental health care for those who may need that support in-house free to them.</p> <p>-enforce apartments and commercial business to recycle/hard to recycle items/compost. Being transparent with what happens to trash and recycling items. The city should take a step in modeling how to successfully we can be if our city can demonstrate ability to repurpose and renew trash/recycle for another life.</p>	<p>-Mixing in plant life such as moss to intersections. In my neighborhood I believe 21 Street East of Coors Field would liven the LODO neighborhood for both residents and tourists visiting Denver.</p> <p>-Building sustainable homes with recycled items. Having mixed income options with a portion being free for our unhoused members supplementing the limited vouching system in place.</p> <p>I am committed to help make Denver a better place for us all.</p> <p>Thank you for providing this platform. I know with the voices of our community and the backing of our city that we can make Denver vibrant and a home for all.</p>
Jennifer Moon	North Denver	Central Denver	<p>Stop wasting our tax dollars on the ugly plastic poles in the roads and get rid of them. People run into them anyway. Stop building circles in the roads in the neighborhood. Fix all of the street lights that are burned out.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Steve Wilson	North Denver		<p>Plant trees. Make open areas more visually appealing. Force developers to plant trees in the outlawn areas and guarantee they are alive for 2 years min. If it dies the developer needs to replace it.</p> <p>Quickly remove illegal camping activities.</p> <p>Enforce current laws like sidewalk shoving, expired car registration, and noise ordinances with immediate and significant fines.</p>	
Karen Conover	North Denver		<p>Better maintenance of parks and sidewalks and streets. Slowing cars down with traffic cameras and police would greatly improve public safety, especially for pedestrians.</p>	
Jody Hodges	North Denver		<p>More trees, taking care of existing parkway that are now full of weeds, don't have the flower beds planted anymore. Full of trash that does not get picked up anymore. Stopping investment corporations from buying and flipping houses at extremely high prices so only Rich out of state people can afford them. Bringing back neighborhood cops. Taking out the stupid fake "bike ways" and doing something that really works and is safe. Putting in sidewalks that were promised and we are paying for.</p>	Just start taking care of what the city already has.
Daniel	North Denver	West Denver	<p>We need an integrated, high capacity, PROTECTED bike lane infrastructure in this city. When I say protected I don't mean paint and plastic. I want bike lanes separated by concrete like on S. Broadway. This would get us closer to Vision Zero while also enhancing climate resiliency.</p> <p>Also, make it easier to shut down streets to cars. Why did Larimer street just re-close to pedestrians and shut down that wonderful block that had outdoor dining? We need more areas like that, not less. Get rid of the red tape.</p>	Larimer street. Open it to pedestrians and bikes only. Build a protected bike lane on each side of the street.
BEN ZEEB	North Denver	North Denver	<p>more streetscaping, more trees, more safety for pedestrian and bike travel</p>	
BEN ZEEB	North Denver	North Denver	<p>move forward with the 5280 loop, more trees, streetscaping, pedestrian safety</p>	
Kristin Jordheim	North Denver		<p>Pocket parks with a bench or two, inlaid hopscotch or another uncomplicated play option. Benches for rest and social connection- like major urban areas worldwide. A park is not just for viewing as one drives by. Provide parking for vehicles, cycles and then benches to sit on! Continue adding better street lighting. Continue supporting tree planting. Deliberately create library and park programs that welcome all ethnicities and economic abilities. Joy. Creativity. Colorful brightness!</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Stephen Smeltz Kayleigh Gavin	North Denver North Denver	North Denver North Denver	<p>A complete renovation of Scheitler recreation center would improve my neighborhood. An enlargement of Smiley library would improve my neighborhood.</p> <p>Trees being planted in the tree lawn in the Regis neighborhood would improve my neighborhood. Most tree lawns are either barren or literally paved over.</p> <p>Better pedestrian and biking connections to Berkeley and Rocky Mountain Lake parks from the Regis neighborhood would improve safety. Attempting to gain access to either park as a pedestrian is harrowing. Lowell and Tennyson traffic is dangerous.</p>	<p>Scheitler recreation center is considered a "regional level" recreation center but when compared to other regional level recreation centers it is sorely lacking in the amenities and scale of other facilities. The outdoor pool is shadeless and pure concrete. The weight rooms are dilapidated. The cardio room is tiny and poorly ventilated.</p> <p>There are no other premium features that accompany other Regional recreational centers like the Carla Madison or the Montbello center.</p> <p>Berkeley park is also neglected and the trails are poorly maintained. The only bright spots are the new tennis courts and new EV chargers which are excellent.</p>
Polly Wirtz	North Denver		<p>Not use so many bollards!! I can see the helpfulness on certain corners but the OVERUSE along Kearney St from Colfax north are ridiculous! -- especially the ones in the middle of the block or 5' in from the corner! I bike there often and have never seen an accident! Where are the statistics that show they help? Why are the bollards not put on the sidewalk/corner instead of the streets? What a waste of money!</p> <p>#2 - the 'reworking of Colfax' for bus lanes only. All I hear is how much the construction is already hurting businesses and slowing traffic. What statistics show that this will increase bus ridership? How will you prove this before you proceed with doing the same to Colorado Blvd? Thanks to the administration for finalizing the take-back of the Park Hill Golf Course!</p>	More light rail and commuter rail!
Eli Derrington	North Denver	North Denver	More protected bike lanes and slower car traffic.	Pedestrianize Larimer St. Use simple concrete barriers to block it off at intersections and bring in planters for greenery and shade. It does not need a complete revamp like 16th St.
Theresa Luke Pohjala	North Denver North Denver	Central Denver	Central Park and its surrounding parks in that neighborhood are not used to even half potential. Periodic free concerts and adding a cafe would be an excellent use of the beautiful resource.	A cafe or two and an outdoor venue in one of the MANY parks in the Central Park neighborhood for free summer concerts.
Calvin Ryan	North Denver		<p>1. Traffic calming, narrower streets, bicycle and ped infrastructure.</p> <p>2. "Colorado-scaping" parts of parks that do not demand turf grass as well as the installation of single track or double track trails in these Colorado-scaped zones to enable wild/natural open space type recreation in the heart of the city.</p>	Remove generally unused turf grass and plant scrubland/prairie/native grasses. Install single track to enable a natural feel for hiking, trail running, gravel/mountain biking in the heart of the city. Obviously some turf grass is great to have for picnicking, sports, etc, but far too much of our parks today are covered in turf grass. Some portion of our parks should have a natural, open space feel to enable broader uses for humans and wildlife. A great example of this is Belmar park in Lakewood.
Olivia Pitesa	North Denver		<p>More infrastructure for children and families to engage in healthy, entertaining and educational activities.</p> <p>Community gardens, CSAs or food coops</p> <p>Increase recycling and trash removal</p> <p>For example, the idea lab at our nearby Denver public library branch has limited hours and availability of high-interest tools/materials.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Amber Kraska	North Denver	North Denver	<p>I would really like to see entry level housing for purchase to be built in NW Denver. Regis Village would be a great place to start. As of now, the university is only looking at this as a way to have sustained income. There are many residents in Harkness Heights with adult kids who want to stay in the area but can't afford to buy. There are also older folks looking to buy condos, but there are none available in the area. Also hoping to see more native plants and pollinator plants used in more park areas in NW Denver. Planting more trees would be lovely also as it is the biggest way to combat climate change. Ensuring newly planted trees get water and care is imperative for their success to grow in our often harsh climate. I would really like to see more pedestrian crossing signals along 46th for those walking to the lakes as well as a few more along Federal. Maybe even one more on Lowell. More inviting areas for communal gather spaces outside, similar to the 1 at Rocky Mount Lake Park.</p>	<p>Installed a blinking pedestrian crossing somewhere either between Grove and Hooker or between Julian and King. The pedestrian signs are not enough for people to slow down and when I walk with some of my neighbors who are 55 and up, they are scared to cross because they walk slower. Walking to Lowell, Irving or Federal to cross to the park isn't the best option for the hundreds or even thousands of people crossing 46th to get the Rocky Mountain Lake Park. Thank you for reading.</p>
Matthew Elliott	North Denver	North Denver	<p>Fewer (or no) cars on neighborhood bikeways. Safe, pedestrian-focused places to cross busy streets like Federal, 38th, Sheridan, and Lowell. Less asphalt and more trees/bushes/planters in public streets and transportation spaces. BRT that takes space away from cars. No private vehicle storage on public streets. Raised crosswalks everywhere a pedestrian route encounters a car route. Bus stops that are comfortable and safe. Re-use of the Columbian Elementary property as a playground. Federal Blvd as a destination rather than a thoroughfare so all the businesses along it aren't dilapidated.</p>	<p>Diverter on 41st at Federal so cars can only turn right (if on federal, they can also go straight). Raised crosswalks to prioritize pedestrians so kids can safely get to and from school (Columbian, Skinner, Trevista, Edison, Goddard, Denver Montessori, Mount Saint Vincent, etc.). Dedicated pedestrian signal so kids aren't dodging turning cars as they try to cross. Prioritize the connection into McDonough park from Sunnyside. Connect parks on opposite corners of the intersection to create an active public space. Install safe and comfortable bus stops. Red light cameras to provide consequences to dangerous drivers. BRT stop so users of the neighborhood bikeway on 41st have easy North/South access to West Denver.</p>
Huong Dang	North Denver	North Denver	<p>I live in the Highland in Northwest Denver. The Northside has exactly two libraries - Smiley & Woodbury. These libraries serve as vital community spaces with important resources for personal and collective development. However, they have limited hours. I would like to see money go into adding another DPL branch in NorthWest Denver AND to provide more staffing so hours can be expanded to 8 AM - 8 PM every day of the week. Furthermore, our bike infrastructure leaves so much to be desired. The W 46th Ave bike lane is routinely blocked by parked cars or construction signs. I would like the city to take its mission of building a safe, connected, and direct network seriously and invest in protected bike lanes so Northsiders don't have to get in our cars to get to a grocery store 0.8 miles away.</p>	<p>Build a protected bike lane on W 46th Ave. Add a library at W 29th Ave & Tennyson. Fund more DPL staff so libraries across Denver can operate 8 AM - 8 PM every day of the week.</p>
Jason McHone	North Denver	North Denver	<p>In our area there are no local restaurants. It would be wonderful if the community could offer locations for restaurants and retail that are lower rents than market, but would cover the cost of the property. Building strong local businesses would greatly help to build the local economy.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Danielle	North Denver	Central Denver	Better maintenance of pedestrian paths and row along the sidewalks including adding more trees and vegetation. More bike parking.	
Jessica Loosbrock	North Denver		Our specific neighborhood is fantastic. I would say that access to, and greater, maintenance is needed for baseball fields throughout Denver. As a board member for Southeast Denver Baseball, which serves between 700 - 1000 kids for both spring and fall baseball, access to safe, marginally maintained fields is becoming increasingly difficult.	Baseball Field and parking lot improvements, with increased security.
Sarah Donnelly	North Denver	North Denver	Improving pedestrian and cyclist safety (specifically, 38th Ave from Fox St to Sheridan Ave).	
Liz hernandez	North Denver	South Denver	Stronger and broader pathways for pedestrian travel, better routes for transport for public transit users. Spaces for low income or unhoused to stay safe away from the highway passes. There are open lots in grasses and former business lots that are currently empty and unused, many plots of grass are up for lease. These could be used for public kitchens and quarters or additional stops for public transit.	
John Rebchook	North Denver		The Scheitler Center at 5031 W. 46th Ave. should be overhauled. The men's locker room is too small and too cramped. The showers barely spew warm water. An energy-efficient overhaul is long overdue.	An overhaul of the Scheitler Recreation Center. The indoor swimming pool seems to be in pretty good shape, but would benefit from a more energy-efficient heating system. The gym equipment is old and falling apart. The locker rooms are a disgrace.
Bentley	North Denver		Let us keep our money. Over 60 percent of what i make goes to taxes and government fees or government mandated fees. I have to work until August before i get any of the money i make. If i don't pay they will take my property at GUNPOINT. Its absolutely criminal what these thugs and thieves have done to Denver and Colorado.	
Ben Trepp	North Denver	North Denver	More Housing and a better connected bike lane network.	
Kurt Weaver Amy Anastasoff	North Denver North Denver	North Denver		Sloan's Lake, in Sloan's Lake Park is in desperate need of dredging, before it stagnates and ruins a key recreation area and foundational city park. This project has community support, backing from the Sloan's Lake Park Foundation, the Sloan's Lake Watershed Alliance (including Mile High Flood District, DoTI, Edgewater, Wheat Ridge, Lakewood, Denver Parks & Rec, State House and Senate Members, Federal house and Senators, and the Mayor's & Governors offices), key council and elected leaders, and planning is already underway. This project will be shovel ready, with community buy in, supported by public and private organizations alike. Please add us to the list!
Daria	North Denver		What happened to the pot money? I thought those taxes were funding parks and rec? Migrants need to go home and come back legally, I hate high taxes for creating a dangerous neighborhood. They are everywhere!	Make North Denver at I70 and Federal a Wash Park area. Running trails, walking trails, boats, a rec center with water slides, ice skating, climbing, etc. Make non-denver residents pay an extra fee like we have to in their counties/cities!
Leslie Jouvenal	North Denver		Add crossing lights on 44th and Perry, update the crowded playground at Caesar Chavez, expand rec center at Berkeley lake.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Colleen Morey	North Denver	Central Denver	Cleaner more modern parks and better neighborhood facilities, including libraries and rec centers. Libraries are safe, inclusive spaces that are used for warming and cooling centers throughout the year and the buildings are simply not being maintained. These are city properties and the city has an obligation to ensure HVAC, plumbing and other necessary infrastructure is properly maintained. That funding should come from the city's budget. While I appreciate an eye towards making some areas of the city better (16th street mall), most Denver residents are not spending substantial time downtown, but are spending it in their neighborhoods. Those resources should ensure they have community centers (both library and rec) to gather.	I want the library buildings to be safe for people- The libraries had something like 70 days of closures because they couldn't heat/cool the building. This is really unacceptable. We need to invest it what already exists before having new ideas of development.
Marie Woods	North Denver	Central Denver	Grocery store. Healthy stuff	Could you look into putting a Natural Grocers on Smith Road just south of I70 by Colorado Blvd https://maps.app.goo.gl/A8u57pCQ6EDHxwma8
Lisa Ma Vela	North Denver	Central Denver	More street lamps. This would help with safety and the overall feel that it is a neighborhood. Also, many of the public buildings, such as the libraries, are in need of upgrades. I also think more free events at the parks, libraries, rec centers would help connect the community. As much as I love the feel and look of single-family homes, i do think more duplexes and ADUs would help with the affordability of the City.	
Sheila de Leon	North Denver		Ensure safety of law abiding citizens. Stop enabling criminals and their actions against the aforementioned citizens.	
Jennifer Lowe	North Denver	East Denver	higher frequency of busses, renovation on MLK rec center	
Allie Todd	North Denver	Central Denver	Better bike and pedestrian infrastructure. We need to be a welcoming and walkable city. I'd like to see the Golden Triangle be connected to downtown in a much more meaningful way.	
Sharon Vigil	North Denver			soccer goals at Hallack and/or Sloan's Lake. Only park w goals in our neighborhood is at Pferdesteller Park (Wolff & 33rd). None w/in walking distance for kids in lower highlands.
John Garland	North Denver	North Denver	No more Debt! Balance the budget and quit with the government backdoor deals. I'll just leave Denver if you're going to make it unaffordable. Government spending and debt causes inflation. period	Fire Mike Johnston
Dennis Herman	North Denver		Create a Denver Department of Government Efficiency to monitor all city spending. More parking spaces when new apartment buildings are built. Extend Smith Road from Xanthia St to Havana St.	Please extend Smith Road from Xanthia St to Havana St in Central Park. Also, please widen Havana St between Smith Rd to MLK.
Brad Jeske	North Denver	North Denver	Improved libraries in Five Points and Elyria-Swansea Better parks Finish rest of the Central Library	Bigger Valdez-Perry Library Improvements to archives, community space and museum at Blair-Caldwell in Five Points
Manuel Morales	North Denver	Central Denver	Better sidewalks, more protected bike lanes and street calmers to feel safe walking and biking	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Adele Grundies Patrick Smith	North Denver	North Denver	Clean bathrooms at more playgrounds please!! Paco Sanchez porta potties are disgusting, all the permanent restrooms are locked there and at Chaffee Park. The new City Park playground is so great, but we run to the Science Museum for restrooms. We have to go to Arvada for Ralston playground where we can spend an afternoon at the playground/park because there are serviced restrooms. Would like to see the Central Library open on Saturdays. More museum ticket availability through DPL library card.	Add a splash pad and permanent restrooms to La Raza park. Add a library to the Northside neighborhood.
Mark	North Denver		Nothing	No more money being spent
Danny katz	North Denver		Safer streets to walk and bike. More outdoor spaces to eat. More frequent transit options. Letting people use golf courses to ski and sled on in winter. More share libraries	A bike and walking path around willis case golf course
Tara Williamson	North Denver	North Denver	The libraries need to be more accessible to those who use a wheelchair, cane or other assistive devices.	revamp the ramp at the library for better access to the building. not currently up to code.
Joshua Palmeri	North Denver	Central Denver	better pedestrain crossings on busy streets, like n downing street and n marion street...	pedetrain crossing needed here at downing and 37th... there is nothing to stop or slow traffic and it is impossible to cross...
	North Denver	Central Denver	Trees, trails, biodiverse landscapes, affordable housing, bridge safety	
Holly Ann Boyd	North Denver	North Denver	There needs to be a more police presences in Montbello. I recently moved to the area to escape a domestic violence situation and yet I am living in an area with people are fighting, cops there to arrest people, trashy area, poor lighting. roads are used as drags strips. i am a single female with a young daughter and i don't feel save in Denver	you need to more for DOTI Fleet. They are the reason vehicles are on the streets to do their job.
Adam	North Denver	Central Denver	Get back to the basics of running a city. Invest in parks, streets, schools and public safety. Enforce the laws and get the city cleaned up. Stop spending taxpayer money getting involved in failed public housing and climate initiatives.	The Rocky Mountain Lake park area is a massively under utilized park. The rec center and pool are sad, the playground dated, and the grounds are undeveloped. The tennis courts and library are great so the surrounding park should be similar.
David Lopert	North Denver		Side walk repair, more police presence, better equipment in parks, more trashcans, better rec center	
Katherine Sykes	North Denver		Additional dog parks, better sidewalks, more updated and better equipped rec centers in NW Denver.	Expansion and remodel of Scheitler Rec center
Marie C Giedraitis-Edgar	North Denver		I will mention two important improvements needed in Berkeley Regis neighborhood: 1) Renovation of the Berkeley Park Bathhouse for reuse by the community. 2) Prioritize watering trees in our parks. Our community has helped to plant trees in Berkeley Park and Rocky Mountain Lake Park. MANY have died within a year of planting.	There is an historic bathhouse in beautiful Berkeley Lake Park that is being used for office space and storage. I do not think this is the highest and best use for this building. It needs to be renovated and returned to the community for use as a gathering/meeting place for all kinds of purposes. The storage units on the "patio" area need to be moved right away to begin the process of renovation and reuse. Thank you.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Emily Wiesen Jenny Douglass	North Denver North Denver	Central Denver Central Denver	A grocery store! I know this is outside of this survey area, but I'd be remised if I didn't advocate for my community at every opportunity I receive. I live in the 40th and Colorado area and we are in a food desert which is unfortunate because we have a lot of opportunities for individuals experiencing homelessness and low-income housing but nowhere for them to acquire fresh food at a reasonable price. Also in this area is the 40th and Colorado golf course. Recently, the news reported that a land swap was underway but it would be nice to see that green space open and the two layers of fencing be removed. It's been an eyesore for years.	Develop this park! It would be nice for there to one day be events that would cater to the extremely diverse community surrounding this park.
Marc Cherveney	North Denver		Sufficient bond funding to restore the existing Berkeley Lake Park Bathhouse to public use. For years Denver Parks and Recreation has used this iconic building for storage.	
Eric DeNardo	North Denver		Better sidewalks and more trees in parks	Include eDEN and Sow the ROW initiative into bond. It incorporates most of what people are looking for: arts/culture, safer streets, more parks/open space. I worked with Nan Ellin on this project.
Susan Gallo	North Denver	Central Denver	Repairing damaged tennis courts across the City. Individuals come from across the City and from other cities in the metro area to use Berkeley Park and other DPR courts. This results in long waits for courts, arguments with individuals and fighting with high school tennis teams using the courts. We cannot be vibrant if we have so much disagreements eight months of the year.	Repair all the tennis courts in the City of Denver that cannot be played upon. Provide a QR code at each tennis court that will list all locations, including if those facilities have lights. Expand the number of tennis courts at Berkeley Park in spaces that are not being used (and don't require trees to be torn down).
Donielle Markel	North Denver	North Denver	<p>I've lived in Jefferson Park for 20 years, raising my daughter and furry family here. The neighborhood has changed—more density, heavier traffic, and increasingly unsafe streets—yet real improvements for residents are ignored.</p> <p>Two critical needs:</p> <p>Close the 23rd Ave. Exit Permanently – It floods Clay St. and our residential roads with impatient drivers cutting through to avoid I-25 traffic. It doesn't help congestion; it only makes our streets more dangerous. Don't get me started on the stadium event issues. Its awful. Pedestrian safety must be prioritized in the 23rd Ave. Bridge/Speer Blvd. project.</p> <p>Restore Jefferson Park – Our park is unusable. The grass is gone, sticker weeds make it painful to walk, and it's a dustbowl in winter. We need real investment—resodding, irrigation, and consistent upkeep.</p> <p>Jefferson Park is not just a shortcut or a stadium pass-through. It's our home. We need thoughtful planning, safer streets, and a livable neighborhood. Please do better.</p> <p>Thank you.</p>	<p>Jefferson Park was once a vibrant gathering space—families picnicked, kids played, and residents enjoyed rare green space in Denver. Now, it's neglected. Half the grass is gone, replaced by dirt and weeds. In summer, sticker weeds make it painful to walk. In winter, it's a dustbowl. Maintenance is poor, and it's unfair to those who live here.</p> <p>The city has packed in new residents but ignored public spaces. Our park is deteriorating, forcing families elsewhere. We need resodding, irrigation, proper tree replacement—not seedlings for 50-year-old trees—and a real maintenance plan. The pavilion should be larger, more open, and moved away from the playground to curb drug use and camping. In 20 years, I've never seen the restrooms operational—just remove them.</p> <p>A dog park is essential—high density means more dogs, yet no space for them.</p> <p>Jefferson Park deserves better. Invest in it. Maintain it. Restore it.</p> <p>Thanks for coming to my TEDtalk. XO</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Rachel Simmons	North Denver	North Denver	Enhancing our neighborhood would mean making it safer for pedestrians and controlling and limiting auto traffic and loud cars. Providing a place for community meetings and events by rehabilitation of the 1913 City Beautiful era Berkeley Park Bathhouse would also instill pride in our history. Better care of our many historic trees would be appreciated. Our neighborhood is divided into two parts by I-70. Removing or mitigating the freeway impacts would be fantastic.	Restoration and renovation of the 1913 Berkeley Park Bathhouse will return a significant historic property to community use after its architectural splendor was diminished by Parks Department employees during the late 20th century. The building should be restored on the exterior and rehabilitated on the interior for use by the a variety of community groups needing space for varied events and activities. This project will generate pride in the community's history, as has been shown with the restoration and reactivation of other park resources, such as the Washington Park Bathhouse. All historic park buildings that fill such functions are in East Denver. The proposed project has the approval of several community groups in North Denver.
Michael Encinas	North Denver		A new Rec Center for Northwest Denver at Berekely Rec.	New Recreation Center.
Amy	North Denver	Central Denver	Traffic moves too fast! We need more stop signs, traffic circles, and stoplights. We must prioritize slowing traffic down to make our streets safe for pedestrians, children, older folks, and bikes. I live near 23rd Avenue in Park Hill. Children must cross that street to get to school. There are only two stoplights on the entire stretch of the street in Park Hill, and cars regularly go 40 to 50 mph. Police should to prioritize traffic stops when cars don't yield to pedestrians or when they speed. I know this is a problem all over the city. I know other cities construct streets so that they slow things down, but Denver has not.	My bond idea is for pedestrian bridges that connect the sidewalks on 17th Avenue and Montview Blvd to City Park. Cars go extremely fast on Colorado, and children and families are crossing all day every day. It is an very dangerous situation. Better yet -- and I know this is a total pipe dream -- it would be amazing if we could bury Colorado Blvd (much like the Big Dig in Boston), so that through traffic is under ground and buses, pedestrians, and bikes are above.
Kym Foster	North Denver	North Denver	<p>Less slot home, more individual homes and home ownership. Slot homes become AirB&B's or rentals with owners out of state.</p> <p>Apartments lack parking. Less traffic and more parking for residents. Bike lanes have made parking impossible.</p> <p>Parking enforcement. Less density. The road routes are over 100 years old... too much demand.</p> <p>CDOT does not take care of roads and bridges - trash everywhere. Homeless living under bridges. Zero landscaping.</p> <p>Denver Rec centers are over populated. Smaller, satellite centers or accommodate the growth of neighborhoods. Lack of community outdoor pools.</p> <p>More parks for communities. For each development of slot homes or apartments built, a required square foot of park be included in development. More dog parks. More community gardens.</p> <p>Bike lanes have become a clutter - paint street instead, get rid of the poles. They are either missing most or sitting in the gutters. Looks trashy and are not cared for.</p>	Paint bike lanes - Jefferson Park looks trashy with the bike lane poles all the way down 23rd Ave and in the neighborhood. Road is way too narrow for 2 bike lanes and two lanes of traffic, plus large delivery trucks for restaurants, fire engines, all the traffic, crossing lights blinking, dogs, kids, too much. Bike lane should have gone down 21st. It has a 1/4 of the traffic and still connects to the river path. The road was build 100 years ago. PAINT THE BIKE LANES. Add speed bumps to slow traffic. Our neighborhood looks like crap... thanks.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Caroline Johnson Jesselina Cordova	North Denver North Denver		More pedestrian cross walks in my neighborhood. I live in The Regis neighborhood and walk my dog through the neighborhood every day, twice a day. I have to cross over Lowell and 49th and in the past 3 years of living here, Lowell has gotten more and more busy with cars. I can barely cross and would love a cross walk that has a light up marker for safety. In addition, plant more trees in each neighborhood! Summer is so hot we need more trees to protect us all.	Plan improvements to the Scheitler Rec Center in Tennyson neighborhood. Expansion of the work out facility, add indoor saunas, cold plunge. This area is booming with active people who would love a community rec center. Next to the tennis courts and Berkeley park it is already thriving with community. Scheitler needs a face lift for prosperity!
Ali	North Denver	West Denver	Central Denver	
	North Denver	South Denver	More public pools	
Theresa Baker	North Denver	South Denver	A library branch in Sunnyside would be great! Also, Woodbury Branch could use some work. More tennis/pickleball courts around Sloan's Lake would also be nice.	Renovate Woodbury Branch of Denver Public Library. This branch is in a great location, surrounded by a park, and a wonderful neighborhood. It is looking very rundown compared to other branches that have been renovated, or newer branches like Rudolfo Gonzales.
Hillary Cimock	North Denver	Central Denver		library branches have some significant capital needs and supporting those needs through a bond will provide the needed support to keep our libraries open and functioning for the community.
Brandi A	North Denver	North Denver	As a Colorado native who has lived in North Denver my whole life, I have witnessed Denver, specifically the North Denver neighborhood change. In some ways change is good, but not at the cost of losing the diverse populations that make the community vibrant. I would like to see programs that encourage diversity like housing subsidies for families or the elderly. Also, I would like to see continued investment in our "third places" like parks, recreation centers and libraries. These places are unique in that it allows for our community to gather, interact and build stronger connections.	
Nola Miguel	North Denver	North Denver	In Chaffee Park there is no rec center and no library. We need to prepare for emergencies, climate change and need public facilities to be net zero, have sustainable power and be able to store electricity and food/emergency services. Housing could be publicly owned or have public components like a library or rec center. We should consider and rethink work force centers as well in this bond	The church at 50/Umatilla could be redeveloped to a housing/library/rec center for Chaffee Park. We could put a work force center/child care cooperative/resiliency hub at the Triangle in Elyria
Joan Engler Alejandra Munoz	North Denver North Denver		A library or small recreation center. We have no venue in our neighborhood for meetings, we have to go to restaurants. It makes you feel like you need to purchase something and there's no privacy.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Ms. Clyde Freeman	North Denver		The area around Lowry is plagued with speeding vehicles around the area of "Wings Over the Rockies." Children, wildlife, and families utilize this area. Nothing has been done to ensure public safety. Amanda Sawyer has been informed several times regarding this issue and has not, it appears, done anything to address it. Very frustrating! If she has no part of this area issue, please direct me to someone who The area surrounding Lowry, particularly near "Wings Over the Rockies," is experiencing an alarming prevalence of speeding vehicles. This is a community hub where children, families, and wildlife coexist, making it imperative that we prioritize public safety. Despite alerting Amanda Sawyer multiple times about this pressing concern, there has been a noticeable lack of action to address the issue. This situation is incredibly frustrating for community members who care about the well-being of our neighborhood.	
Olivia Booth	North Denver	Central Denver	Globeville is in a difficult location due to the historic redlining of the neighborhood, leading to many modern-day safety issues. There is no safe path for Garden Place students to travel to 5090 Rec Center, traffic has increased throughout the neighborhood, because of the 44th Ave bridge providing a shortcut to downtown, and there are frequent break-ins with the local businesses. While most of these issues are not new, there needs to be care in solving them, making sure that the residents who have resided here for generations are not excluded from the solutions. Globeville residents deserve to see their neighborhood get attention and activation in their vision, not someone else's.	A safe path connecting 5090 Broadway Recreation Center, Argo Park, and Garden Place Elementary School that is accessible to multi-generational families, well lit, and fits seamlessly to improve the everyday lives of residents in Globeville.
Olivia Booth	North Denver	Central Denver	One of the largest requests outside of pickleball at Carla Madison Rec Center is about basketball. The general area around the recreation center does not have enough outdoor courts to accommodate the area's dense population.	Centrally located parks need to have more outdoor basketball courts, specifically in high-density neighborhoods like Congress Park, City Park, Commons Park, and City of Cuernavaca Park. These courts should be accessible, visible from the street, well-lit during ALL standard park operation hours, and playable during all seasons of the year, especially because access to indoor courts becomes competitive in the winter months.
Arslan Guney	North Denver		I will not support bond unless includes all of the Recreation Center has permanent pickleball lines and planning to install new outdoor pickleball. It has been almost 2 years, during election Mayor promised and Mayor DPR Transitioned Team recommended to install permanent pickleball lines in all Recreation Center and build more courts. So far promise hasn't being kept. So far noting happing in Central Park neighborhood. This is important for so many people. Because, this will promote active and healthy live styles and socially engagement within communities.	Install all Recreation Center permanent pickleball lines and install new outdoor pickleball courts. Especially in Central Park neighborhood.
Amy Kelly	North Denver		More outdoor pools. More safety for our children.	Outdoor pools and renovations for playgrounds in Iohi
Kristin	North Denver		More gym spaces. Rec centers are small and not modern. Gyms are crowded and there is not enough court time for neighborhood kids and basketball leagues. Also, improve our neighborhood pool at Scheitler .	Improve pools and rec centers in north denver. They are old and small and don't support the current neighborhood needs

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Katie	North Denver	West Denver	A renovated Berkeley pool would be fantastic. Would also love to see more rec center/park/library facilities in Sunnyside.	
Erin Pertuit	North Denver	North Denver	Scheitler rec center is long overdue for facilities upgrade. The outdoor pool especially is such a wasted resource. We don't even have chairs to sit in at the pool. The weight room could be expanded and added to so more than 10 people can work out at a time without having to wait forever to use equipment. There's plenty of space nearby to add other popular outdoor amenities, ie: sand volleyball courts.	Scheitler rec center is long overdue for facilities upgrade. The outdoor pool especially is such a wasted resource. We don't even have chairs to sit in at the pool. The weight room could be expanded and added to so more than 10 people can work out at a time without having to wait forever to use equipment. There's plenty of space nearby to add other popular outdoor amenities, ie: sand volleyball courts.
Mykel Archuleta	North Denver		Update the recreation centers in the northwest Denver community. The current facilities cannot accommodate the growing families in the neighborhood. Facilities are outdated and would generate more revenue if they were updated.	Update the Scheitler Recreation Center facility including Pool and Playground. It would generate more revenue for the city and better serve the growing community of families in surrounding neighborhoods.
Megan Wiss	North Denver		Please improve the Scheitler pool at Berkeley Lake. It is the only outdoor pool in the neighborhood and it could use some updates. The infant pool was broken and the solution was to fill it in rather than repair it. There is room to expand the pool and make a better and safer little kids area.	Improve and expand scheitler pool
Allison Woodson	North Denver		I would love for our public pools to be updated and expanded. Specifically for our family, that would be the pool at Scheitler Rec Center. Although I believe all/any outdoor pools in the North Denver area could use a spruce up!	
Lori Conway	North Denver		Improvements to Schileter pool in NW Denver!! NW Denver needs nicer/better pools!!	Improvements to Schileter pool in NW Denver!! NW Denver needs nicer/better pools!!
Jeanne Benoit	North Denver		Update scheitler rec center including outdoor pool, north south bike way, and tunnel pedestrian walk way to Regis neighborhood	Update scheitler rec center including outdoor pool
Amy Murin	North Denver	South Denver	I would love to see the city renovate Scheitler and Aztlan Rec Center S and expand their outdoor pools. There are so many interesting and great rec centers and outdoor pools in the city, but not in northwest Denver! With Quigg Newton in the neighborhood we have the largest public housing development, so a lot of folks who can't travel far and would benefit from a better neighborhood facility.	See above re: Scheitler and Aztlan!
Elizabeth Flater	North Denver	North Denver	Upgrade Scheitler rec center/outdoor pool for my kiddos to enjoy.	Created a more kid friendly pool at Scheitler/Berkeley park for young to old to enjoy. Chairs at the outdoor pool would be amazing as well as zero entry and more features for children.
Brooke Rinehart	North Denver	North Denver	Outdoor pools!	Expand and enhance the outdoor pool at Scheitler Recreation Center. It could be done somewhat easily and quickly based on the existing structure. Needs to accommodate more people at a time and be more kid-friendly. Thank you!
Brittany Dunn	North Denver		pool at Scheitler recreation center Scheitler outdoor pool!	Create an updated and more kid-friendly pool and splash area; our neighborhood has almost no splash areas and the one planned at the updated Sloan Lake south playground was cancelled and changed to a sand box, so it would be great to have a cool-down option for the summer months.
Ava Schumacher	North Denver		More swim lesson options at Denver pools.	Outdoor Scheitler pool and offer more year round swim lessons at various times and days.
Cori Abate	North Denver		Schietler Rec center needs a makeover especially the outdoor pool.	Schietler rec center outdoor pool and inside gym

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Kristen Speth	North Denver		We should have better community options especially community pools that are open longer in the day, have better and upgraded facilities that are enjoyable to be at and are open longer in the year. We have chosen to belong to a membership based pool that is open until 8am throughout the summer and open Memorial day until Labor day. I also think it would be great to have more offerings as a part of our parks -- permanent music structures, cafes, etc. I	Make Scheitler rec center pool a better pool area with more areas to hang out, grills, etc and make it open longer in the day so people can enjoy it after work. This should be a place that people actually want to go to and suitable for people of all ages.
Taylor Juneau	North Denver		Improve the outdoor pool at Scheitler Recreation Center to more kid friendly and nicer for the growing Highlands community.	Renovate the Scheitler Recreation Center outdoor pool to be more usable for children and nicer for the growing Highlands neighborhood.
Erika Taylor	North Denver	North Denver	We need a compelling swimming pool option! Also - a legal dog park to help address growth and end explosion of off leash dogs at Sloan Lake	Scheitler Recreation pool has been in need of attention for decades. Improved deck space, lighting, lockers and over all safety improvements could make this rec center the jewel residents deserve!
Amy Wigginton	North Denver	North Denver	Enhance Scheitler rec center outdoor pool to include shade, slides and size to accommodate the thousands of kids in the neighborhood who are being driven to Wheat Ridge Anderson Pool in the summer. This pool should be the center of our summer but my kids find it boring so won't go there.	Enhance Scheitler rec center outdoor pool to include shade, slides and increase the size to accommodate the thousands of kids in the neighborhood who are being driven to Wheat Ridge Anderson Pool in the summer. This pool should be the center of our summer but my kids find it boring so won't go there.
Lindsay taylor Ruston Juneau	North Denver North Denver		The Scheitler pool needs updating. It has such potential to be a community gathering site but it is sold old and worn down that people avoid it. It needs maintenance, maybe a shallow entrance, better staffing, and pool chairs.	Scheitler pool remake Expand and improve Scheitler rec center!
Jennifer Maloney	North Denver		Update the outdoor scheitler rec pool	Update and expand the scheitler rec center outdoors pool
Kurstin Koller	North Denver		Scheitler Recreation center has a HIGH need for improvements. In NW Denver, we lack a quality outdoor pool. The current pool is so outdated, has lack of shade and chairs, and lack of functionality for younger kids. There is such an opportunity for improvement. The indoor recreation center is also lacking, but what we really need is an improved outdoor space - like Wheat Ridge's Anderson pool or Westminster's Bay Aquatic Center or Golden Splash .	Completely re-do the outdoor pool at Berkeley park so that the capacity is increased, there is ample shade, and amenities like other area pools (Anderson, Bay Aquatic, Golden Splash). This could also be the home to the outdoor swim team and give more opportunities for families to use the pool if it has more of a splash pad like feature, and zero entry.
Caitlyn Halle	North Denver	East Denver	Updated infrastructure at our local playgrounds and rec center. Specifically, Cesar Chavez park to be updated and more inclusive for older kids, and the outdoor pool at Scheitler Rec Center to be updated.	The outdoor pool at Scheitler Rec Center could really stand to be updated! Some shade cover, a kids pool, and more kids activities (slide, umbrella waterfall, etc).
Erin K Persaud	North Denver		Renovating the pool at Scheitler rec center so we don't have to go to Wheat Ridge or Arvada for swim team. Jennifer Gauerke	North Denver	East Denver	I've lived in Sunnyside for 25 years. We really need Scheitler Rec Center revitalized! It's so old and outdated. The outdoor pool is very small and oftentimes in the summer there is a very long wait to get in. The showers inside are old and frankly, gross. Please help our neighborhood pool!!!	I've lived in Sunnyside for 25 years. We really need Scheitler Rec Center revitalized! It's so old and outdated. The outdoor pool is very small and oftentimes in the summer there is a very long wait to get in. The showers inside are old and frankly, gross. Indoors - the center is very small for a workout space and gets very crowded in the winters. Please help our neighborhood rec center be as amazing as the other newer centers! We deserve it!
Elizabeth Lanik	North Denver	North Denver	Improvements to the outdoor pool at scheitler rec center (shade, chairs, slides) to be on par with other rec centers in the city!	Improvements to the outdoor pool at scheitler rec center (shade, chairs, slides) to be on par with other rec centers in the city!

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Kristin Weissinger	North Denver		Recreational facilities in Northwest Denver are lagging behind the rest of the city. The Scheitler Rec Center needs major improvements, especially the pool. The pool has been closed most Summers over the past several years. When it is open, it is so crowded and sometimes gross with cloudy water. It would be amazing to have one of the upgraded pools with features for non-swimming little kids like other rec centers have gotten.	Build a new pool at the Scheitler Rec Center!
Kelly Connelly	North Denver		Outdoor pool with lap lanes More bike friendly barriers from cars Less apartments	Better pool in NW Denver- outside pool
Catherine Kleier	North Denver		The Scheitler Recreation Center needs a refresh. The libraries in my neighborhood are great. I love the bike lanes, especially when they are protected.	Dock house with restaurant at Sloan's Lake. Willis Case has a beautiful facility with a bar and restaurant. Sloan's Lake has such a great view, and the property at 20th and Sheridan is just a junk yard (or it looks like a junk yard) that could be redeveloped into a restaurant with a terrace and great views of the lake.
Lindsay Aiello	North Denver	North Denver	I would love to see the go bond, be used to improved the outdoor pools at Scheitler (berkley park) and Aztlan rec centers.	I would love to see the go bond, be used to improved the outdoor pools at Scheitler (berkley park) and Aztlan rec centers.
Sarah Smith	North Denver		Improving Recreation Centers and the pools that go along with it. At Scheitler Rec Center in Berkley Park, the outdoor pool is pathetic and not great for a family with kids. We have to go out of our county to JeffCo to go swimming with kids that is safe and fun for kids. In addition, playgrounds could be updated in the area including North Sloans Lake, Berkley Park, and Rocky Mountain Lake Park. A splash pad in this area would also add value to our neighborhood. Finally, the playground at Sloans (Southside) while new is not large enough for the amount of patrons. There are not enough swings, slides, and climbing obstacle for varying ages. The pump track is too small and has been dangerous. They playground is great for 3 and under yet you have a pump track that attracts older kids. Mixing them on the playground has not been idea.	Add an outdoor swimming pool with splashpad, zero entry pool, lap lanes, and slides for the neighborhood to gather during summer months. In addition, I would recommend adding a Boat House Restaurant at Sloan's. This will provide a way for Denver to raise revenue with coffee, smoothies, lunch, etc. while providing a community space for people to gather and enjoy the park.
Brenna	North Denver		Better pools, nicer parks, wider sidewalks more bike lanes	Pool renovation
Tara Hubner	North Denver		Improvements to Scheitler Rec Center and pool	Scheitler Rec Center improvements
Emily Brett	North Denver		rennovate playgrounds with high use in pedestrian areas like Hirshorn Park and Ceasar Chavez on Tennyson- they feel forgotten but are used by so many more kids than many of the other playgrounds that have been rennovated recently. More walking paths around parks (so many full block parks are great for walking but dont have sidewalks)	Expand pool at Scheitler Also improve playground at Ceasar Chavez on Tennyson Also add sidewalk around Pferdesteller Park for walking
Michael Haskins	North Denver	South Denver	Improve the presence of emergency services, specifically police. The police are either not around, or are unable/unwilling to act on illegal truck activity, street racing, trespassing, and other dangerous activities. Small crimes invite more crimes.	The Northfield Athletic Complex can be utilized to provide for the community and solve many of the current complaints with the school. However, to date, Denver Public Schools and Denver Parks and Rec have been unwilling or unable to work together for a common interest. There is ample open space to the east of the complex, along Dallas, to provide for parking for the school and school events that would eliminate community complaints. The main field can be improved into a usable stadium comparable with All-City stadium and not have the same issues of noise restriction and inaccessibility. An additional turf field and a shot and discus throwing area can be installed allowing our community more opportunities for outdoor recreation.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Kim Hornbeck	North Denver		A public neighborhood pool in North Denver.	Yes! We would love to see an updated and expanded outdoor pool at Scheitler Rec Center. The neighborhood has grown significantly with families and this would be an amazing enhancement.
Allison Hancock	North Denver		Opportunity to build community. The new DPS rules are really hurting the community, we don't go to school with our neighbors anymore. Would also love to see increased safety, the drug addicts wandering around and breaking into garages is terrifying.	Would love to see the pool at Berkeley Park, near Scheitler Rec Center improved. That would really improve the options in the neighborhood, and it's so affordable. I love to go there early in the morning and swim laps, but I never take my son because it's really not suitable for families. Needs to be bigger with seating and would love for it to be beach entry.
Jenna Tully	North Denver		Upgrade to Scheitler Rec Center pool	Upgrade to Scheitler Rec Center pool - would be great to expand the pool
Michael Tully	North Denver		Fix sidewalks.	
Moneka Worah	North Denver		Improve rec centers and pools so they are desirable places to go!	Improve rec center at Berkeley Lake! Make pool larger, more enjoyable
Jen Miller	North Denver	North Denver	Better safety. Feels like there are tons of break ins and robberies lately. Adding a better and improved public pool in the neighborhood	Improved pool at Scheitler Rec Center
Morgan	North Denver	North Denver	New parking lot by Northfield Hs along w developed parks in the area	Parking lot and developed park and rec center for Central Park
Heather Gray	North Denver		Both the pools at Berkley Lake/Scheitler and Aztlan rec centers need some help! Larger, kid-friendly pools, shade and chairs would really help promote the community! Also, many playgrounds need some love. Franco and Hirshorn are getting more and more popular for kids and need updates!	Enhancing the pools and parks around Sunnyside, Berkley and Lower Highlands!
Erika Killion	North Denver		Please upgrade the pool at Scheitler Rec Center.	Improve the pool at Scheitler Rec Center.
Phil Fernandez	North Denver		Doing something with the field between my neighborhood Wicker Park and Northfield HS. This field is just open space that collects weeds. I would suggest to improve the neighborhood by turning the field into a combination of providing additional parking for Northfield HS, additional bike/walking paths and a park. The lack of parking for Northfield HS results in overflow parking on the streets in and around the housing within the Wicker Park neighborhood. This in turns causes traffic, navigation and safety problems. The field is an eye sore to the rest of the neighborhood and doing something with the field would improve the overall look of the area and add additional safety to the area as well.	
Brianna Beconovich	North Denver		Field by my house in the Wicker Park area in Central Park that would make a great park area. More trees in this recently (2016) developed area would really make a difference. I think most people here would even pitch in.	Like I said above this would be so much nicer as a park with trees than a grass/dirt field
Kathleen yahya	North Denver	North Denver	Upgrades to curbs and bike ways, Scheider pool or ride rec center pool.	Updates to Scheitler pool, pickle ball courts somewhere near Sloans Lake, fix north tennis courts at Sloans
KASSANDRA MONTOYA	North Denver	North Denver	More police or authorities out and about. Better upkeep of trails especially with trash. More affordable housing options. More affordable, locally sourced groceries stores. Rec center sports (that you can actually get a spot in), after school and summer camp options at these rec centers, tutoring options etc	Revamp the Scheitler rec center as a true community hub!

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Andrea Wiegand	North Denver		Our neighborhood rec center is Scheitler and it has not kept up with other pools and centers. Many people going outside to other neighborhoods to frequent other rec centers. If Denver rec centers would be updated, then more people would stay in Denver and support our neighborhood.	Update and improve Scheitler rec center including the pool.
Lynne Wasinger	North Denver		Please enhance the NW Denver rec centers. Especially the pool facilities. Also expanding the library hours to sundays and evenings. It would be better to have libraries open later and stay open later, and be closed on some weekdays to be open on weekends.	Please build a better pool at Scheitler Rec Center.
Amy Swain	North Denver	Central Denver	Our rec center needs to be updated, specifically the pool needs to be revamped.	Revamping the pool at Scheitler Rec Center and Atzlan Rec Center
Jan Devor Jeanie Kelley	North Denver North Denver		Make the field between Northfield Highschool and 53 Ave into a finished park. The high school kids have made trails through the weeds to get to school. Let's make this an attractive park for the residences and kids to use. A main help to all would be to make a tree line along Dallas st to visually eliminate the King Scoopers distribution plant. Thank you for wanting input. New pool for schietler rec center	The project I would like to see the Go Bonds money go towards would be to finish the park area between Northfield Highschool and 53 Ave. This area gets used by the Highschool students crossing from Wicker Park to the high school and would help the beautification of the area for the people in the neighborhood. A tree line along Dallas avenue blocking King Scoopers distribution center would be a real benefit for the area. Thanks for allowing input
Aran	North Denver		More protected bike lanes, much more traffic calming, better parks, playgrounds, kid-friendly spaces	Berkeley Park pool desperately needs updating and expansion. There are a huge number of kids who live right in this area. Our neighborhood pool is tragically small, there is no shade, what used to be a baby pool is now a concrete box, and the hours are horrible. There should be a separate (and larger) lap pool as well.
Sara Lewandowski	North Denver	North Denver	An upgrade to the outdoor pool at Berkeley Park would be amazing!	
Erica Atchison	North Denver	East Denver	Schieitler recreation center to include a more family friendly pool and more inclusive.	Schieitler rec center
Kelli Sommer	North Denver		Improvements to the local rec center outdoor pool at Scheitler Rec Center. Currently have to go out of Denver for nicer summer swimming facilities.	Improvements to the local rec center outdoor pool at Scheitler Rec Center. Currently have to go out of Denver for nicer summer swimming facilities.
Sara Mayo	North Denver	North Denver	I love the NW Denver rec centers, but the Scheitler outdoor pool needs a great deal of improvement and restructure. Many families of all demographics in the area deserve a wonderful local outdoor pool with adequate and shaded seating, a safe and clean pool and more fun (slides!). We do not currently have one that is accessible publicly and affordably. Thank you!	
Becky Hanley	North Denver		Pool renovation at Schleiter recreation center to provide an equitable opportunity for an updated pool for the community members.	See above
Emilee Frisbie	North Denver		Update the pool at Berkeley Park. This community has grown and the pool would be an excellent upgrade for all of us. It's a beautiful space we could all share if there was additional space.	Create a larger space and pool at Berkley Park. It's long overdue in our community to have a space for all in the summer months. Berkeley is a go-to location for so many families.
Lauren Barotz	North Denver		Public outdoor pool, continued improvement of playgrounds and continued funding for our wonderful library and staff	
Julie	North Denver		Improve Scheitler Rec Center including swimming pool and splash pad Improve Smiley Library (expand and add on to kids area)	Improve swimming pool and outdoor splash pad

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Erin Flanagan	North Denver	Central Denver	<p>Our recreation area needs a major upgrade. The Berkeley Park pool and Azatlan pools are very small, has no place to sit, and does not allow anything but water, making it challenging for kids to be able to stay and safely swim and play during the summer. A new outdoor pool facility would allow children in the neighborhood to be able to stay and play for an affordable rate.</p> <p>There is a marked difference between summer facilities between north Denver and neighborhoods like congress park and Central Park.</p>	A renovated pool with a safe and usable baby/toddler pool (ours has been out of service for years), safe places to sit and play (not all concrete), shady areas and the ability to be able to eat.
Melanie Wong	North Denver		Renovation of the Scheitler Rec center on 46th and Sheridan and all the land it sits on to make a proper rec center like Apex in Arvada and other cities recreation centers with renovated pools, ice rinks, indoor turf fields, outdoor sports fields.	Renovation of the Scheitler Rec center on 46th and Sheridan and all the land it sits on to make a proper rec center like Apex in Arvada and other cities recreation centers with renovated pools, ice rinks, indoor turf fields, outdoor sports fields.
Sarah Maletsky	North Denver	North Denver	Two ideas around access and recreation	<p>There are a lot of young families in the NW Region that would love to see improvements on the outdoor pool at Schlietler Rec Center. It would be great to see changes to the landscaping around the pool (grass or umbrellas), additional features added to the pool, or some structural changes to make it more family friendly (zero entry access). Thanks for your consideration.</p> <p>Another idea is enhanced safety in the underpass on Tennyson under 70. It would be great to add lights or a mural to clean up the walkway that is heavily used to connect Regis area to Berkeley.</p>
Betsy	North Denver		Sidewalks on 26th Ave between Sheridan and Federal- there is a bus line and no sidewalks! Also there are no sidewalks along north side of Sloan's Lake- you have to walk through a parking lot to get to the trails and park. No sidewalks on the NW side of Sloan's to access the trail around the lake (I live on Wolff St and have to cut through a parking lot or walk way east or west to have a side walk to get to the trail. But 26th access is worse.	Scheitler Rec Center improvements as a GO bond. Improve the outdoor pool, it's very small and limited in scope. There are so many families here, why do we have to go outside Denver (Golden Splash) to have a interactive swimming pool option??
Sandy Wong	North Denver			I'd love to build a park or recreation center at the empty field outside my house.
Quyen do	North Denver	Central Denver	Please add pool to Schiller. No resources for local park, Chaffee	Scheitler outdoor pool upgrade
Miranda Mallory	North Denver		A place for kid to go	Scheitler rec center update - new pool, new gym, new outdoor pool
Julia Rhoden	North Denver		Public pool options, esp upgrades.	Renovate the pool at Scheitler - it's the same rate as somewhere like Carla Madison and not at all equivalent.
Leslie Hortel	North Denver	East Denver	<p>#2 expanded rec center hours - how are working people supposed to be able to use the facilities?!</p> <p>We need an updated rec center and pool in NW Denver. We are the only area without an updated facility. We need a larger pool, with grassy areas. We also need an improved workout/weight room. Last I would love more youth programming/spaces. In winter the basketball courts are all used for the basketball teams (which are great) but other youth have nowhere to go to be physically active at times when it is dark and cold and much more difficult to be active outside. Could there be two gyms, or a track? A rock wall would be amazing!!</p>	Update pool and facilities at Scheitler rec center.
Polly Beck	North Denver		Upgrade pool at Scheitler Rec Center, increased safety for bikes and pedestrians, more affordable housing options, low water/no water greenery in public spaces including along streets and highways.	Upgrade Scheitler Rec Center pool to be similar in scope to neighboring area pools like Anderson Pool.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jaime	North Denver		Care and thoughtfulness in city development to match the quality of eastern Denver.	Improved park and pool facilities. Summer camp & recreation sports facilities for community members.
Rajni Posner	North Denver		Better pedestrian and bike safety with 4 way stop signs or lights . Especially at Lowell and 41st. Dangerous crossing! Same at Perry and 44th. Both could use stop lights or 4 way stop signs at a minimum.	Improvements to outdoor pool at Scheitler Rec Center - could use major renovation to help build community. Other idea is a major playground renovation at Cesar Chavez Park (ar minimum a swing set, but also larger play set for older kids, not just the 5 and unders). Sooooo many more kids to serve!
Emily hirsch	North Denver	Central Denver	I'd like to see the Scheitler rec center outdoor pool updated like some if the other ones in Denver have been.	I'd like to see the Scheitler rec center outdoor pool updated like some if the other ones in Denver have been.
Emily drennan	North Denver			Go bond for updates to Schindler rec center pool. More group fitness classes
Zoë Epstein	North Denver			The outdoor pool in Berkeley Park next to the Scheitler rec center is the bare minimum of a pool. There's no shade, no seating, not much in the way of amusement. Expanding it to include thing like a splash area, grass to sit on, etc would be a huge neighborhood boon! The other idea I have is a playground for older kids at Cesar Chavez park which is a center of the neighborhood but only has a little kids playground
Kelly Hersh	North Denver	North Denver	Scheitler Recreation Center/Berkeley pool is in desperate need of an update. The North Denver community deserves an indoor and outdoor swimming pool that is more than just a rectangle.	The pools could use chairs and tables, a zero entry side, a splash pad, a nicer pool slide, and improved locker rooms. Scheitler rec center itself could use a larger gymnasium, more community rooms, and updated exercise equipment. Dedicated indoor pickle ball courts would be great. A larger recreation room dedicated to teenagers would be very welcomed.
Jennifer Johnson	North Denver		I spend a lot of my time in five points and RINO. My main forms of travel and commuting are walking, biking, and scooting. I believe the best improvements for my neighborhood would be increasing pedestrian and bike safety. For example: - bike lanes that are at least painted green with flexi-post as opposed to just lines. - Moving the bike lanes to the right side of parked cars. - Painting pedestrian crossings on the street at all pedestrian crossings (esp on Blake) - fixing the sidewalks so there are not huge holes in the sidewalks and roads	
Tara Littell	North Denver		Safety for kids to walk to school! Which has multiple benefits! Helping climate change (less parents driving kids to school), less car accidents, heath benefits for kids, so many things!	
Jessica sykes	North Denver		Recreation! Get people out of their homes!	Schiller pool improvements and skinner walk safety for kids
Jamie Park	North Denver		Schieitler rec expanding its pool	Scheitler rec expanding its pool
Shelley keeling	North Denver	West Denver	We need the outdoor pool at Scheitler renovated and updated.	We need the outdoor pool at Scheitler renovated and updated. We need Highland Park playground updated. We really need all the parks in North Denver to be updated.
Kindra Abbott	North Denver		Improve outdoor pools and tennis courts in the Sloan Lake , north Denver neighborhoods.	
Brin Blechman	North Denver		Scheitler rec center. There are so many kids in our neighborhood that are getting past the playground age and there is no where for them to get energy out. This rec center has short hours and primarily services seniors.	Improve scheitler rec center with a better indoor and outdoor pool and more hours of accessibility on the weekend for families.
			I'd like to request the pool at Scheitler Rec Center to be renovated and expanded for use by families and members of the NW Denver community. There isn't really a robust outdoor pool option in our area. Most of us drive to the suburbs for this reason.	Renovate or build pool at local rec center in NW Denver.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Alexandra Kuykendall	North Denver	North Denver	Scheitler rec makeover. New pool, locker rooms, and better basketball facilities. The rec Center on East Colfax could be replicated in other neighborhoods. In other words give North and West Denver the equivalent of the Central Park Rec Center.	See above
Thomas Sewolt	North Denver	Central Denver	Scheitler Recreation Center is due for much needed upgrades. Restore the Berkeley Bathhouse. And put up a sound wall between Berkeley Lake and I70	Scheitler Rec Center improvements Restore Berkeley Bathhouse Put up a sound wall between Berkeley Lake and I70
Peter Hersh	North Denver	North Denver	Bike lanes and parks	I would like to have the park at 41st and federal Mcdonough park fenced in and converted to a dog park. The park is very underutilized and has very limited facilities. Many of the neighbors have used the middle school as an off leash dog park. This is not supported by parents or the school as it creates unsanitary conditions on sports fields.
Rebecca Caldwell	North Denver		Upgrades to Berkeley Park Pool	Bigger deck with grass, zero entry. Slides. Etc.
Jane Reimer	North Denver		Berkeley park neighborhood outdoor pool	Northwest Denver needs a public pool that can fit more people all summer. Similar to ones in Central Park or wheat ridge!
Kelly Welch	North Denver	North Denver	Improvements to our community pool. Schietler Rec Center	Our neighborhood rec center pool at Schitler Rec Center
Kasia cox	North Denver		Improve Berkeley pool at sheitler as well as playground at Cesar Chavez park on Tennyson!	New outdoor pool at sheitler and much nicer playground in Cesar Chavez park.
	North Denver			Add a sidewalk next to the parking lot and along 26th Ave so that pedestrians don't have to walk through the busy Sloan's lake park parking lot.
	North Denver			Improve Scheitler Rec Center to have more updated facilities and a more family friendly pool
Marcia Eldridge	North Denver	Central Denver	More parks, more/better rec centers, improved walking and biking safety.	Improving/upgrading the Scheduler Recreation Center. - new pool, locker rooms, game room, climbing wall.
			Street safety is a big concern in our neighborhood. We have lots of bikers, pedestrians, e-bikes and significant car congestion. Would love to see a safer pedestrian intersection at 48th and Lowell. Also 41st and Lowell should return to a 4-way stop for pedestrian and bike safety.	Improve walking and biking safety.
Eleanor Jensen	North Denver	Central Denver	More broadly northwest Denver has good park coverage, but we need more green space and pocket parks throughout Denver.	The Berkeley outdoor pool is due for a deck renovation, would also encourage the fencing to extend into the park to allow for grass seating.
Emily Stanley	North Denver	North Denver	Improved parks and rec centers!	Improvements to Schweitzer rec center would be wonderful! Pool updates/renovation, improved game room for kids, and additional lockers/overall improvements.
Peter Burke	North Denver		PROTECTED bike lanes... white paint on the pavement doesn't help.	-Convert the MLK Blvd bike lane from Quebec to Downing to "parking protected." Currently it is just a painted lane and car traffic moves incredibly fast. There is already ample street parking space as well. If the bike lane and the parking spaces could be inverted it would be a massive improvement.
			I'd love to see space and funding taken away from cars and given to anything else...bike lanes, bus lanes, real sidewalks, green space, or anything else.	
			Enforcement of existing laws for cars would be great too. I want red light cameras and stop sign cameras to punish people who don't stop, automated noise monitoring so people stop making their cars intentionally louder, and automated speed cameras.	
Tyler Johnson	North Denver	North Denver	Car drivers are reckless and it's well past time that we make them the lowest priority in our city. Booooo.	A car-free Tennyson St from 38th Ave to 46th Ave
Ted Herringshaw	North Denver	North Denver	Way safer for bikes and pedestrians, way less parking and car focused sruff, more trees	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Julia Mecklenburg	North Denver		Pedestrian lighting on sidewalks, more pop-up art galleries in different neighborhoods, sustainable, affordable housing, more bicycle signs on side streets that are also bikeways.	Pedestrian lighting on sidewalks. There are not many streetlights in my neighborhood and it is difficult and feels unsafe to walk around at night. Pedestrian lighting would be an affordable and simple way to address this safety concern. They would likely be permanent and wouldn't require much upkeep. They are used widely in other major cities.
elizabeth willett	North Denver		We need more/improved community centers. Highlands rec on 29th or Berkeley Lake Park needs to be majorly renovated to serve our neighborhood. There are many young families and children yet no outdoor pool and our indoor pool and facilities at Berkeley Lake at Ashland and Highlands rec center could do with serious improvement compared to Carla Madison.	
Angela Coleman	North Denver	Central Denver	Improvements to our little Caesar Chavez Park, that our entire neighborhood utilizes regularly!	It would be amazing if Caesar Chavez Park had improvements made to it. I have watched my neighborhood GROW tremendously in the past 20 years and in any given sunny day, you will see hundreds of young families packed into this small park. It would be so nice to add in some additional features to make this a more multi-use park. Examples would be adding in swing sets - including a swing for those with special abilities (for those in wheelchairs) and baby swings. Currently it's just the one scary tire swing. Also, there are many community events held there - could the far, west end of the park have some built in stadium seats, so large groups could gather and have small concerts, etc. Also, if the far NW corner could have tall fencing, so it could be utilized for a baseball / kickball field. Lastly, a dream - real, permanent bathrooms instead of one sketchy port o potty that we would never let our children use.
Olivia Booth	North Denver	Central Denver	Smart bike docking stations around the city so bikes don't get stolen.	I would like the city to invest in smart bike docking stations like Bikeeep or similar to keep bikes from being stolen. Smart docking stations align with the city's commitment to lowering emissions, DPR's Game Plan for a Healthy City, and many other initiatives. Many of the options on the market are also charging stations for e-bikes, which supports city and state e-bike grants.
Andrea Pawlak	North Denver		Wide, connected sidewalks that aren't missing or crumbling, better/safer/more creative playground structures, especially those geared towards littles (3 and under)	Pool enhancements at Berkeley Lake Park
Andrea Pawlak	North Denver		Connected, wide sidewalks Better playground structures Eating/drinking venues in parks	Winter fun park with small scale skiing, sledding, skating
Briana Iacia	North Denver		Safe biking infrastructure, improved bus stops, wider sidewalks, less car traffic overall but lower speed limits to start, better commercial building affordability so local businesses stop leaving and huge chains stop moving in	
Karen Novick	North Denver		We would like to see more dining and entertainment options in the Northfield area (around 56th/prairie meadow and the high schools campus). Also more help in dealing with the copious amounts of litter.	Field south of 56th and north of 53rd, adjacent to the high school campuses -- would love to see a park or a small retail area for a coffee shops, etc.
Amanda Tompkins	North Denver		A play area, splash pad or highly interactive playground in our neighborhood such as Red-tailed Hawk park in Aurora (https://maps.app.goo.gl/21MH7HV47f7pvLsN8?g_st=com.google.maps.preview.copy) Walking trails, work out equipment and versatile picnic areas would greatly enhance our neighborhood!	https://maps.app.goo.gl/21MH7HV47f7pvLsN8?g_st=com.google.maps.preview.copy A park and rec area with highly interactive and accessible playground such as Red-tailed hawk park in Aurora.
Kirsten Lindholm	North Denver		The biggest thing is safer access to nearby parks. I can't safely cross the street to get to Berkeley Park or Rocky Mountain Lake Park from just North of I70. We need the pedestrian crosswalk that flashes or a stoplight.	Expansion and renovation of the outdoor pool at Berkeley Park/Schietler rec center

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Laura Hilbert Trice	North Denver	North Denver	Enhance neighborhood recreation centers to make Denver (not Jeffco) attractive to our North Denver student age residents.	<p>The Berkley park pool could use an upgrade. I appreciate that Denver has prioritized pools near public housing but North Denver could use some love. This pool is like the ones I went to as a child in the 80s. We need a 21st century pool to keep kids in the neighborhood and not Jeffco bound.</p> <p>I would also love to see an upgraded game room with more teen appeal in North Denver. Perhaps at Ashland since it is close to our neighborhood North High School. Wheatridge offers lots of teen friendly things but North Denver doesn't really have anything at our rec centers.</p>
Pamela Jiner	North Denver North Denver		To have pedestrian access across the Smith Road (Peoria & Smith Road) rail tracks. Currently the Peoria Crossing Bridge is a hardship for most pedestrians to climb. It also makes our commute to the Lite Rail Station longer.	Install sidewalk with gate at grade level across the Smith Road rail tracks to allow pedestrians ease in crossing and connecting with the Light Rail Station. Access is granted at every major intersection from Tower Rd East to York Street W. Why not on Peoria Street? The Peoria Crossing Bridge is a grave injustice to the Montbello Community and this must be addressed and corrected.
Christy Green	North Denver		Putting in parking lots, grass, trails, and trash cans in the field south of Northfield high school.	Actually build the park that was promised next to Northfield High School and include a large parking lot for the school with access from Dallas street. The neighborhood streets have become auxiliary parking and the school only continues to grow. The field is a huge fire hazard and full of trash since there are no trash cans anywhere in sight. The students would treat the space with more respect if it were finished. If there were a fire during the school day, fire trucks would not be able to get to it due to the sheer number of cars parked illegally on the street. This can all easily be remedied by actually finishing the open space.
Richard Ammerman	North Denver			The tennis courts at Ciancio Park / Trevista are popular for kids and adults in the neighborhood but are in pretty rough shape, full of big cracks with weeds growing out of them. If they were refinished it would be a great asset to Sunnyside, since there's no other courts in this part of the city.
Nora kern M	North Denver North Denver	Central Denver North Denver	Safer streets for people walking, especially on the arterials. Update schleitler rec center (it's pretty dated and dingy). Easier bike connection from sunnyside to globeville. Better bike lane on 15th over the interstate Bike lanes!	Safer bike lanes over interstate and up hill
Tim	North Denver		Pedestrian safety on Tennyson	Improve visibility of pedestrian crossings on Tennyson. Like repainted the crossings and making the yellow signs more prominent. Folks still fly through them all the time. They exist they just need a new set of paint and signage.
Megan Guy	North Denver	North Denver	Sloan's Lake Park needs more shady trees, and many improvements to the walking / bike path, which is far too narrow to safely support how heavily used it is by motorized vehicles like scooters as well as bikes, strollers, and pets. North Denver deserves safer infrastructure like Wash Park has, along with stronger enforcement of the usage rules.	Sloan's Lake Park needs more shady trees, and many improvements to the walking / bike path, which is far too narrow to safely support how heavily used it is by motorized vehicles like scooters as well as bikes, strollers, and pets. North Denver deserves safer infrastructure like Wash Park has, along with stronger enforcement of the usage rules.
Ruby Jimenez	North Denver	Central Denver	Homeless people removed from all their streets and roads and corners and Bridges and every nook and cranny where they think it's all right to pitch a tent. Remove all the broken down RV's and vans that think it's ok to camp out parked next to the public parks.	Use an empty building and provide shelter
Christine Wood	North Denver		I am near 32nd and Sheridan. My 19 year old daughter is cognitively disabled. Spouse is 67. We need programs for all 3 of us, together and separately. What I really wish is that we had something like JeffCo's rec center at 38th/kipling near us. I have been using the quiet treasure that is the 50+ center at 29th/Osceola. It would be great to just have a community session to discuss more programming for the lower end of the 50+. Love the yoga class on TH. Add gentle Zumba? A second gentle yoga class with the same woman (love her). It would be great to have a bit of shade real estate and a picnic table or something outside.	Community spaces like picnic tables and benches on the West corners of Pferdesteller park. I would love for my cognitively disabled daughter to have some independence. For example, it would be great if she could walk to a place to sit in the shade on the southwest corner while I keep eyes on her from our stoop.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
	North Denver	North Denver	The city continues to ignore southeast Sunnyside because neither Princesa Sandoval nor her wealthy white boosters live down here. The W 38th corridor between Inca and Federal is a shithole. Most of the businesses are low quality and this is because the traffic is too loud, too fast, and unsafe. Certain people litter in the parks on a daily basis with impunity. Open-air drug dealing and use has moved into formerly stable neighborhoods. Basically, stop everything you're doing and do the opposite. Every time you think you have a good idea, just do the opposite. Forget about this meaningless "equity" virtue-signaling. I think it appeared in Sandoval's email 7 times this month, including twice in one sentence. Johnston and Sandoval should resign in disgrace and we should have partisan elections so the citizens can see the radical socialist government we have for what it is.	
Allison Trembly	North Denver		People need to take pride in their properties. My neighbor's fence is falling down, Weeds and unkept yards. When there is weather people do not shovel snow. And the alleys are gross. I invest so much in my property - and when I see this I feel like why try.	educate people on how to take care of their properties externally. Maybe offer grants - the sidewalk program is a start but more could be done with alleys and yards.
Melissa Locallo	North Denver		Improve the outdoor pool at Berkeley Park.	Improve the outdoor pool at Berkeley Park. It is a premium rec center with below average pool.
Chris	North Denver		Berkeley park rec needs a splash pad, the outdoor pool is uninviting to kids based on facilities	Spashpad water park
Joe And Fran Frain Aguirre	North Denver		There is a great need to invest in programs in all schools, that instill a love and care for our planet earth. One way is to plant more trees on school playgrounds where each class in the school adopts a tree and cares for it. The students need to be involved in creating more ways to care for this planet. Charter schools need to be phased out by improving community schools and the community's ownership of them.	Where is the "home" icon? See specific tree project above. This project could begin at TreVista/Horace Mann school. Young people at rec centers could also be involved in tree plantings Another project is to have connector buses in all neighborhoods that would take people to light rail and commuter trains in the area. Something major needs to be done to get people out of their cars!
Tinsley Ore	North Denver		1. We need a police/ probation sub station or hub. 2. We need a disability resource center - in partnership with the Inclusive Denver project to provide youth programs, resources , activities and more.	To work in partnership with The Inclusive Denver Project to acquire one of the oakwood homes buildings showcase buildings in GVR to convert into a family resource center . This would include additional partnerships with DHS AND RMHS to include a sensory friendly youth programming space. The Inclusive Denver project has the coordination ability and programming designed for youth 5-17 with disabilities as well as programming for ages 0-5. The Inclusive Denver project has the ability to fully sustain the building , with our respite camp, as well as other various classes and programs. We know the outreach needs of this community and understand the massive disparities in this area. This would be such a support for the community we love.
Heather Lafferty	North Denver	Central Denver	Kids walk and bike to all the neighborhood schools. However I-70 creates unsafe crossing areas without proper signage and crosswalks. This should be an immediate priority for the City. Scheitler Rec Center has the demand and space to expand. As a regional rec center it should have a larger gymnasium with many more options for kids and adults sports. Smiley Library is very small and isn't adequate for the growing families in the neighborhood. This should be a major library for the city as it has space to grow.	Designated crosswalks at Lowell and I-70 at the corner of the park. Designated crosswalks at Tennyson and I-70 at the corner of the park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Cory Greer	North Denver		More/better bicycle and pedestrian infrastructure such as dedicated bike lanes, better enforcement (ticketing) of vehicles parked in bike lanes.	Add a bike lane along Tennyson Street or one of the parallel roads nearby running from W 50th Avenue to W 46th Avenue, in order to connect the existing bike lanes. The nearest existing connection is on Zuni, 1.5 miles away. Additionally, this would add bike infrastructure near the shops along Tennyson and increase economic activity in the area.
Esther Kettering	North Denver		MAINTAIN what Denver has, BEFORE adding new facilities. The parks are weedy, trees & walks ill-maintained. Street & stop signs are leaning or broken. Drainage, potholes, worn striping, sidewalks broken and uneven. So - City ADDS a white posts to encourage pedestrians to step out in traffic lanes and ADDS bike lanes that are rarely used. The posts rapidly became broken and dirty... I DO ride my bike but have sense to take a side street that has always been safer than the main roads, even with the "dirty Q-tips" as the neighbors call them. Even children learn to finish dinner before having dessert! DENVER - please don't build new meaningless improvements when you cannot even take care of what we already have! So, I say - PLEASE - maintain the parks, the swimming pools, rec centers, libraries, roads, signage, etc. BEFORE building anything NEW. Emphasis MUST be on MAINTAINING the existing.	MAINTAIN existing facilities BEFORE creating new amenities!
	North Denver		More sidewalks and improvement of existing sidewalks.	
Anonymous Northside Resident	North Denver	Central Denver	Enforce traffic laws. Get a reputation for expensive ticket amounts for running red lights, stop signs, going the wrong way to make left turns in traffic circles, etc. and make sure to collect the fines for that revenue until drivers get their s**t together. Enforce vehicle registration laws to collect that revenue (I know that is CO state but still do it), I do not understand why that is ignored. Stop allowing developers to scrape modest single family houses and build giant 3-story f-ing expensive \$1.5 to \$3 million single family houses on the lot, this is a major problem making Denver too expensive. Stop allowing huge, tall new buildings right next to sidewalks on major corridors, it blocks the sunlight, keeps roads icier longer after snow, makes it miserable for walking around, and deletes the few views of the mountains from ground level that exist (see NE corner of w 38th and N. Tennyson, used to be able to see the mountains from east of that intersection from 38th).	
Caroline Buhse	North Denver	Central Denver		I bike to work at least 3 days a week and my bike route takes me along 23rd between the golf course and City Park (between Colorado and York). There is very little bike protection along this section of 23rd and cars tend to go very fast (speed limit is set at 25 mph but I would guess a large number of vehicles go 40 mph - including large commercial vehicles). Biking along this section with cars going so fast feels very unsafe to me and actively makes me not want to bike along this route (even though it is a specified bike route). I would like to see additional bike protections and speed reduction mechanisms along this section, such as speed bumps, in addition to the installation of bollards between the bike lane and the car lane.
Emily Wilfong	North Denver	North Denver	Better facilities like recreation centers, outdoor pools, library maker spaces, playgrounds. In northwest Denver, our facilities are outdated and we often have to travel to other neighborhoods in Denver or to Jefferson County for nicer facilities.	The Atzlan recreation center services a variety of people, including those living in Quigg Newton. The pool needs an update, the entire facility could use an update of equipment and programming to better serve the community. It would be great to see an updated pool with features like zero entry, lap lanes, sprays, slides.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jenny Braddy	North Denver		A better pool at Schietler rec center	
Erin Jones	North Denver		Better police presence to prevent accidents of reckless high school drivers around Paul Sandoval campus in Central Park neighborhood. Tickets for illegal parking and littering.	Public park & playground in large field between Paul Sandoval campus. This was supposedly proposed a decade ago.
Carolynne Harris	North Denver		Better public transportation (more frequent buses), more affordable development with first floor retail that is not high rent, and more affordable housing. More trees.	
Jody Robins	North Denver		More protected bike lanes. The new one on 29th is amazing (although it probably doesn't need so many bollards).	Build a nice, full size, soccer field with nice goals at RMLP or Berkley Park. This would include leveling the field, periodically painting lines, and net upkeep. Tons of kids around here play soccer and there are no fields set up for soccer.
Jordan	North Denver		Rec center and pool to the old park hill golf course area	Rec center and pool and park space to the old park hill golf course area
Roger Cobb	North Denver	Central Denver	I would enhance our neighborhood by focusing on Workforce housing up to 100% AMI	
Jacob Kauffman	North Denver		Pedestrian/ bike integration, more trees/ pollinator pathways, bio swales, Safe streets, Street art, new smart lighting at night, public trash facilities (recycling), improved street corners/ sidewalks especially in high traffic/ mainstreet location, park improvements.	Green Alley improvement project. This aligns with the Denver Moves objectives. The Alley directly to the West of Tejon stretches from 28th ave. to 45 th ave. almost in a direct line. This could create a separate green space for pedestrians to use. With more ADU's proposed in the future, this allows to change the alley from a forgotten space, to a vibrant asset to the community. This also could focus on adding vegetation and trees to reduce the urban heat island affect. The purpose is not to take away from any of our other pedestrian/ mobility assets, but to utilize a forgotten space.
Sarah	North Denver	Central Denver	Diversity in businesses and neighborhood services - ie: groceries, retail services and public amenities all within a safe walking distance from residential developments and homes. Neighborhood is predominately residential with the need to travel outside of the neighborhood both for basic and specialty goods and services.	44th Avenue multi-modal improvements within BID land area. Currently, the 44th Avenue corridor that overlaps with the BID boundary is in a state of disrepair and is not properly maintained by the BID. Improvements to this area could include improved lighting, ADA compliant sidewalks, outdoor gathering areas (developed) and the inclusion of a multi-modal path / trail to help ensure existing retail businesses along this corridor could be more readily visited and understood by the community. This will also attract the development of new businesses in the current vacant retail spaces.
Heather J Beck	North Denver	Central Denver	More affordable housing. Shelter improvements to ensure sustainability and preservation of current # of shelter beds and promoting equitable and accessible access and use. Trash solutions.	
	North Denver		Denver is hypocritical. Development is irresponsible and void of green spaces. One of the most despicable examples was how City council fast-tracked and disrespect the will of the voters when developers spoke. After the Denver Green Roof Initiative (Initiative 300) passed by voter approval in November 2017, the Denver City Council replaced it with the Green Buildings Ordinance in October 2018. The original initiative, which mandated that buildings over 25,000 square feet include a percentage of their roof space as green roofs (vegetation) or solar panels, faced significant pushback due to concerns over cost, structural feasibility, and its one-size-fits-all approach. Following its passage, a Green Roofs Review Task Force was formed to evaluate and refine the ordinance, leading to a revised version that offered more flexibility and broader compliance options. The Green Buildings Ordinance, unanimously approved by the City Council on October 29, 2018, and effective November 2, 2018,	Food forest on the west side of the park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Marybeth Gallagher	North Denver	North Denver	Upgrade the Schiller Rec Center and Berkeley Pool.	Scheitler Rec and Berkeley Pool center desperately needs upgraded. Give. That the neighborhood has transformed and now houses many many kids, we need a place where kids can go play and swim, keeping revenues in the city of denver as opposed to Arvada and Wheat Ridge and surrounding non-Denver communities. Additionally Ceasar Chavez Park needs upgraded to include play equipment for older kids, like City Park and Wash Park. Cesar Chavez is the head of Tennyson and attracts kids and supports spend on Tennyson to local businesses.
Erin eggland Jessica Villarreal	North Denver North Denver		Finish park projects long overdue like tennis and pickleball courts. Build a nice rec center in NW denver similar to what other municipalities have. Build sidewalks.	
Sean Gallagher	North Denver	Central Denver	Scheitler Recreation Center needs major improvements: A new and large pool area, more courts for basketball and volleyball. Dedicated outdoor soccer and football fields. The neighborhood has exploded in population and needs larger and more modern facilities.	Back to Scheitler Recreation Center. It needs major improvements: A new and large pool area, more courts for basketball and volleyball. Dedicated outdoor soccer and football fields. The neighborhood has exploded in population and needs larger and more modern facilities.
	North Denver		More pedestrian safety on 38th Ave, painted crossing for bikes and peds, car slowing measures. A closer library to 38th and Tejon area.	Add a library or mini-library to NW Denver closer to 38th and Tejon, could serve the new Fox St area for example, or be located there. Add painted ped/bike lanes at 38th and Tejon and other main crosspoints off of 38th Ave.
Amy Molnar	North Denver		Northwest Denver needs improved community gathering places, specifically an updated recreation center and outdoor pool. Berkeley Pool is severely outdated, has limited seating, limited shade, and very few attractions to make the pool a fun and welcoming place to be. Many residents choose to leave to neighboring suburbs to find a pool which hurts our community. Scheitler recreation center, while being one of 7 regional rec centers, is small, old, and outdated. Despite this, there are vibrant programs here and a community eager to recreate! The "weight room" has extremely limited capacity and limited machinery. We are SO grateful to Denver parks and rec, and to the many amazing program leaders, coaches, front desk staff etc. who work at both Scheitler and Berkeley pool, and make the best of the spaces. Revitalized spaces would create an even stronger neighborhood and community.	New or updated community pool and recreation center.
Kate Mason	North Denver	North Denver	I would love to have an affordable modern rec center within biking distance (Scheitler Recreation Center is due for an upgrade just like Carla Madison). Plus more green spaces/parks away from busy roads for people to enjoy.	Carla Madison is such a great example of dollars working hard for the community. It's a beautiful center where people want to be. NW Denver needs the same. I'd highly recommend Scheitler Recreation Center get a major upgrade like Carla Madison (yoga, climbing, new gym). If the rec center in Berkeley Park were more modern and provided more services it could function as a community center we all want and need. It's long overdue for an overhaul being just off Tennyson serving thousands in the Berkeley and Regis neighborhoods. There are beautiful views of the mountains that a 2-3 story facility could take advantage of. Right now you just see the highway. Also — if we're just dreaming big — PLEASE turn Willis Case Golf Course into a public park. Berkeley is tiny with no respite from the highway. The public deserve to have access to all that beautiful green space that only golfers get to use. Thank you!
Troy Bacher	North Denver		A pool Better public transportation	
Lindsey Britt	North Denver		The Scheitler Rec Center/Pool needs updates! It's a beautiful location, but has seen better days.	Improve the Scheitler rec center!

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Nicky Britt	North Denver		A nicer recreation facility. Ours is outdated and small. There are many young families and building a facility that accommodate the community and helps to build it would be wise. The facility now isn't large enough, now nice enough to accommodate the current residents.	Improve the recreation facility to better reflect the needs of the residents to promote local resident communication and community building.
Jessica Cunningham	North Denver		We need better updated playgrounds and public swimming pools in north Denver. Scheitler Rec Center needs a revamp of the outdoor pool as well as the rec center/workout area for Ashland rec-take a note from the Edgewater rec center. I also live close to Hirshorn Park and that playground desperately needs renovating and updating. It's used by many tourists visiting Little man as well as locals who make it a spot to grab ice cream and play, but the playground equipment is outdated, so is the equipment and terrible sand pit at Highland Park.	Scheitler rec pool Update Playgrounds at highland park and Hirschorn park by little man ice cream as well as update workout facilities at Ashland rec center.
Gino Furzi	North Denver		We need more of an active cooperation between animal control and parks when it comes to dog off leash. Maybe more options for a dog park. The southwest part of Sloans Lake park which is usually not populated might be an option. We need better enforcement and also options for people who want to take their dogs off leash.	We need more of an active cooperation between animal control and parks when it comes to dog off leash. Maybe more options for a dog park. The southwest part of Sloans Lake park which is usually not populated might be an option. We need better enforcement and also options for people who want to take their dogs off leash. I also think that we need a better notification on street closures or block closures due to new development or renovation projects. Overall, Denver is doing a poor job regarding notification.
	North Denver	Central Denver	Replace the swimming pool at La Raza Park that was removed many years ago.	
Sarah Frazer	North Denver	North Denver	Better bike and pedestrian safety Continued investment in parks and public spaces	Improvements to the Scheitler Recreation Center/Berkley lake park outdoor pool. I'd love to see the pool be larger, more family friendly, maybe add a splash pad, chairs, shade etc. I hate driving all around town to access better pools, I'd love to have our neighborhood community pool be better.
Mindi Weaver	North Denver		Accelerating the planned upgrade of the Mestizo Curtis Park pool so kids don't have to wait a whole other year! More stop signs on one way through streets. Street humps to slow traffic. Return lower Larimer to pedestrian only!!	
Zachary Lamb	North Denver		Better tree coverage canopy, more community gardens, more dedicated bike lanes, more rapid bus lanes, better walkability, and indoor pools in rec centers.	Community garden run by DUG and the community
Sean Willerford	North Denver		Fix the damn potholes. Especially on park ave and 8th near Klamath	
Megan Licardi	North Denver		Cross walks with flashing lights for kids walking to Centennial and Skinner.	Adding on / Renovating the Scheitler Rec Center / pool area
Angela Ben-Zekry Crystal Chiang Olivia Clark Katharine	North Denver North Denver North Denver North Denver	Central Denver	Having more shade at parks, especially over slides that get too hot. This would just be supporting existing park infrastructure. Continuing to update public pools. Making Welton and Stout 2 way streets as people travel unsafely on them. Updating Glenarm rec center. Consider installing bathrooms by playgrounds at City Park and Wash Park. Port-o-potties at those locations are disgusting for little kids to try to use.	Having more shade at parks, especially over slides that get too hot. This would just be supporting existing park infrastructure anywhere in the city. Continuing to update public pools. Making Welton and Stout 2 way streets as people travel unsafely on them. Updating Glenarm rec center. Consider installing bathrooms by playgrounds at City Park and Wash Park. Port-o-potties at those locations are disgusting for little kids to try to use. Extend the L line RTD train to the A line for airport access. Or add a specific bus route to connect.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Becky Long	North Denver		More sidewalks,,more protected bike lanes and a grocery store	Add protection to our existing bike lanes and improve signage especially downtown and in rino so it is clear the bike lanes are single direction
Dexter Nelson II	North Denver	Central Denver	More funding for libraries	Please direct the much needed funding to remodel and renovate the award winning Blair-Caldwell African American Research Library. This Denver Public Library branch is the only site in Colorado currently listed on the African American Civil Rights Network, and is one of a handful of resources that contain a museum, an archive, and a circulating library.
Kelly Sennholz	North Denver		Sloans lake needs to be dredged NOW.	Dredge Sloan's lake now. Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Tom Kaufman	North Denver		adding the beach back to sloans lake	Sloan's Lake desperately needs help, and the project to Dredge the lake and bring back the beach on the north side is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Alex Hinst	North Denver		Make adequate police and safety a priority.	
Michael Smith	North Denver		<ol style="list-style-type: none"> 1. Sloan's Lake (and other parks) would benefit from outdoor exercise equipment. 2. Sloan's Lake would benefit from an upgraded playground on the north side. It serves so many kids in the area and is really inadequate and dangerous. 3. Sloan's Lake water quality needs to be addressed. Sediment removal needs to be considered. 	<ol style="list-style-type: none"> 1. Exercise equipment at Sloan's 2. Improve north Sloan's playground 3. Improve Sloan's Lake water quality
Megan McClenny	North Denver		Add more pedestrian crossings and/or mirrors in the alleys	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
John Spittler	North Denver		Help clean up Sloan's Lake and keep it updated	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Jane von Halle	North Denver		Sloan's Lake desperately needs to fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is an amazing part of Denver and it would be INCREDIBLE if the lake was actually usable for water crafting and using the beach. It is currently an unsafe habitat for fish too, every summer when it gets hot all the fish die. we must fix this!!	dredging sloans lake so it is safe for water activities and swimming, as well as fish and animals that use the lake
Andrea Henderson	North Denver		The Sloan lake park could really use revitalization. The tennis courts have been out of commission for years. I would love to revive the lake to safety for animals and people to enjoy.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Drew McDougall	North Denver		I think Sloans lake needs a European striped marble statue that immortalizes the spirit of Sloans lake, and to help exemplify the recent ground breaking ruling that women are allowed to walk around topless in Denver and will not be ticketed. I think this ruling was a great step in the right direction, and I wish it would pass state wide, and nation wide. I think this statue would help to embolden locals and would tie our community together and would help up morale as art usually does.	I think Sloans lake needs a statue to inspire all of the people who work out at the park, and to encourage artists to come to Sloans lake. I think the statue should explore female nudity and male nudity in a public space, and will help to reflect healthy body positivity and will help set an example for other parks and communities to follow along in Sloans lake leadership.
Jeannine J Spicer	North Denver		Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse. The park itself is not well kept. Weeds outnumber grass, sidewalks are broken down, graffiti is painted, trees lack water and die, excuses are given for every problem.	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse. The park itself is not well kept. Weeds outnumber grass, sidewalks are broken down, graffiti is painted, trees lack water and die, excuses are given for every problem.
James Bettis	North Denver		Increased security, foot patrols from police officers, forced housing of homeless drug addicts. Improved walkability of West Colfax. Dredge Sloan's Lake so it doesn't have to be closed down every year. Remove bus shelters that are just drug hangouts on W. Colfax. Fix the potholes and uneven surfaces on W. Colfax. Enforce the no camping bans throughout the Sloan's Lake area, Sheridan Blvd, near the light rail and Cherry Creek Trail systems. Incentivize multi-level parking garages to help the businesses.	Enforce the laws we have on the books, remove the homeless drug addicts, clean up the graffiti, fix the road and have a walking police presence throughout Sloan's Lake, W. Colfax. Continue the improvements to W. Colfax to make it safer and more desirable to walk.
Lucas Armstrong	North Denver		Being able to store a small boat and sail on Sloan's Lake again.	Na
Ryan Grenoble	North Denver	North Denver	Reallocate funds to neighborhoods in west and north Denver. Dredge Sloan's Lake and turn it into a swimmable body of water that doesn't kill thousands of fish every summer when it gets too hot.	Please consider dredging Sloan's Lake! The project is shovel ready and will benefit the tens (hundreds?) of thousands of people who visit the park on an annual basis. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Megan Guy	North Denver	North Denver	Clean up Sloan's Lake and improve bike : walking path safety	Sloan's Lake desperately needs to be cleaned up, and the project to dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Hunter Mellema	North Denver			Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Agnieszka Faryna	North Denver		Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Julie Eyden	North Denver		Investment in Sloan Lake-accelerated timelines for tennis court rejuvenation. Funds to dredge the lake.	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Tim	North Denver		Safety from drugs and crime. More trees at Sloan's Lake.	Let's get these tennis courts operable again and take the opportunity to resurface with lower maintenance clay or similar material.
Devin Powell	North Denver	North Denver	<p>Continued improvements to pedestrian and bike safety. Love the traffic calming improvements to 29th, massive disappointment (but not at all surprising) that the protected bike lane did not continue to Sheridan.</p> <p>Hope to see continued investment in Sloans Lake. Tennis courts on the north side have been closed for years and I haven't been update to get an update. Temporary barriers to keep cars out of the north side of the lake (along Byron) have been there for years, which has been an incredible improvement but would love to see permanent planters and/or landscaped barriers and perhaps a more holistic redesign of the existing paths (distinct space for faster runners/cyclists/etc, like Washington Park)</p>	<p>Denver lacks tennis courts as is. Nearby Berkeley Park is extremely popular, hosting numerous USTA teams, school programs, and rec play. It's often packed by 5pm resulting in long waits to play tennis. The resurfacing of the courts on the south side of the lake helps but they lack lights (unliked these courts!) limiting their usefulness.</p> <p>In addition, we should take the opportunity to resurface with a clay (Har-Tru or similar) surface. Clay is more forgiving on players' joints and requires less expensive long-term maintenance compared to hard courts, which crack and deteriorate quickly, especially in our climate.</p> <p>Many cities have successfully converted hard courts to clay resulting in increased usage, lower maintenance and positive community feedback. This upgrade would provide a more sustainable, player-friendly facility for the community.</p> <p>Thank you!</p>
Haley Turner	North Denver		I would like to see some affordable housing options in the neighborhoods around Sloan's Lake.	N/a
Kym	North Denver		Rec Center / More Parking	More Parking for home owners and apartment. Not football or events at the stadium. Jefferson Park needs more benches and tables. Better Bathroom.
Greg Jackson	North Denver		<p>Better safety along Sheridan Blvd Improve the trails at sloan lake, berkeley lake, and other parks Clean up Sloan's Lake and make it safe for swimming Build a beach at Sloan's Lake for kids Better zoning so thriving business districts don't get turned into condos (e.g. north Tennyson St)</p>	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Terri Mungle	North Denver		<p>More Trees Better signage with lights flashing at pedestrian crossing. EXAMPLE- 26th and Tenneson crossing does not have flashing lights. Many drivers do not stop or honk at vehicle who does stop for crossing pedestrians. Already had one neighbor killed on 26th a few blocks east of this crossing. Clarity on who is responsible for violations in neighborhoods . Example- Developers or homeowners putting sump pump drainage into alleys or into gutters. Effects other neighbors is a safety and health hazard. better enforcement of fireworks violations plz Stop the artificial turf. Not good for climate.</p>	
William Hartman	North Denver		<p>I would love to see sidewalks built in my neighborhood. Many houses have no sidewalk today which means pedestrians walk in the street to the danger of themselves and others. Just imagine Halloween? I'm scared for the kids walking the street at night.</p> <p>I also would love to see Sloan's Lake improved, as described below.</p>	I would love to see Sloan's Lake and the surrounding park improved. The lake desperately needs to be dredged to improve its usefulness, health, and aesthetics. In addition, there are so many underutilized opportunities around the lake - notably the former concession stand on the north side (which I would love to see turned back into a restaurant/concession stand) and the wasteland of equipment on the southwest side.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Ryan Borman	North Denver	North Denver	Sloan's Lake Improvements. More (micro) Skate parks. Keep the bike lanes coming.	Sloan's Lake Improvements. More (micro) Skate parks. Keep the bike lanes coming.
Maddy McCombs	North Denver		I would love to see continued investments in our libraries and in the services they provide. I'd like to see more bike and public transit infrastructure and safety (like protected bike lanes, more reliable and frequent bus schedules, bus stops with better shelters, etc.)	
Gene Wiggins	North Denver		Dredge Sloan's Lake and improve trails and playgrounds.	<ol style="list-style-type: none"> 1. Develop undeveloped area on south shore of lake, just north of south playground and south of Samuel Island, with trail extension along lake, benches and possible shelter similar to Melrose Inspirational Garden. 2. Enhance and upgrade west side of lake along Sheridan. 3. Sloan's Lake desperately needs to be fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Ronald D Kelly	North Denver	Central Denver	Quit spending mass amounts of money on bike lanes and pedestrian friendly traffic ways at the expense of car traffic. Population has grown to much to continue to take traffic lanes away for use 6 months out of the year due to climate. Spend money on Sloan's lake park instead which is used all the time dredge lake and add sand beach	Dredge Lake. Add beach. More restrooms limit field use for sports on North west side of park. Grass can't handle it.
Leslie Willis	North Denver	North Denver	Streetlights and a dog park. There's nowhere to run dogs off-leash in Sloan's Lake	We need a dog park in Sloan's Lake. There's no fenced area anywhere in our neighborhood for dogs to run, which means dogs are just loose at Sloan's and Hallack Park. The neighborhood has exploded in the past 10 years but the amenities haven't kept up with growth.
Beth Anne Fisher	North Denver		more trees in the tree strips, safer pedestrian crossings, more offerings at the rec center	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Gary Jay Gartenberg	North Denver		more traffic lights, more bike lanes, better sidewalks.	Upgrade Sloan's lake by dredging the lake and restoring the tennis courts on the north side.
Amy Hopfe	North Denver		Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Jenica Blechschmidt	North Denver		Specifically around sloans lake park. It's probably one of the only parks in Denver that sees cultural diversity. This park needs maintenance and updates more than any other area to support a clean and safe environment	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse. Furthermore, the updates to the south side of the lake playground are incredible. Please do similar updates to the north side of the city. And, there are many dogs off leash at the park illegally. They should be ticketed or we should construct a dog park for safety for the dogs and people.
James D Blazier	North Denver		Cleaning up the waterway in and around Sloans Lake	More and more people are living and using the area around Sloan's Lake the water quality needs to be cleaned up and made better.
Noah Catalfomo	North Denver	Central Denver	We need more access to fast EV charging and sidewalk repairs. Downtown needs a much larger police presence to make people feel safe.	We need to save Sloans lake! The lake is desperately in need of a full dredging. This lake used to be filled with water skiers when I was a kid, now that's not possible as it's only three to six feet deep. If the city doesn't do something, this lake will be lost for generations to come. It will end up being cattails and mosquitos. The city residents that frequent the lake deserve better management of this resource.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Christi Weindorf	North Denver		Sidewalks and traffic calming on 26th Ave between Sheridan and Federal so that my family and others can safely walk our kids to school at Brown International Academy. Cars fly down 26th Ave making it dangerous to cross the street to get to school or to the park. I've been nearly hit by a car at least half a dozen times trying to cross the street on 26th Ave, particularly at the intersection with Lowell. Also there are not sidewalks in some areas of 26th Ave which makes it hard to walk safely in our neighborhood. I've seen people walking in the street along 26th Ave with cars literally speeding over the speed limit going past them. It is dangerous.	Sidewalks and traffic calming on 26th Ave between Sheridan and Federal so that my family and others can safely walk our kids to school at Brown International Academy. Cars fly down 26th Ave making it dangerous to cross the street to get to school or to the park. I've been nearly hit by a car at least half a dozen times trying to cross the street on 26th Ave, particularly at the intersection with Lowell. Also there are not sidewalks in some areas of 26th Ave which makes it hard to walk safely in our neighborhood. I've seen people walking in the street along 26th Ave with cars literally speeding over the speed limit going past them. It is dangerous.
Aaron Sullivan	North Denver		Better sidewalk access to the Scheitler Rec Center across 46th (currently only one crosswalk a block away and no sidewalks from 46th to the rec center). Fewer allowances for real estate companies to come in and take over neighborhoods without thoughtfully considering parking and the impact on residents. Speed bumps or humps to slow drivers down.	
Fran Baker	North Denver		A clean lake	Clean up Sloan's Lake No more bike lanes! Possibly more parking areas
Victoria Fernandes	North Denver	Central Denver	Traffic calming and pedestrian improvements for students and parents walking to/from Brown International Academy specifically on 26th and Lowell. Or give us speed cameras!! We need better playgrounds and park systems within walking distance of Brown International Academy - the playground on 29th and Osceola could use an upgrade. We need a stronger police presence in the vicinity around Federal Boulevard.	
Connor	North Denver	Central Denver	More trees and parks. More dense housing. More protected bikelanes with greenery to protect it. More public transit options with bus only lanes.	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Mike V.	North Denver		We have had the same recreation center for over 40 years - Scheitler/Berkeley Recreation Center needs to be re-done and expanded!	Scheitler Rec Center - Build a new one - already own the park land - build a regional rec center for NW Denver!
Laura Rippentrop	North Denver		Please fix the tennis courts at the N. Side of Sloan Lake. It's been over two years.	
Ellen LeJeune	North Denver	North Denver	Swimming pool and parks	Public pool in the old park hill gold course
Robert Schmid	North Denver		The most important strategy is to be able to maintain existing infrastructure and facilities. That has to take priority over adding anything new simply because Denver has a poor track record for maintenance and upkeep.	<ul style="list-style-type: none"> • Increase DPD patrols and traffic enforcement. • Repairs and update to Berkeley Recreation Center • Be consistent on trash pickup schedule and return Recycle to weekly.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Mario Aragin	North Denver		I work a lot out of for the Valverde neighborhood association alongside Mrs. Evon & Mr Art Lopez along with Nick & Irma, Leah Logan, & many others who are strong advocates for Valverde with so much love, blood, heart and tears put into the community with very little or nothing to show for it. Being a gang member in North Denver for almost 35 years I know that a lot of children would have followed my "so-called" career path if it was not for the libraries, recreation center, swimming pool, and many other family oriented activities which north Denver provided. As I work along the Valverde area I see no kids playing in the parks, no neighborhood watch, no library, no swimming pool and or activities suitable for families and the community to because one and get to know one another. Instead it's replaced for homeless people and tents, drug paraphernalia, & darkness. Everyone once in a while you'll see a patrol car. Valverde may be small in size yet doesn't mean it should not grow & shine	The entire area of the Valverde neighborhood which includes, residential and businesses.
Chaz Rapier	North Denver		Revitalize Sloan's Lake! Take out the ugly barriers on Byron and add speed bumps to control speeding traffic through the northern edge of the lake.	
Amy Henschke	North Denver			Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake it the centerpiece of our community and it needs our support before it gets any worse.
Sumeet Garg	North Denver		Grocery stores, less street crime, less open drug use and camping	
Michele Stillwell-Parvensky	North Denver	North Denver	Better bike infrastructure, including more bike parking for cargo bikes (which we use to travel with our 3 kids instead of a mini-van). Park and playground enhancements. Libraries open evening and weekend hours. More rec center activities, especially kids swim lessons.	What about a toy library (could be housed at an existing library - maybe upstairs at Blair Caldwell or maybe in a community with higher proportion of library using families). It would let people check out toys with their library card, reducing environmental impact of buying lots of new plastic toys and increasing access for low income families. I used to live in Oakland, and they had this and it seemed to work well.
Ronda Lambatos	North Denver		Better rec centers, swimming pools with quality locker rooms, renovated library, bike paths, pedestrian safety (too many speeding cars)	
	North Denver	North Denver	Expanding light rail, increasing library programs, increasing affordable housing and family shelters	
Maria	North Denver		Slower road speeds, more safe pedestrian crossings, less parking on major roads to be replaced by truly safer bike lanes (what happened with the commercial blocks of the W 29th Ave bike lane was a huge disappointment)	
Carolyn	North Denver	Central Denver	Better enforcement of snow removal and sidewalk maintenance; better enforcement of leash laws in public parks; affordable housing and services in all neighborhoods so that our community is integrated across all people	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Ryan Leidigh	North Denver		Investment in public transport that is not busses; think Seattle's South Lake Union Trolley, Amsterdam's tram system on 38th, 32nd, Federal, across the 15th Avenue bridge, etc.	Woodbury Library: comprehensive renovation of a historic building
Tara Alderfer	North Denver			Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Bridget McNeil	North Denver		<p>I fail to understand why there are not recycling receptacles in the major parks? I appreciate that there is probably a mix-up of trash/recycling but surely other cities have a method to address that problem.</p> <p>Also, the City went way overboard on the plan to address traffic issues (circles, bollards). At my residential intersection, each of the four corners are now littered with bollards that do nothing to address traffic issues, as each car just has to pull out further into the intersection to see around the bollards. And b/c the street sweepers cannot access the area, it is infested with weeds in the summer. And people toss their electric scooters or bikes there. Our neighborhood would be improved by removal of these corner bollards and they could be recycled to more useful traffic issues like better separating/protecting bicycle lanes.</p>	
Finley Sutton	North Denver	Central Denver	More housing options and a diversity of housing price points	Better pedestrian infrastructure along 38th Ave between Sheridan and Fox. Separated sidewalks
Matthew Elliott	North Denver	North Denver	Fewer cars, safe spaces for pedestrians and rollers. More housing options. No on-street parking. More green space. School Streets around all our schools. Raised crosswalks anywhere a pedestrian way crosses a street.	<p>Convert 41st Ave from Inca to Sheridan into a greenway: diverts for car traffic every few blocks to limit traffic to local users; parklets up and down the street for kids to play in; raised crosswalks for pedestrians so they don't need to slope/step down to car level and back up again; no access from arterials like Federal and Sheridan.</p> <p>The same could be done for all neighborhood bikeways: 35th, Perry, and Navajo in particular in NW Denver.</p>
Matthew Elliott	North Denver	North Denver	Get rid of all the car spaces and give it back to people.	Turn Tennyson into a pedestrian mall between 37th and 46th. Between all the businesses, schools, and parks in this stretch there is always a ton of pedestrian traffic. This isn't a convenient place to drive anyway, so it should be turned over completely to pedestrians.
Matthew Elliott	North Denver	North Denver	More places spaces for kids. I see them riding bikes, scooters, 3-wheelers, skateboards up and down the sidewalks, but they always have to stop at the end of the block because cars.	Convert the Columbian Elementary School property into a neighborhood playground and implement a pedestrian-focused intersection at 41st and Federal to connect it to McDonough Park.
Matthew Elliott	North Denver	North Denver	Safe connections out of the neighborhood. There are no safe routes for pedestrians or bikes/rollers to get out of Sunnyside. We're surrounded by high-injury-network roads and highways. Except the bridge over 38th at Inca, no crossing are safe to use.	Update the bridge over the train tracks at the 41st & Fox station to accommodate bikes (or add a separate bike connection). The current bridge only provides an elevator as a mechanism for bike usage which is impractical for many bikes (cargo bikes in particular). Ramps on and off the bridge or another bridge option would allow rollers to cross what is otherwise an impassable barrier.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Gail Clark	North Denver		<p>Increased separate Bike Lanes (with dividers from cars) for taking my kids to school and for commuting to work downtown.</p> <p>It would help greatly as well to add a Push button flashing pedestrian crossing button at 26th and North Perry. Last year, the city put in a painted crosswalk, but people drive so quickly down this road and almost hit walkers and cyclists all the time. I live on the corner and hear lots of honking and yelling. the city did a great job with 29th Street crossings and bike lanes between Sheridan and Federal. But 26th Avenue is even busier than 29th ever has been, so we need it too!</p>	<p>It would improve safety to add a Push button flashing pedestrian crossing button at 26th and North Perry. Last year, the city put in a painted crosswalk, but people drive so quickly down this road and almost hit walkers and cyclists all the time. I live on the corner and hear lots of honking and yelling. the city did a great job with 29th Street crossings and bike lanes between Sheridan and Federal. But 26th Avenue is even busier than 29th ever has been, so we need it too!</p>
Matthew Elliott Mariah Kamei	North Denver	North Denver		<p>Provide a safe connection out of Sunnyside to the North. Currently Zuni and Pecos are the only ways to get North from Sunnyside and both are treacherous for non-car users. A protected, vertically-separated bike lane on Pecos might be the best option because Zuni deadends shortly beyond the Denver boundary. Especially around the I70 interchange, Pecos is plenty wide enough to drop a car lane in each direction and build people-friendly infrastructure. This could also help slow car traffic which is loud and dangerous around the 46th ave intersection where the Little League t-ball and machine pitch leagues play.</p>
Cindy Guerrero	North Denver	West Denver	Housing homeless	
Bri Liz Wachtl	North Denver		<p>I am a renter in D1, an area that has been facing increased gentrification and rising housing costs. With the current trajectory of growth, I will soon be priced out of the neighborhood I've called home for years-- or at the very least, I won't be able to own a home here. Housing affordability is a top issue for renters and homeowners alike. That is one of the many reasons I want to see truly affordable housing, solutions that combat gentrification, that prevent displacement of Black, Brown, and Indigenous people who are rapidly being pushed out, and prioritizes working class people by promoting public and collectively owned housing models. I want to see increased funding for a social housing fund, rental assistance and eviction defense, and community-owned land trusts and limited equity cooperatives. We should be creating and preserving housing that retains its affordability forever and is owned by the community, not a status quo model that prioritizes out-of-state investors.</p>	<p>Social Housing - An infusion of dollars into Denver Housing Authority modeled after the success in Montgomery County, Maryland. Funds publicly owned apartment buildings, where rent from higher-income tenants helps keep costs low for working-class residents.</p> <p>Community Land Trusts - Community Land Trusts keep housing permanently affordable. The land is community or nonprofit held, allowing residents to own or rent their homes, preventing speculation and keeping prices stable.</p> <p>Limited Equity Cooperative housing - Funds resident-owned cooperative housing projects, expanding Denver's network of affordable, permanently resident-controlled housing options. One prominent cooperative in Denver is Queen City, which has been at the center of the group living fight to decrease restrictions on the number of people who can live in one home.</p> <p>Social Infrastructure Supports - Rental assistance, eviction defense, technical assistance, and mutual aid organizational support.</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Rob Prince Mollie	North Denver North Denver		<p>1. Walking overpasses on 38 Ave and on Federal between Colfax and I-70</p> <p>2. Genuine - not the BULLSHIT affordable housing (which is not affordable)</p> <p>3. A less hostile attitude from neighborhood community people about homelessness. This is NOT a welcoming neighborhood for the homeless (or for immigrants) with STUPID PEOPLE writing on neighborhood social media worried more about their (already) inflated property values than about fellow humans in distress. Really makes me sick to my stomach and ... IT DOESN'T HAVE TO BE THIS WAY AND IT WASN'T (AS WE HAVE LIVED IN THIS NEIGHBORHOOD NOW FOR 50 YEARS.</p> <p>4. Not closing Columbian School - DPS should NOT be run on a business model.</p> <p>5. Better more efficient public transportation. As you are WELL AWARE, public transportation in Denver is sub par with LOUSY bus service and a light rail that serves the suburban middle and middle upper classes and not the rest of us. It really stinks.</p>	
Ebin R McLaughlin	North Denver		More walkability and open nature areas	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Ted Herringshaw	North Denver		More protected bike paths, more pedestrian-friendly elements, fewer cars, less parking	Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Kristin Lang	North Denver	North Denver	<p>I would like improvements in GES including connections.</p> <p>GES Connections</p> <p>Marion Underpass</p> <p>Housing</p> <p>1909</p> <p>Splash Pad</p> <p>Parks and Open Space</p> <p>Arena</p> <p>Resiliency Hubs</p>	I would like improvements in GES including connections.
Victoria Hellmer	North Denver		Better playground equipment at Cesar Chavez Park on Tennyson. More traffic-slowing on W 38th Avenue and also on Irving between Federal and W 38th, for the benefit of pedestrians. More speed enforcement on those street, as well.	<p>Library improvements, specifically:</p> <p>Blair-Caldwell: 2nd and 3rd floor renovation and other building upgrades</p> <p>Decker: a comprehensive renovation of a historic building</p> <p>Park Hill: comprehensive renovation of a historic building</p> <p>Montbello: a comprehensive renovation and addition to the building</p> <p>Valdez-Perry: a comprehensive renovation and addition to the building</p> <p>Potential New Libraries in the neighborhoods of East Colfax and Chaffee Park/Sunnyside</p> <p>Libraries are only going to become more important as we head into what looks like a recession and a pullback of the federal government.</p>
Caroline Vanstory	North Denver		Less emphasis on density. More efforts to protect single family homes .	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Ellen Roth	North Denver	North Denver	<p>Fewer scrapes that eliminate relatively affordable homes and build backs that don't reflect the character, are still just single family, and make everything look like cherry creek.</p> <p>More trees for climate resilience and programs to encourage people to get rid of or lessen the space taken up by their grass.</p> <p>City provided recycling opportunities for hard to recycle items</p> <p>Supporting our small businesses as they fight increasing gentrification, rising rents, and so much construction. Keep Colfax local.</p>	<p>More bathrooms in City Park.</p> <p>More traffic calming infrastructure in the City Park Neighborhood - particularly around the school. Teens are at risk, but also drive too fast.</p>
Alejandra X. Castañeda	North Denver	North Denver	<p>1) Modernizing our zoning code (https://bipartisanpolicy.org/blog/10-actions-to-housing-affordability/) so people can build diverse housing options--"the missing middle"--on every city block, instead of just tall multi-family building along harmful stroads that prioritize car throughput & mostly single-family units elsewhere. 2) Investing in high-quality public transportation (https://climatex.org/climate-issues/car-dependency-costs/) to offer economic opportunities to all & reduce public costs. 3) Building mobility infrastructure that centers people, not cars. 4) Piloting school streets (https://www.880cities.org/reimagining-north-american-streets-for-safe-active-and-joyful-trips-to-school/). 5) Removing car parking requirements asap. 6) Ensuring we have access to healthy, affordable food options within walking/rolling distance. 7) Limiting auto-oriented facilities (gas stations, drive-thru restaurants). 8) Jobs that pay a living wage & allow workers to live where they work.</p>	<p>Pilot a "school street" along the W 41st Avenue Neighborhood Bikeway to prioritize the safe & active mobility of middle schoolers walking & rolling to school. The closure would be between King and Irving Streets, at drop-off and pick-up once a week for a month (fall or spring). It will open the street to people and close it to cars so the community can see the benefits first hand. The pilot program could be made permanent and extend to other city neighborhoods, creating a network of safe school streets where our young people are prioritized and encouraged to move independently. School buses would still be allowed to enter the school street if necessary.</p> <p>Another project would be the W 38th Avenue Corridor long-term vision, to reduce traffic lanes on each side, add green infrastructure, give the bus priority at key intersections, prevent left-hand turns at every intersection, and transform this High-Injury Network road into a more livable, connecting street in Northwest Denver.</p>
Jennifer Qualteri	North Denver		<p>This is an amendment to a survey I already filled out. I would like \$80,000 bond for dredging and a \$40,000 bond for inlet mitigation, water quality, shore work and repair, etc. of the Sloans Lake Park.</p>	<p>\$80,000 bond for dredging and a \$40,000 bond for inlet mitigation, water quality, shore work and repair, etc. for the Sloans Lake Park</p>
Elena Espino	North Denver	North Denver	<p>The Elyria Park deserves a new playground, that playground has been the same since I was a smaller child I am now 22 and nothing has changed! The kids in the neighborhood deserve a new playground! Also the sidewalks in Elyria are old and cracked, new sidewalks are needed! There is also a lot of campers of homeless that need to be removed or give them assistance another way!</p>	<p>Just build a new playground! Make that park beautiful again! It has been the same since I was a little child!</p>
Alexis	North Denver	Central Denver	<p>Repaving many roads around Globeville, primarily Washington. And air quality!!! Multiple times a day the air stinks like asphalt or Argo park/platte trail/Spur smells like sewage.</p>	<p>Repaving and adding drainage to the underpass on 38th going under the tracks. Potholes quickly reform and ice builds up.</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Channing Childs	North Denver		<p>Denver needs some key improvements!</p> <p>Berkeley Park Pool & Rec desperately needs an update. Cesar Chavez Park needs upgrades and more trees—the slides get too hot in summer, which is a citywide issue. We need more splash pads as summers keep getting hotter and more tree cover on every street to keep neighborhoods cooler and healthier. Mixed-use development should continue to maintain Denver’s walkability.</p> <p>Let’s add wildflowers and bee corridors! So much unused space, especially around highways and city right-of-ways, could be filled with native flowers.</p> <p>Lakeside is an eyesore—while it’s not city-owned, the homes on Sheridan are in terrible condition. Also, put a grocery store at Park Hill Golf Course—it’s long overdue.</p> <p>Finally, a bus loops would make downtown more accessible. A loop from 38th & Tennyson, LoHi, RiNo, LoDo, Union Station, Sloan’s, and 32nd would be a game-changer. Denver is amazing—let’s make it even better!</p>	
Lauren Millisor	North Denver	North Denver	<p>- sidewalks - Stout Street changing to a two way street for lower speed and ease for students to cross to reach library and parks</p>	
Sarah Black	North Denver		<p>More green spaces; I also really appreciate all the new bike lanes and everything.</p>	<p>Convert the Coors field parking lots that sit unused most of the year into underground lots with a big park on top. More public green space, potentially more parking for Coors field depending on how deep you build it, you don't have to create any space for it or take up an area that could be going to housing/businesses; it's an easy win for everyone. Plus you can build it during the off season and/or go one lot at a time so you're not completely upending all of the parking at once. Not entirely sure it qualifies for the bond but it would be cool if it did.</p>
Lisa Rogers	North Denver		<p>Affordable housing and shopping. The lack of class or economic diversity is challenging. Everything seems to get more and more expensive with no options for people with modest or lower income.</p>	
Annie Oldakowski	North Denver North Denver		<p>More trees, please! That would help our District 1 and specifically my neighborhood Jefferson Park beat the heat in the summer - more greenery seems reasonably easy to add and a cost-effective improvement.</p>	
Jenn Knight	North Denver	North Denver	<p>Make Stout two ways, remove stoplights on Champa, treat our neighborhood streets like they are in a neighborhood (vs. commuting streets). Prioritize the rebuild of Curtis-Mestizo park and pool.</p>	<p>Make Stout two ways to slow down traffic, convert stoplights on Champa to stop signs.</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Amanda L Morian	North Denver		The IRA funding being unfrozen by the current administration... Otherwise, continuing connectedness, decreased flooding, increased greening infrastructure, increased safety, in general and especially for commuting by foot/bike/RTD. Actual action and maintenance around soil, air and water safety. ACTUAL affordable resources for cooling equity, air quality, etc. ACTUALLY holding the biggest community polluters accountable for their actions. All of this needs to happen with community-led and community-invested/involved participation, which is really hard for many reasons.	Real activation of the pocket park at 4400 Pearl St seems like a decent start, which has been delayed for years now. There are other very involved people/groups pushing for this, as well. CDOT-owned land on either side of I-70 and Broadway/Lincoln could be greened up in many useful ways to prevent erosion, decrease flooding, increase greenery for re-uptake, carbon sequestration, improved air quality/barrier building, etc. Removal of concrete pads to instead create green spaces for all the aforementioned reasons.
Nicole Kazenske	North Denver	North Denver	safety on the streets whether walking, biking or driving. enhance our pocket parks (smaller parks need love too) Support our resources, libraries, police and fire teams	
Ruley	North Denver		I think lights at ruby hill bike park would bring the over all safety of the park up because there would be always active lights. This would also bring the biking community together more at ruby hill making it a more enjoyable place for everyone.	I think lights at ruby hill bike park would bring the over all safety of the park up because there would be always active lights. This would also bring the biking community together more at ruby hill making it a more enjoyable place for everyone.
Kelsey Ashton	North Denver	Central Denver	Safe RTD commuter options that do not require a transfer from northwest Denver to Union Station/State Capitol; Timely enforcement of traffic and parking laws/ordinances; Discouraging Lowell Blvd, north of W. 38th Ave. as an I70 on/off ramp and directing that traffic to Federal or Sheridan Blvds.; Fiscal incentives for existing homes to be updated as opposed to torn down and rebuilt to maintain the remaining history and architectural integrity of the area; Reduce light pollution from commercial buildings; Reduce noise pollution from traffic and motorized vehicles.	
Katie Glesne	North Denver	Central Denver	We need more parks and open spaces for community in Central Denver. Downtown is filled with parking lots and it is a embarrassment. We should be buying up these lots and repurposing them for community driven spaces. If we want to improve downtown, we need to make it family friendly, not filled with parking lots, empty buildings and no trees!	If we cannot repurpose parking lots, I would suggest making Benedict Fountain Park safer. It needs fenced in play areas for children, bathroom facilities, water features (splash pads would be great). Educational spaces for kids to learn- nearby schools to utilize (especially schools without designated play areas). Contact me for more information! I am working with DPP and DDDA.
Jessica	North Denver	West Denver	More bike streets and protected bike lanes that connect the neighborhood to regional trails	
Stacey Secora	North Denver		Could we possibly get the iron dividers that run down the medians on Federal Boulevard between about w 50th Ave and w 29th Ave repaired? It would also be great to see some taxpayer funds used to improve our actual streets and scenery, instead of looking at areas that are so dilapidated.	Could we possibly get the iron dividers that run down the medians on Federal Boulevard between about w 50th Ave and w 23rd Ave repaired? These have become quite rusty, broken & dilapidated.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Taylor Siebenberg	North Denver		Convert Stout Street from a one-way to a two-way street in the Curtis Park Neighborhood. This would help reduce dangerous vehicle speeds and make it safer to residents, visitors, students and teachers to cross the street to libraries and parks. All of the intersections along Stout Street are incredibly dangerous because of reduced site lines and speeding vehicles.	
Frances Frain Aguirre	North Denver		A tree windbreak and shelter for the students, especially at TreVista/ Horace Mann School. A wall of various kinds of tree could be planted behind TreVista/HM along the south edge of the tennis courts. Along with providing protection for the students and those playing soccer, consider all of the carbon dioxide used to produce the oxygen needed to clean the air! Care of the planet could be fostered when each class has the opportunity to adopt a tree and care for it.	It would be possible to plant about 20 trees--one for each class. There would be a need for people to dig the holes with a special ceremony following. Stakes would be needed to protect the trees and watering bags would assure that the trees would survive. These trees could be planted at the start of the school year this Fall. (I could not find the word "home" to access the map!) These trees would certainly last for more than 10 years.
Levi Cohen	North Denver		Better maintained roads, cell service (if possible) and more bike parks and skateparks.	A velosolution pump track, as it is usable on bikes, scooters, and skateboards. it is also EXTREMELY weatherproof and needs little to no maintenance.
Tera Gall	North Denver			
Jennifer Qualteri	North Denver		This is an update to two other surveys I filled out. I would like to see money go to substance abuse rehab centers. These could go in places like 200 W Colfax	This is an update to two other surveys I filled out. I would like to see money go to substance abuse rehab centers. These could go in places like 200 W Colfax
Rhonda Skallan	North Denver			
Trey johnson	North Denver		Add light to ruby hill bike park dirt jumps section	Add light to ruby hill bike park and the community will benefit by being more active
Kayvon Coffey	North Denver		Better maintenance of the Hirshorn park	
James Todd Reeman	North Denver		Get the geese out of sloans lake park Clean up the sloans lake water and make it safe for water sports	
Chi-Chi Lin	North Denver	North Denver	Make Sloan's Lake safe for pets and humans to swim/wade in!! Sloan's Lake Park Foundation is amazing!	We need to do all Sloan's Lake capital improvement plans and also ask our counterparts in Wheat Ridge and Edgewater to contribute. The watershed covers Lakewood, JeffCo Unincorporated Area, Wheat Ridge, and Edgewater... so these are all "users" of the Sloan's Lake reservoir.
Carolynne Harris	North Denver	North Denver	Recreation centers open every day (the ones closest to me are not) with better gym equipment. Aztlan and Ashland gym areas are very basic and super small, not open every day. Outdoor pools open and safe longer than just 2 months in the summer. More community events that bring people and public safety people together socially. More street lighting and public trash receptacles that are kept up. Pop up art/music events for neighbors to attend for low cost or free.	
Brad Burger	North Denver		More housing. This is our number 1 issue in the city. We have golf courses but people can't find adequate shelter or afford a house. Second issue is transportation. We have climate goals but we are investing in public transport of cycling infrastructure. Denver is become more and more reliant on cars and spending less tax dollars on housing and public transport.	Bike infrastructure and housing and public transport!
Eli Weidd	North Denver	East Denver	Keep all the bike parks!!	Build more dirt jump parks

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
David Kugler	North Denver	North Denver	I would love to see social housing in my neighborhood and around the city. I'd also love to have access to a full service grocery store within walking distance of my home. I would also love a library and a recreation center in my neighborhood.	
Eliana Chioetto JPughes	North Denver	North Denver	Improving state of our streets, some are in pretty bad shape. Safety- I recently went to Safeway on Federal & 26th at on a Sat morning and after 10min someone had already tried to steal my car. I had to change the lock - \$800. The homelessness problem downtown. Safety, safety, safety	
Bryan Tom Legueri	North Denver	Central Denver	Stop being a sanctuary city, and start becoming a city that supports its citizenry. Everyone is tired of the Shell game and tiny housing communities that Denver developed all at the expense of the Denver taxpayers.	
Lindsay Dawson	North Denver		1. DESIGNATED BIKE LANES ON LOWELL BLVS; BETWEEN COLFAX AND 46th AVE. This is a very high use street and many people, including many students, use it every day. Lowell a busy street and becomes even more congested during student drop-offs and pick-ups. Drivers are commonly more focused on vehicular traffic around them and not as much on pedestrians. I have seen multiple near-miss instances due to this, basic lack of focus, phone use, and general impatience. 2. DESIGNATED PACKED DIRT/GRAVEL PATHWAY AROUND PERIMETER OF SLOANS LAKE. Sloans Lake is a very popular location for runners, bikers, kids on scooters, skateboarders, and even roller-skaters / bladers. The paved pathway around the perimeter of the lake becomes very congested. Plus, many like the back and joint-friendly option of a packed dirt/gravel path. A dedicated pathway like this around the perimeter of the lake (6-7 ft in width) would not only give people this option, but would lessen congestion on the paved pathway.	1. Jody Georgeson Ramsay Huntley	North Denver	Central Denver	Low income housing Services for the unhomed	
Rachel Lucero	North Denver	Central Denver	It's not every kid friendly. No bike lanes my community just needs a whole facelift. I was born and raised in Denver my children will grow up here too.	N/A

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Natalie Sivak Leslie Karnauskas	North Denver North Denver		I would love for Denver to make more progress in housing the unhoused.	<p>Supportive and affordable housing projects on city land or converted city buildings for people exiting the cycle of homelessness or with systemic barriers to accessing housing.</p> <p>2. The City could use GO Bond funding to invest in retrofitting and upgrading shelter facilities to be ADA accessible.</p> <p>3. The City in partnership with homeless service providers could stand up a specific facility to address the ADL needs and provide long-term stability for our unhoused neighbors.</p> <p>4. Many supportive housing developments and shelter facilities desperately need upgrades and investments in more efficient energy systems and upgrades to security and safety systems including things like controlled access entry-ways, security cameras, and other monitoring and safety systems.</p>
Carolyn Prather Maya Diaz	North Denver North Denver	West Denver Central Denver	Better bike lanes, more pedestrian infrastructure, police presence on I-70 & I-25. BETTER PUBLIC TRANSIT SYSTEM	
Divya S Maheshwari	North Denver	Central Denver	<p>RED LIGHT CAMERAS</p> <p>Better sidewalks everywhere</p> <p>City Park Golf Course really cuts off the neighborhoods north of it. There's no good way to get from those neighborhoods to city park without crossing Colorado Boulevard or being on Colorado Boulevard, which is a super large, high-speed corridor (7 lanes). A pedestrian crossing through City Park Golf Course would be a game changer in making city park more accessible.</p> <p>The Purina Dog food factory makes the air smell really bad, and the air quality in general is pretty bad due to the industrial Commerce City Area.</p> <p>The south and east sides of this district don't have many businesses. I'd love to see investment in creating coffee shops and restaurants, gyms etc. 29th Ave and Bruce Randolph Ave both seem like great streets to improve upon their current infrastructure (some of which is crumbling, especially on Bruce Randolph) and create neighborhood centers for people to enjoy.</p>	Pedestrian Crossing between 26th Ave and City Park Golf Course's parking lot to connect Skyland/clayton to City Park, Denver Zoo, and the Museum of nature and science
Sara Thornton	North Denver	South Denver	I think it would be wonderful to upgrade and strengthen our neighborhood rec centers as they continue to be hubs for community engagement.	We would love to see an expansion of the pool at Scheitler Rec Center! There are quite a few "elite and selective" pools popping up in the area that are inaccessible to people with limited disposable income. Making the pool at Scheitler larger with room for additional visitors would allow for community access to a neighborhood pool no matter their level of income.
Grace Lopez Ramirez	North Denver	Central Denver	Chaffee Park needs a dog park. The closest one is in Berekly Lake Park and fellow residents ignore the signs at Zuni park regarding keeping dogs on the leash. Those dogs are intimidating to my dog who is always on a leash I suggest the dog park go in Chaffee Park and not Zuni Park since Chaffee doesn't have a baseball field and Zuni does. Also street paving sucks in North Denver. W 38th and Federal are all abysmal with potholes.	Dog park at Chaffee Park in Sunnyside so both Sunnyside and Chaffee park neighborhoods can have access since no dog parks on east side of Federal in NW Denver.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Daniel Raynor	North Denver		<p>The Curtis Park pool being closed for numerous years is a significant equity and climate adaptation issue. Please reopen that ahead of schedule.</p> <p>Also for outdoor pools: the season for outdoor pools is overly short, ending in early August. We know that we have 90+ degree days in Denver well into the Fall, certainly in late August and September. It would be great to see this bond used to extend the summer pool season to provide cooling, especially as our climate gets hotter each year.</p> <p>We need more pedestrian and bike-centric areas, not car-centric areas. Not only should the 29th-30th block of Larimer be re-closed to cars, but we should install more car-free blocks and streets throughout the neighborhood/city.</p> <p>Lastly, Denver has invested so much money into our fantastic bike lanes. However, there are virtually no secure bike parking areas, especially downtown. I know many people who would bike and frequent downtown businesses more often if they had a safe place to park their bikes.</p>	<p>Please see my above comments: open the Curtis Park pool, extend the outdoor pool season, establish more car-free streets, and install secure bike parking areas throughout the city.</p>
Aleiya Evison	North Denver	Central Denver	<p>Radically affordable options for renting and pathways to ownership. Community land trusts across the city so that young people can actually build a future here.</p>	<p>The 303 ArtWay Heritage Trail is a future 4-mile bike and pedestrian loop connecting RTD's A-Line Commuter Rail Station with Holly Square in Northeast Park Hill. The 303 ArtWay will highlight the visionaries, artists, leaders and community activists who have built this historically unique and diverse neighborhood, all while increasing safety and connectivity throughout the Northeast Park Hill community. Over the past 9 years, through community vision and feedback the ArtWay has grown to include a deep emphasis on the arts, culture, heritage, and play. The project has received implementation funding to complete the Phase I route of the trail between Holly and Dahlia, 33rd, and 38th streets. To successfully complete the project the 303 Artway needs funding to complete the Phase II route, ideally through the reimagined park hill golf course. This will include installing additional wayfinding signage, trail markers, neighborhood storytelling, and interactive digital components for youth.</p>
	North Denver		<p>Make the 35th Ave Neighborhood Bikeway safe from Taejon to I-70.</p>	<p>Remove the stop signs or make them 4 way stops. Get a roundabout at Pecos and 35, remove the blind corners east of there.</p>
Emily Scott	North Denver		<p>Please improve boettcher concert hall!</p>	<p>Please improve boettcher concert hall!</p>
Marissa Prince	North Denver	North Denver	<p>more priority for pedestrians, bikers, and public transit; less for cars</p>	
Dr. Lorenzo A Trujillo	North Denver			
Sitora Rashidova	North Denver	North Denver	<p>More trees, parks, ability to walk to grocery stores. Less parking, more emphasis and priority to pedestrians instead of cars</p>	<p>Making the creek along Speer park more like the seine!</p>
Jordan Callahan	North Denver		<p>I would just like to make Denver a more walkable/bikeable city. I want safety for my kids to bike to school in our neighborhood. I love the idea of revitalizing the cherry creek trail!</p>	
Ralph & Paula Bunge	North Denver		<p>Better care taken for tree health, more landscape requiring less water. More city wide effort to conserve water.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Nora Morgenstern	North Denver		<p>Transportation options: a circulating bus to take residents to bus stops, rec centers/libraries, shopping (groceries especially) and downtown. Trees.</p> <p>Pedestrian safety: I have been nearly run over (at crosswalks/intersections) more than once on Tennyson</p> <p>Housing: why aren't all the condos/apartments on Tennyson more geared towards low to medium income?</p> <p>Rents for arts venues have become prohibitive and we have lost a number of great venues.</p>	See above. Circulating buses. Maybe do an entire circuit every hour, or half hour. Trees for every household on the 'hell strip' and/or xeriscaping on the hell strip.
Erin	North Denver	Central Denver	<p>More trees, increased public transit connectivity (not bike lanes for me personally as I can't ride a bike), love to see more two ways turned to one ways with multi use on the old lane, closing car traffic for high commercial corridors (but take out some of the hardscape and add greenery to actually make it appealing)</p>	Speer street, convert to less lanes of traffic and expand natural area for stream restoration and add bus lanes.
Jonelle Henning Lena Demuth	North Denver North Denver		<p>Walkability, bike lanes that actually feel safe (I live very close to federal and never feel safe driving/walking near that street)</p> <p>More grocery stores that aren't a mile+ away</p> <p>Better transit options</p> <p>Community gardens!</p>	On the corner of federal and 52nd is an empty lot next to a ton of new housing developments. Can we do something neighbor friendly with that lot? No gas stations but rather a community garden. grocery store. Something that could benefit all of us living in that area
Allison E	North Denver		Fix sloan's lake	Fix sloans lake Sloan's Lake desperately needs fixed, and the project to Dredge the lake back to health is ready to go. Please add the Denver Parks & Recreation Sloan's Lake Sediment Removal Reinvestment & Upkeep plan from the 2025 Denver Capital Improvement Plan for \$80,000,000. Sloan's Lake is the centerpiece of our community and it needs our support before it gets any worse.
Dana H. Bryson	North Denver	North Denver	<p>A new state of the Art rec center at Seidler recreation center half of the days our family and neighbors go to use it. It is too full or closed because there is such high demand for this wonderful asset in our neighborhood and not enough space available for all of the different ages and activities</p> <p>That there's demand for in our growing neighborhood</p>	We would like a new state of the Art rec center at Schiller rec center in Berkeley Lake Park
DENELLE AYERS	North Denver		Scheitler Rec center is out dated and needs better gym, weight room and expanded updated pool!	Scheitler Rec center renovation!!
Jennifer Cabazos	North Denver	North Denver	<p>The Scheitler Rec Center needs improvements. Updated equipment, a new basketball court both inside and outside, complete with bleacher seating like other rec centers in Denver. Baseball fields that in great condition. Baseball fields now have areas that need to be fixed.</p>	Fix and update the Scheitler Rec Center.
Mac Prather	North Denver	Central Denver	<p>Pedestrian and bike safety is public safety. Drivers in Denver are dangerously aggressive and distracted. Sunnyside needs more protected bike lanes, better pedestrian infrastructure and less emphasis on vehicle infrastructure. Our roads and drivers make me feel unsafe every day.</p>	Community garden behind recreation center at 4435 Navajo St
Kiffin Smith	North Denver		DIA Noise abatement. I'd like to reduce the noise with the air traffic over our neighborhood.	
Michael Blonsky	North Denver		Bike/walk only streets, wider sidewalks, more transit	Updated swimming pools

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Kim	North Denver		Northeast Park Hill is about to get a lovely new Park. I am hoping from the minute the Park Opens that DPR and DPD take a ZERO tolerance stance on any activity that occurs. We are a forgotten neighborhood at 40th and Colorado. This part of town is very neglected. The city has the opportunity to make the Park Hill golf course a wonderful park and NOT let it turn into a giant homeless encampment. We already have plenty of those over here.	Please use some of the money to make Park Hill Golf Course amazing for the underserved community that lives around the park. This is the only park that is near the affordable housing at Park Hill station. I live there. There are many families. Please do not overlook this part of town!!!
Sina Pierret	North Denver	Central Denver	My neighborhood recently got a makeover with roundabouts at intersections, more designated bicycle-friendly streets and new bike lanes. Currently, a study is being done to determine how to improve W 38th Ave to Sheridan. I'm satisfied with the enhancements in my neighborhood, but lower-income neighborhoods deserve the same attention.	I hope what I've highlighted is the Park Hill Golf Course acquisition. I surely hope this is one of the project bond ideas already. I'm so excited about this become a city park with many different features (native plant area, children's play area, walking trails, dog park, and more.)
Benjamin Samford	North Denver		I would love it if we could go all clean energy (Nuclear, solar, water etc) I would also love it if we could add more protected, turn arrows. I wish we could make the city especially the industrial district much prettier maybe hiring graffiti artist mural artist. And sculptors to go into those districts. And like the high rises to create art also if we could make the buildings more colorful. You do something that I highly value in a city and if we could make our city, very beautiful, and very European is bike paths and road. I would also like a safer cleaner, public transit system, more trains, more buses on the roads and the destigmatizing taking the bus. The trains should be cleaner and safer right now. I don't feel safe taking the train. Adding more bus routes and more train system may be an underground.	<p>A city beautification project in Denver could revitalize industrial and downtown areas through large-scale murals and colorful building facades, enhancing aesthetics, community pride, and economic activity.</p> <p>Murals & Street Art: Commission local and global artists to create murals reflecting Denver's history, Indigenous heritage, and diverse communities. Themes could be chosen through public voting, fostering engagement.</p> <p>Colorful Facades: Encourage businesses to refresh exteriors with bold, vibrant colors. Incentives like tax credits or grants could support participation.</p> <p>Public Engagement: Organize mural festivals, walking tours, and interactive workshops to involve residents and attract tourists.</p> <p>Economic & Social Impact: A more visually appealing city attracts visitors, boosts local businesses, and deters vandalism. This initiative would redefine Denver's urban landscape, transforming overlooked spaces into cultural landmarks.</p>
David Wright Lydia Hagerman	North Denver North Denver		I will generally say that more housing opportunities across the City is the most important thing. I currently live in Cole and do feel like there are ample community amenities (which is great!). I am concerned about displacement of current residents and would like the City to make sure that attainable housing opportunities are preserved and expanded. I might say that there are a lot of industrial uses nearby and I support existing uses remaining while also making sure that environmental impacts of the uses are mitigated for nearby residents. I would say that arts and cultural opportunities in this neighborhood do not feel inclusive and more opportunities for all ages to interact with arts would be really nice.	Arts and community center at the corner of High and MLK- there is currently a former church lot that is sitting vacant. It would be great to see a community arts space enter here for local theater, comedy, youth programming, and flexible space for artists. It feels like a space for all ages in the heart of a couple of different neighborhoods would be so welcome and serve all different parts of the community.
Georgina Guidotti	North Denver		Park/playground updates and improvements. More safety in terms of crossing signals across Martin Luther King Blvd. in the Clayton neighborhood.	Park improvements at Shaeffer Park. Additional crossing signal on MLK Blvd near Fillmore St.
Michael Ritchie	North Denver	North Denver	Improvements on Federal between 8th and 23rd	Infrastructure improvements on federal between 8th and 23rd. Also, improvements to Sloans lake. A dog park in the Sloans lake or Jefferson park neighborhood.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Rachel Galbraith	North Denver		<p>More tree canopies to help with the heat and add more green to the city. I would love if I could walk in summer with some more tree coverage especially downtown where the heat can really wipe you out.</p> <p>More walkability and better transportation. My son loves taking the light rail. I wish there was a way to take more transportation to go to destinations with him. Usually busses take two transfers and are double the time of driving.</p> <p>Drivers here are terrible and I hate driving in this city due to recklessness. My son and I like to walk to destinations. We have been almost hit at 29th and Speer and 26th and Clay SEVERAL TIMES.</p> <p>I love the Ball, river mile, cherry creek new neighborhood ideas. Lets reinvigorate the skyline! We are also excited for the Science Museum theater renovation! More beautification, less millennial kennels. Prettier thoroughfares - Colfax, federal, Sheridan are just so depressing.</p> <p>Any way we could have actual bathrooms in parks instead of gross porta potties??</p>	
Samantha Hagan Patrick McWhinnie	North Denver North Denver	North Denver North Denver	<p>I live in Sunnyside, our sidewalks are all a mess and in some areas there are no sidewalks at all so there are dirt paths that have been made where people walk. Chaffee park is just down the street and is nice but could use some more interesting landscaping or plants instead of just all grass. Housing is very expensive and I volunteer at the foodbank in the neighborhood. Clients who live in this area can hardly afford to live here and pay their other expenses. More affordable housing options would be good.</p>	
Joe Higgins	North Denver		<p>Better sidewalks and traffic alleviation</p>	
Madalyn Drewno	North Denver		<p>Less high rises and development. Neighborhoods are overcrowded with million dollar high rise homes that have turned this neighborhood into an ugly area for transplants and expensive boutiques. We need actual affordable housing for the most vulnerable. We need to stop excessively funding police and surveillance and use our tax dollars to fund housing, education, and healthcare.</p>	
Trena Moya	North Denver	North Denver	<p>Affordable & stable housing for ALL. Investment in social housing, family-friendly & LGBTQIA+-friendly emergency shelters. Well maintained parks & green spaces. Bike lanes & trails that connect across the city. Funding services needed most by communities NOT police.</p>	
Melissa	North Denver	North Denver	<p>More affordable housing options with accessibility for wheelchairs, bikes, etc.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
	North Denver		<p>Most accessible and affordable housing. Costs in Denver are too high and it is leaving too many of our neighbors unhoused and under attack by city ordinances that criminalize their existence, and systems that are inadequately funded to help support them in humane ways. Our city directs entirely too much funding to law enforcement, and not nearly enough to root causes of crime. Criminalizing poverty and over-funding law enforcement does nothing to keep communities safer. It's time the City and County of Denver used data driven facts to appropriately fund actual community safety.</p>	Build social housing on a portion of city owned park land. Ensure that it is fully accessible and seeks to house our lowest income individuals and families first, and with a housing first model.
michele d fuerst	North Denver		<p>More supervision of our parks-more dedicated park rangers. More attention to the details that make parks visually beautiful. I don't think much thought goes into making parks lovely places to enjoy-too much emphasis on activity.</p> <p>I think the city could tap into neighbors volunteering and caring for parks. My experience after living adjacent to Central Park for 17 years is that city employees and representatives do not value input and opinions of park neighbors.</p> <p>Streets-More speed control!! even better, planning of our streets to slow down traffic. design of streets is so important and is definitely deficient in Central park where wide streets straight streets invite speeding.</p>	
Audrey Crockett	North Denver	Central Denver	Traffic slowing on Broadway/Globeville Rod between park Ave and 45th	Stoplight
Sarah Weiler	North Denver	Central Denver	<p>Emporia St Neighborhood Bikeway: Traffic mitigation (traffic diverters restricting through vehicle traffic and mini traffic circles) on Emporia Street between MLK and 26th Ave, which was the #1 supported project in the 'Denver Moves: Neighborhood Bikeways' citywide survey. E.g. diverters disallowing southbound traffic from MLK and northbound traffic from 26th Ave to make this neighborhood bikeway safe for cyclists, pedestrians and children at play.</p>	Emporia Street neighborhood bikeway - extremely important as a resident to improve safety and neighborhood walkability and alternate transit (biking)
Randall Fullington	North Denver		Reduce shootings, gambling, drinking, unsafe driving, and severe congestion at the intersection of York and Bruce Randolph.	Redo 38th and Blake underpass or I'm build a flyover to solve congestion
Nick	North Denver	Central Denver	<p>Add a signalized crosswalk at 37th & Marion just outside the Cole neighborhood. It's an incredibly busy and dangerous street for peds and bikers.</p> <p>The 38th & Washington underpass/intersection needs to be widened/delt with as well.</p>	See above
Allen Cowgill	North Denver	North Denver	Better bike lanes, safe routes to schools, finish the 38th Ave road safety project. Finish the 15th St bike lane from downtown to 29th Ave	Finish the West 38th Avenue road safety project

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Sara	North Denver		Being able to track the A lines exact location and receive text/ accurate live updates on status of trains and schedule.	Accurate live tracking of location and timeliness of a line train. And live updates if the train is delayed or cancelled.
Lori Rubin	North Denver		We need to replenish the water in Sloans Lake. This is a huge park that has suffered neglect since the pandemic and we need to make an investment now to make it a functional lake again.	We need to work with the Sloans Lake Foundation to make the lake and the park functional for all.
Stephanie Ring	North Denver		High quality housing options for low income families	
Kris	North Denver	North Denver	More police presence, light at emporia and MLK, speed bumps down major thoroughfares	Bike path down emporia between mom and 26th
Neil Marciniak	North Denver		Replacement and reinvestment in the tree infrastructure along the historic Tennyson Pedestrian Mall. There are two blocks of Tennyson Street (39th-41st) that were not included in the 2008 Building a Better Denver Bond Campaign that saw the remainder of Tennyson (38th-44th) improved with new sidewalk, trees and landscaping, Ceasar Chavez park improvements, etc. Many of the trees along the historic two blocks need to be replaced but also require earth work and irrigation upgrades to ensure the trees can thrive in a constrained environment. The Tennyson II District has some preliminary plans and estimates for this project that could benefit the City from a climate perspective but also improving commerce and visitor traffic to this important destination in Denver.	Replacement and reinvestment in the tree infrastructure along the historic Tennyson Pedestrian Mall. Alexander Novotny	North Denver	North Denver	Affordable housing. Better public transportation. Homeowner programs	
Ian Peratt Andrew johnson	North Denver North Denver		Speed bumps on residential streets. More bus stops and more busses operating on more routes. Rent fixing. Less new development, more investment into existing buildings/infrastructure. Concerts/art markets in the parks. Community gardens in the parks. Skateparks and more investment in third places for children and young adults to gather.	Lighting at ruby hill bike park
Joshua meery	North Denver		Lights at ruby hill bike park would be awesome for the community!!	
Lisa Ma Vela	North Denver		Opening the libraries on Sundays! And updating the Woodbury location, as a Carnegie branch it needs so renovating. We also need more street lights on residential streets, not just the big ones. This is a safety issue, especially with so many people walking at night; if it's their dogs, back from a restaurant, grocery store, etc.	
David Mahoney	North Denver		More bike trails and parks. I would like to see a pump track line next to a bike path. Lights at bike parks would be nice, the base ball field has them	Lights at Ruby Hill bike park
Blake Eatherton	North Denver	North Denver	A safer way to walk between the north and south sides of I-70 along Lowell. That or better amenities on the north side so we're not as isolated due to the freeway. Also 4-way stops or roundabouts all along 49th between Lowell and federal. Many people use it as a short cut but do not stop at any of the stop signs but instead blast through at high speeds.	A safer way to walk between the north and south sides of I-70 along Lowell. That or better amenities on the north side so we're not as isolated due to the freeway. It's extremely dangerous, there's a blind corner for people coming off the highway, and people coming off the highway don't always stop at the stop sign. I think a good start would be flashing pedestrian signs along the cross walks or a traffic signal. Ideally a pedestrian bridge over the freeway from 48th to Rocky Mountain Lake Park but that is likely prohibitively expensive.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Margaret Hunt	North Denver		Cesar Chavez park desperately needs some TLC. It is such a central part of our neighborhood- where young and old gather. The playground and facilities are showing their age. We need more pride in that park!	Refresh and update Cesar Chavez park. The playground and park facilities are dilapidated. Everyone in the neighborhood uses this park, and it is a wonderful gathering place. But the state of it does not make it seem like we have pride in our community spaces.
Elana	North Denver		More affordable housing and shelter services, especially for emergency family housing and queer people facing homelessness! The current options are deeply insufficient and unsafe. We also need more native greenery, especially trees, planted citywide to help keep our streets cool as temperatures continue to rise.	
Rebecca Wallace Jeni Jung	North Denver North Denver	Central Denver	anti-gentrification measures - costs are skyrocketing, diversity declining, and interestingness declining. Only wealthy people can afford to buy in my neighborhood. I'm lucky that I bought before things skyrocketed. easily accessible, efficient rail transit. safer bike lanes	Affordable housing - meaning housing that people who work in service industry could reasonably afford Efficient, widely available public transit Permanent supportive housing Free, on-demand SUD and MH treatment
Nicholas Allen	North Denver	West Denver	Improved transit options and safe bicycle connectivity from NE Denver to downtown. A grocery store near 40th and Colorado would be an excellent addition as well.	Our company, Revesco Properties, is in pre-development on a catalytic project at 2001 Chestnut Place. This project seeks to pair Middle Income Housing Authority funds with Prop 123 funds in a first of its kind workforce housing financing structure. As part of this project, the development plan seeks to make significant public ROW improvements which will benefit both the building's residents and the general public. This project would be immediately actionable upon approval of the aforementioned financing, and could help to offset costs and allow the development to bring critical transit oriented housing units to downtown.
jonathan schaefer	North Denver		I love the denver parks- ruby hill-lighting proposal. Very disappointed that towns do a such a great job on their parks but the vandalism, rc cars, one wheels, electric vehicles ruin them	
Anna Villalobos Isaac Cao	North Denver North Denver	North Denver	In Mexico, environmental engineering firms such as AyMA Ingeniería and organizations like the Mexican Hydraulic Association have played key roles in assessing and improving water quality in major waterways like the Río Verde and Río Santiago. While not specific to Lake Chapala, their work serves as a strong model for how technical expertise and local collaboration can lead to real environmental recovery. I believe we can bring a similar vision to Sloan Lake here in Denver — partnering with environmental engineers, public health experts, and the community to restore the lake's water quality. This initiative could not only revitalize the ecosystem but also provide long-term recreational and public health benefits to the surrounding neighborhoods. Let's bring that kind of innovation home to Sloan Lake	In Mexico, environmental engineering firms such as AyMA Ingeniería and organizations like the Mexican Hydraulic Association have played key roles in assessing and improving water quality in major waterways like the Río Verde and Río Santiago. Let's bring that kind of innovation home to Sloan Lake
				Lights at Ruby Hill Bike Park. I am writing to express my deep concern about the deteriorating condition of Sloan's Lake. This cherished natural resource is essential for our community's recreation and well-being, but it is clearly in trouble.
Emily Drennan	North Denver		Dredge Sloan lake!	The lake's water quality has been declining with increasing algae blooms, and decreasing depth of the lake down to only 3 feet on average! The lake is in danger of stagnating and immediate action is needed to address these issues. Please include dredging Sloan Lake in go bond.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jaime Carraher	North Denver		Improved amenities & safety for our children and community members.	Updated the Berkley rec center & park.
Willie	North Denver	South Denver		Sustainable lighting at ruby hill bike park
Henry Gira	North Denver		Adding lights to ruby hill bike park	Putting lights in ruby hill bike park
Luke M Beshar	North Denver		Fireworks Noise Management - in the weeks surrounding July 4th, our neighborhood (Sunnyside, east of Pecos) becomes a war zone. There are multiple fireworks going off every night. They sound like gunshots and cause anxiety for my family and our pets. I'd love a noise management plan. It feels like the police don't view it as a priority and let it slide.	
Chris McAlister	North Denver		More police and City follow through on plans	I have no projects in mind do not like Denver passed a property increase a couple of years ago to support Libraries now need more money. Also lottery money was suppose to support parks and rec money diverted and City needs more money. Keep diverting money from popular items to unwanted the say have not money. Very deceptive.
Victoria Beauchamp	North Denver			Convert one parking space into bike parking for cargo bikes in front of Brown Elementary.
John Van Doorninck	North Denver		Upgrade the Scheitler Recreation Center to state-of-the-art facility, including larger indoor swimming pool (6-8 swimming lanes)	Upgrade the Scheitler Recreation Center to state-of-the-art facility, including larger indoor swimming pool (6-8 swimming lanes)
Amanda Miller	North Denver		Nicer, bigger rec centers, pools.	
Jen Duffley	North Denver			
Maddy Nesbit	North Denver	Central Denver	I live in Sunnyside, near the light rail/38th. While there are some initiatives for these enhancements in place, we've yet to see it happen in our neighborhood: more trees and sidewalks (both new and repaired) would be wonderful. Also, less parking and more protected bike lanes.	Two ideas! Protected bike lanes along Lipan and/or surrounding streets that then lead to a new playground for Ciancio Park. Another idea is to have picnic tables or more benches so that family's or people playing fetch with their dogs have a place to hangout and relax. Anything to build out this great spot for the community.
Kerri Atter	North Denver	Central Denver	I think the addition of the bike lane "safety", the neighborhood roundabouts and varying traffic rules has created so much visual clutter and confusion that now very unsafe for everyone.	At the Children's Museum of Denver at Marsico Campus, our mission is to create extraordinary experiences that champion the wonder and joy of childhood. Ensuring that every child and family can fully access these experiences is at the heart of our Commitment to our Community. Our 42-year-old building currently relies on a single elevator from its original construction. As we welcome more than 500,000 visitors each year, the demand for our current elevator has increased, leading to accessibility challenges for families with strollers, guests with mobility needs, and others who rely on it to navigate our space. To continue providing a welcoming and accessible environment, we are seeking to add a second elevator to our building. This critical improvement will enhance safety, reduce wait times, and ensure that every visitor—regardless of ability—can explore and enjoy the Museum. Investing in this infrastructure enables all children and their grown-ups to experience wonder and joy.
Melissa Stube	North Denver	West Denver		Zuni and lower colfax intersection—it's a very unsafe intersection. Pedestrian crosswalk is very faint and intersection is dangerous for pedestrians and motorists
	North Denver	North Denver		Scheitler Rec needs a ton of updates. They got the pool inside and out ok. it would be nice if we can expand the gym to start to bring in more people, house more sporting events
Jim McDonough	North Denver		automobile reduction. Speed bumps. Photo monitoring. Traffic barriers.	Traffic reduction. Physical barriers. Trail/path connectivity. Example 1: no safe access to the Highline Trail from Central Park. Example 2: Good physical traffic calming in the Whittier Neighborhood. These Round-a-bouts & bike/ped strategies are lacking in Central Park!
	North Denver		Pedestrian safety on major corridors and improvement to our parks	Implement 38th Ave Corridor Recommendations Improve Scheitler into a proper regional park. The facilities are old and inadequate. Improve Jerome Chaffee Park with shade structures for people to picnic and gather.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Julie Berne	North Denver	North Denver	<p>The addition of pedestrian walkways at more points along I-70 between Zuni and Sheridan. Residents who live north of 70 who wish to access the parks in Sunnyside and Berkeley are required to walk under the highway - only a few areas where this is available, and it's not the safest option.</p> <p>Would also be great if more local businesses and shops could reside along federal, which would make it a more desirable street to hang out.</p>	
Liz Johnson	North Denver	Central Denver	Library (Woodbury branch) and recreation center renovations, improved Parks, more trees, plants, amenities, renovated gyms, stronger police presence, increased safety.	
akash madiyah	North Denver	Central Denver	Make sure the library and central library are funded. streets are safe from crime and beautify central denver	upkeep on current library maintenance
Laurie	North Denver		<p>We have had such a wave of crime in the neighborhood, it would be great to actually have more enforcement. We also have crazy traffic issues that need to be addressed.</p>	Libraries, libraries, libraries. They need to be the focus. We have lost so much funding the last few years and I am sure more cuts are to come. They are truly the only institution that serves all and we need them to be able to do so. There are major renovations needed as well as new branch potential. People love the library and use it for all different purposes, we need them to be there to serve the community in need. Central needs to finish the renovations on the other floors to be fully finished and there are many branches that need to be brought into this century.
Brittany Albrinck	North Denver		<p>Improve main roads - Federal, Sheridan, 38th by improving roads & sidewalks and encouraging repurposing vacant/dilapidated buildings.</p> <p>Assistance for upkeep/renovation of dilapidated housing.</p>	
Zoe K Epstein	North Denver		<p>In the Denver Highlands, more playgrounds for older kids (5-12). These are typically an afterthought and a very small part of most parks if even included. For example, there are no play structures for older kids at Cesar Chavez park and the older kid structure at Berkeley Lake is very small.</p> <p>Keep up the work with improving bike lanes, enhancing pedestrian safety and implementing traffic calming measures! In Berkeley it's still very hard to travel North/South as there are limited crossings on 44th and 46th making it harder for kids to get to the Rec Center and park amenities at Berkeley Park on their own.</p>	<p>Improve bike & pedestrian access to Berkeley Lake park. This park is designed around car access and is not friendly to pedestrians or cyclists. Improvements could include:</p> <ul style="list-style-type: none"> - Pedestrian crossings across 46th (currently only available at Wolff, would love to see one at Yates to access the Rec Center and potentially at Utica to access the Library). - Paved path along the north side of 46th between Sheridan and Yates / the entrance to the rec center parking lot. - Paved path that extends from 46th along the parking lot entrance past the playground to the rec center so that pedestrians (esp. with a stroller) can access these amenities without having to either go in the parking lot or on the grass - Paved access from various points on 46th and on Tennyson to the paved path around the lake for easier access for pedestrians and for strollers, rollerbladers, bicycles, scooters - Curb cut by the tennis courts for cyclists
Rita Killam	North Denver		Berkeley Lake Bath House in Berkeley Park - Move storage containers to Maintenance Yard. Resurface Terrace and use as a picnic / gathering area. Beautiful view of lake, front range mountains, Willis Case Golf Course, walking trail and playground.	Berkeley Lake Bath House in Berkeley Park - Move storage containers to Maintenance Yard. Resurface Terrace and use as a picnic / gathering area. Beautiful view of lake, front range mountains, Willis Case Golf Course, walking trail and playground.
Aaron Miripol Rhiannon Gallagher	North Denver North Denver	Central Denver North Denver	<p>Far too much talking and too little implementation. We need 40,000 affordable homes over the next 10 years!</p> <p>Better road and park maintenance</p>	Help support infrastructure for affordable housing in NE Park Hill and complete the 303 Artway Trail
Tim Boers	North Denver		Linking trails and multi-modal facilities to create improved connections throughout Northwest Denver	We still need to complete the bike/ped path along the west side of I-25, linking the completed sections northeast of 15th Street and south of Speer at Zuni. This would be above the Speer & I-25 interchange's northwest quadrant, connecting to the existing path at 15th and Central to the intersection of Speer and Zuni.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Stefan Beck	North Denver		Libraries are critical to our infrastructure and community. The importance of a strong library system, as we have seen with the Central Library redevelopment, can truly make a difference for people across the city. I would love to see more Library investment - especially to help out the aging infrastructure. The Libraries do so much for our city and provide amazing opportunities for all citizens to learn and expand their opportunity.	
Carolyn Hartl	North Denver		Please make 38th Avenue safer for pedestrians	Could you install speed bumps or speeding cameras on areas of 38th Avenue?
Ann Marie Yacobucci	North Denver		Improve the basketball area at Chaffee Park. We also need a dog park in Sunnyside.	Improve the basketball area at Chaffee park. It needs new pavement and lines.
Sarah	North Denver		Between Sheridan and Federal, 32nd and Colfax, provide more walkable/bikeable recreation options for community. 1. Expand Highland Rec Center. Currently serves primarily the 50+ crowd. Love that they have a center but currently nothing available for the rest of the community (especially kids) in Sloan's Lake neighborhood. As it is now, if one would want to walk or ride their bike to a rec center, would have to go all the way up to 44th to Scheitler or cross Federal to get to Ashland.	2. Add soccer goals (ideally entire soccer field) to Hallack and / or Sloan's. Have been told by park dept not possible bc of vandalism. I think it's worth the risk. As of now there is nothing w/in walking distance for the kids South of 32nd and between Sheridan and Federal. 3. Build a boardwalk w/ shops etc on Sheridan side of Sloan's Lake. This space is currently unused and is the most unpleasant park of walking the loop. The shops would serve as a sound and sight barrier of Sheridan and produce revenue. The few businesses currently on West side of Sheridan that would be ticked off about this bc of loss of view (thinking Lakeview Lounge, Shiso, Rupert's), give them first dibs on leases in new space.
Rachael Stoetzel	North Denver			
Melissa A Stark-Leeds	North Denver			
Ed	North Denver		We must a lot more to reduce trash, waste pollution, proliferation of plastics AND on the opposite end do A LOT MORE FOR THE THREE R'S REGARDING THE WASTE WE PRODUCE - REDUCE, RECYCLE, REUSE!! THIS IS ESPECIALLY TRUE REGARDING PLASTICS WHERE YOU SEE TRASH AND WASTE ITEMS MADE OF PLASTIC ON OUR STREETS, IN OUR PARKS, ETC.	More or expanded NATURAL AREAS AND OPEN SPACE (NOT or recreation facilities) that preserve wildlife and are quiet and large enough for natural activities like hiking and birdwatching, etc.
Terri Kett	North Denver		Cities aren't loud; cars are. As we continue to built car-centric cities, we're killing the good living qualities we're all looking for: quiet neighborhoods, walkability, reliable public transportation, clean air, and beautiful public spaces. My neighborhood would benefit from the enforcement of vehicle noise regulations (add this to the emissions testing) and speed controls such as traffic calming humps, purposeful lane narrowing, chicanes, (the Netherlands have mastered these) and speed cameras (I know from personal experience, they do change behaviors after being ticketed). Start designing/redesigning roads that encourage slower speeds in town.	Road project: A large speed calming hump at the intersection of MLK and Geneva CT N. adjacent to the East Bridge/King Soopers parking lots. This will slow traffic down, decrease neighborhood noise, protect many pedestrians going/coming to the businesses, and deconflict the high rate of wrong turns (to the East from the King Soopers) into oncoming traffic on a one way street. Once westbound cars clear the light at Havana and MLK, it's like a drag race to the next light. Maybe this can be an experimental installation to study the effect of such measures?
David Bondarchuck	North Denver		Grocery store competition and more small business options	
Anon	North Denver	Central Denver	Better maintenance of streets and infrastructure as well as improved recycling and facilities at parks. Many of our libraries and rec centers need substantial renovations.	Smaller scale safety improvements to the 38th underpass in the RiNo BID/GID area. The underpass is currently very uncomfortable for ALL users, especially pedestrians and cyclists. This is a key connection This connection is also a major bottleneck and challenge to our emergency services as the population and density of the area continues to increase as supported by City planning and visioning. Key elements of these improvements should include lighting, structural stability, and multimodal enhancements.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Julee Tanner	North Denver		Enforce laws on public drug use and urban camping. Remove trash from streets and sidewalks. Zone marijuana out of the city or make it illegal. Remove graffiti from streets and sidewalks—I have called several times about graffiti near the MLK statue in City Park West and it's still there, been there for over a year now. More police officers, ideally walking the beat, especially on Colfax. . . . Also, when we put our trash bins in the alley the night before pickup, people looking for food/valuables dump the trash in the alley. If the city enforced drug and urban camping laws this probably wouldn't happen. If the city refuses to enforce these laws, it should remove the trash that is spread around the alleys on pickup day.	
Yasmin Sternbach	North Denver		More police patrolling; the crime has gone up too much. Walking areas, streets usually have trash.	More trees, clean streets like Central Park.
Andrew J. Seamans	North Denver		Improvements to Boettcher Concert Hall, and indeed the entire DCPA, would go a long way. I'd like to see the place be made more accessible, with better/more efficient parking options. The concert hall in particular is showing it's age and is not well suited for acoustics. While unique in architecture and appearance, should be be sacrificing sound and modernization for aesthetics? This seems like a great spot to improve. I'd also like to see some sort of outdoor amphitheater added to the DCPA complex. Colorado boasts absolutely exquisite summer evenings and a location for outdoor viewing would be great.	
Christopher H Merrell	North Denver	East Denver	I think there is a feeling of un-safeness. So, I would build ways to have more people feel save within the neighborhood.	
Caroline Martin	North Denver			
Alyssa Kreuger	North Denver			
Ingrid Yanquen	North Denver		Where I live everyone leaves their cars in the streets. All the streets are so full of cars that is really hard to drive, also a lot of expired license plates and no Police department presence.	Police station. We don't have and this is a huge neighborhood
John Orr	North Denver			
Melanie Stevenson	North Denver			
Neel Jacobs	North Denver	North Denver	We need a sound/pollution/safety retaining wall between I70 and Rocky mountain Lake Park. The South side of I70 along Rocky Mountain Lake Park is the only section of I70 without from the highway between Pecos and Sheridan. It's loud, polluted and dangerous along the N side of the park.	We need a sound/pollution/safety retaining wall between I70 and Rocky mountain Lake Park. The South side of I70 along Rocky Mountain Lake Park is the only section of I70 without from the highway between Pecos and Sheridan. It's loud, polluted and dangerous along the N side of the park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Lilly Djaniant Jamie White	North Denver North Denver North Denver	North Denver	Increasing Housing and Density Encourage higher-density residential development throughout Upper Downtown, particularly through targeted incentives for redeveloping surface parking lots. By increasing the number of people who live downtown, we reduce the need for commuters to drive in for work, easing traffic and supporting sustainability goals. A truly complete neighborhood also requires supporting young families, ensuring that housing, amenities, and services are designed to meet their needs. More streets dedicated as no cars.	This proposal outlines a plan for a City-owned, multi-level childcare and after-school facility in downtown Denver. It would provide high-quality care for infants through 12th grade, with on-site healthcare, arts, tutoring, and recreation. The goal is to support working families, especially City staff and downtown employees, by offering convenient, affordable, and enriching care near their workplaces. The project would involve partnerships with a childcare operator, Intermountain Health, and DPS, and be funded through public sources, aiming to become self-sustaining. It's a workforce support strategy and downtown revitalization tool. Link to the proposal: https://www.dropbox.com/scl/fo/ob72qjlbhvcm6ipqgkh4g/ADQbL-mnbauqVoec0MewuvQ?rlkey=xxcpth2ru8texwwmwcs881vn&st=mdbedzpg&dl=0
Katie Terrazas Hoover	North Denver		Our neighborhood is very difficult to get in/out of and connected to the rest of Denver, unless you have a car. And even kind of dangerous with a car. We are sandwiched between Sheridan, I70, and I76. We are in need of sidewalks, safe crossings, and reduced speed/traffic along Sheridan and 52nd Ave. This would allow Inspiration Point residents a walkable/rideable option to get to the rest of our city. And it would allow the rest of the city to more safely access the Clear Creek Trail. Also, there is a designated green space at the corner of 52nd/Sheridan that is more of a hazard than anything. It needs to be taken care of in some kind of way - and made available to the community.	Pedestrian safety updates along Sheridan and 52nd Ave. Much of this could be accomplished by following the recommendations that come from two forthcoming studies - Sheridan Corridor Safety Study AND Clear Creek Trail Feasibility Study. This could include completion of sidewalks along west and north edges of Willis Case Golf course, and all the way down 52nd to Regis. Safer crossing at the intersection of 52nd/Sheridan, 48th/Sheridan, and/or at I70/Sheridan. Updated RTD stops along 52nd and Sheridan. Transform the Camp Rolladet green space into a usable and accessible green space for the entire community. This space is not only gated and locked but filled with dry and dead brush making it a fire hazard. This designated green space is directly next to affordable housing for seniors, yet impossible for them or anyone else to access it. There is a building on the property that could be updated, or replaced and utilized as a community space.
Carol Maclennan Jessica	North Denver North Denver	South Denver	Greater variety of housing options, including rentals, low-mid-income housing, affordable ADUs. As much as I love my Park Hill neighborhood (I am a 38-year resident), I think the time has come to consider ending the R-1 Zoning, giving the high cost of housing and the ever-growing inequity in my neighborhood. When I moved here as a single divorced Mom, I was able to afford to purchase my small home, where my son and I could enjoy the amenities, proximity to transit, parks, diversity, etc. Today, that same single Mom couldn't do so. Existing Denver neighborhoods like Park Hill should be able to share the bounty with others less affluent.	
	North Denver		A library, rec center, restaurants, or any other community services within walking distance. Federal Blvd being safer in terms of both traffic and crime.	
John Vickery	North Denver		This whole bond issue affair is concerned with the wrong things. Everything we've got needs to go toward protecting us from the Trump regime and foiling the orange traitor's plans. Forget about improvements and save the country!	- protect federal facilities and employees from the trump regime - protect all entities, infrastructure, and people from the Trump regime - protect our public lands from the Trump regime Where you can't protect, spend the money where the Fed funds should have gone. Provide services here that our neighbors can't get in the traitor states
Victoria Ortega	North Denver		Specific attention to helping seniors and people with disabilities stay in their homes. Being steps away from bars and restaurants is not everyone's priority to live in Denver.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Margaret DesCombes Lorna	North Denver North Denver	Central Denver	If safety was created through infrastructure, not "information campaigns » or assumptions that the city can change cultural norms. A posted 25 mph, 30ft wide street will NEVER feel safe to cross because drivers don't and won't drive 25 or at a speed slow enough to see peds and respond in time. That street needs CONCRETE bump outs and speed pillows at minimum, ideally concrete bike dividers as well. And don't even get me started on stop signs—great in theory, but the percent of people who actually stop continues to decrease and there's an increase in people who don't even slow down.	The entirety of 29th through Whittier needs infrastructure to increase safety. It's a good choice because it has heavy foot traffic, lots of kids and animals who aren't as cautious about crossing, consistently has drivers going 40+, even 50, people who actually stop at stop signs is decreasing, and people can't just use the streets above and below it to blow through the neighborhood since those aren't through streets in the E-W direction which would make changes high impact. The bump-outs on Marion are great when cars are coming towards each other, helps cross traffic visibility, and generally makes the intersection better for ped crossing, but it's not as effective when a vehicle is coming from only one direction because the driver just drives in the middle of the street. Additional calming is necessary even there, and calming at all is necessary through the stretch.
Malena Marzano	North Denver	Central Denver	Affordable housing, initiatives to protect nature, community building initiatives and activities.	
Johnnie	North Denver		We need a municipal building in Green Valley ranch with probation , a rose andom remote office , human services , community policing , perhaps drug testing office as well .	A municipal building in Green Valley Ranch . Acquire one of the oakwood home buildings and turn it into a municipal building.
Jesus Padilla Emily Futrell James Trares Steph Cwynar	North Denver North Denver North Denver North Denver	Central Denver	Increase green areas accessible to the public. Add more street lights in low-income neighborhoods. Make more pedestrian accessible spaces, stores, and restaurants. Conduct more meaningful conversations with residents of low-income areas such as Montebello and Green Valley Ranch.	
CN	North Denver		Fix sidewalks everywhere, installing them where they're lacking.	
Cristie Drumm	North Denver		Reduced traffic. Speed limit enforcement, particularly around schools.	
Erica Younkin	North Denver		Need more tennis courts and to repair existing ones. Sloan's Lake North and Rocky Mountain Lake Park have been unusable for way too long.	
Misty A Haisfield Tyler Mangin Brisa	North Denver North Denver North Denver		I see how hard it is for people to find affordable rent and housing, which is a shame with how much I love Denver. The symphony, DCPA in general, sports, and the ability to run a trail near my house. We need to do better and screw the NIMBY people. I heard there was an unused golf course slotted for development with housing and a park, and while that was shot down, we need more ideas like that, combining housing with parks so it's not just more buildings, but places for people to enjoy, too.	
Kristen McDaniel	North Denver	South Denver	Capping I-25 from 20th to Speer	Cap I-25 from 20th to Speer
Daniel	North Denver		more money going toward housing	affordable housing
Anthony	North Denver	South Denver	Na	Lights at Ruby hill

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jim Schrant	North Denver		<p>Stop the building of high density units. Get rid of traffic circles Stop turning west 29th and west 38th into narrower thoroughfares Stop charging so much for trash pickup Realize people won't give up their cars until we have cheap efficient public transportation Improve 911. Currently it takes too long Give out city department phone numbers to get service instead of the cumbersome 311</p>	<p>Improvement of 911 service Have more police on foot in downtown Add additional car lanes to DIA Demolish traffic circles in Denver, they only impede the flow of traffic Add hours to city pools Reinstate the "Old Timers" summer baseball program so that every kid can play baseball for free. Rebuild the two swimming pools inside of Skinner Middle School Build a swimming pool in La Raza Park</p>
Rachel	North Denver	East Denver	<p>-Trails that are easier/safer to access from where I live, or ways to run outside without having to cross a bunch of busy streets that don't even have a good crosswalk option; no large parks near me; limited options for community gardens nearby. -I have access to a train near home (which isn't common in most of Denver), but the station by my work isn't safe to walk alone. -Many of my local rec centers don't have extended hours for evenings or weekends. Housing costs don't mesh with local salaries; I lived for 6 years here without A/C because of how expensive newer apartments are to rent as a single person. -I live close to a police station but rarely see officers in my neighborhood; nobody is being pulled over for reckless driving in the neighborhood or on the Interstate. -I love and utilize the DCPA complex often, but I would love to see more shows out in the community (local parks, libraries, etc.).</p>	<p>Park space and enhanced safety for recreation along the train tracks. There's already a sidewalk, but it's a fairly industrial area and doesn't feel safe alone. The access to the Platte River Trail from here also doesn't feel safe, but it would help pedestrians to feel much better connection to the rest of Denver.</p>
Laura	North Denver	Central Denver	<p>More street lights. Larger and better sidewalks. Less speeding.</p>	
Katherine Bruce	North Denver		<p>Projects to renovate and update Special Collections and Archives at Blair Caldwell and Central Library!</p>	
Mersi Ventura	North Denver	North Denver		<p>Montbello loop, para tener mas equidad para todos incluyendo.</p>
Bradford Johnson	North Denver		<p>More low cost housing</p>	
Michael S LaRiviere	North Denver			
Debra McClung Kirk Zoerb	North Denver North Denver		<p>Green Valley Ranch/Peña Blvd/56thAve traffic and safety. Intersection at 56th and Ireland is VERY dangerous and needs a traffic light ASAP. Better turn opportunities onto and off of Peña from Green Valley Ranch Blvd and from 56th Ave. MORE pocket parks for casual meet ups and green spaces. ***Most importantly, GVR needs its own DPD substation for a better handle on policing and public relations in this GROWING northeast pocket. Thank you!!!!</p>	
Randy Klassen	North Denver		<p>Complete proposed High Point Recreation Center. Improvements to Tower and Pena roads.</p>	
Rachel Cooke	North Denver	Central Denver	<p>Lights at ruby hill</p>	
Danielle Dries	North Denver	North Denver	<p>More walking and bike trails. Connect the sidewalks</p>	<p>Fix Tower Road and sidewalks. Install an actual bike path along Pena Blvd.</p>
Karen Edelman	North Denver		<p>Definitely traffic lights for severe safety issues, especially near High Point Academy, and infrastructure for Tower Road and 56th Ave. to ease traffic congestion!</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Helen Frey	North Denver		The speed racing in Montbello must stop. I feel people should be ticketed for parking on the wrong side of the street. Also, I feel that old cars with no tags should be towed.	In agreement with the suggestions.
Trudi Puffer Teddy McCullough	North Denver North Denver		Restaurants that are not chains. Updated equipment on playgrounds. And more trees. Much better response to crime in the Fairway Villas 55 and older community. Get car thefts, bike thefts, home break ins under control. Have music in the town center park later in the day starting at 6:00 pm when the weather isn't so hot and have food trucks so we can eat and listen to music like so many other Denver city parks do it, drawing large crowds.	
Abby Hoverstock	North Denver	Central Denver	I would like to see the city continue adding bike lanes, protected bike lanes, and to give some love to the Cherry Creek Bike Path!	American Indian Cultural Center! Please clean up the Cherry Creek Bike Path and the Platte River Trails through Denver. I'd like to see improved signage for users, trash remediation and erosion control. I would also like to see continued investment in the Special Collections and Archives at the Denver Public Library to protect the fabulous historical collections and support the public services that all of Denver Public Library provides to the people of Denver.
Amber Carpenter Sean Nehf	North Denver North Denver	North Denver	We would love a new Recreation center to support our growing community.	
Danielle SeeWalker	North Denver	North Denver	Affordable art venues for working artists. Affordable housing.	
Teal	North Denver		We have no grocery stores, restaurants, coffee shops, pharmacies (anything for basic food needs) within walking distance at all. The closest of any store is a 12 min drive.	The proposal for the old golf course on Colorado and 35th was a great idea. It was a perfect mix of some development, shopping, grocery stores, open space, rec centers.
Jacob C Herrera	North Denver		There is not enough police officers for a city or size. The first duty of government is public safety, until Denver has less crime, DPD needs to be the top priority.	You should place a rec center here. This area of Denver does not have any rec centers.
Samuel Chesser	North Denver	Central Denver	City owned housing, NOT subsidized. Protected bike lanes, rec center or library, and public transportation.	
Barb Granica	North Denver North Denver	North Denver	Update Scheitler Rec Center -- the pools, ballroom and gymnasium are great -- the chopped up fitness facilities, not so much. Patio homes! Enough with the two and three story duplexes and adus. Not all of us who want to downsize, age-in-place and stay in the 'hood, want to live in a condo or apartment. Encourage native planting and its upkeep/maintenance. Lots of trees are planted in city parks, Berkeley Lake for example, then left to die. What is being done to reduce the heat island effects?	Gut the center to consolidate and update the fitness offerings. See my response above.
Katie Bonomo	North Denver	Central Denver	A grocery store and more trees	Fix this pinch point for people walking, biking and driving on 38th under the railroad bridge
Adrian Helfert	North Denver	North Denver	I'd like to see more services helping the underserved for children. Especially those with home issues to grow our community more healthily.	Build support centers for children's mental health and health community growth.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Stu Wright	North Denver			The 303 ArtWay Heritage Trail is a future 4-mile bike and pedestrian loop connecting RTD's A-Line Commuter Rail Station with Holly Square in Northeast Park Hill. With over a decade of engagement, planning, and design development led by residents and partners such as Radian, Urban Land Conservancy, Trust for Public Land, Park Hill Financial District, the Pauline Robinson Denver Public Library Branch, and Denver Street Partnership, the 303 ArtWay will highlight the visionaries, artists, leaders and community activists who have built this historically unique and diverse neighborhood, all while increasing safety and connectivity throughout the community. Bond funding will allow successful completion of the trail by connecting the Phase I route, which starts in Holly Square and includes key neighborhood amenities, to the A-Line Commuter Rail Station via the future Park Hill Park.
Lauren Groth	North Denver North Denver	Central Denver	More housing options, including social housing owned by the city and permanently affordable housing. Also additional shelter options for families with children. I am also in support of the Ambient Loop energy system downtown. And I would like to see better infrastructure for bike transportation, including more protected and separated bike lanes. Jefferson park	Jefferson Park @ Federal Placemaking Improvement
Angela Delarosa	North Denver	Central Denver	Crime is the biggest issue that is causing young families to leave Denver. We don't feel safe on our streets, in our schools or even in our homes. We need to provide more police coverage and make sure they can respond quickly to 911 calls. Our kids deserve to feel safe.	Neighborhood police satellite stations so that every neighborhood has the protection they deserve.
Laura	North Denver	Central Denver	More well kept/maintained green spaces and a safer downtown	
	North Denver		Getting speeding drivers under control. Please add speed bumps to MLK at holly and bump outs and other pedestrian safety build outs so we can go from middle school to library rec center and post office. Unbelievably unsafe crossing. Similarly at city of axum park build in major crossing for kids to stedman and others to get yo new park at golf course.	Getting speeding drivers under control. Please add speed bumps to MLK at holly and bump outs and other pedestrian safety build outs so we can go from middle school to library rec center and post office. Unbelievably unsafe crossing. Tyler Traylor	North Denver	West Denver	Invest in reopening fairview Elementary.	
Lindsay Reimers	North Denver		Street lighting	
Linda K Barker [CO]	North Denver		Safety in pedestrian crossings at 1st and Steele and 1st and University and 1st and Steele	Safety in pedestrian crossings at 1st and Steele and 1st and University and 1st and Steele
Brian	North Denver	Central Denver	The homeless situation remains alarming. The Denver Center for the Performing Arts needs updating, especially Boettcher hall and the outrageously expensive parking.	Build a new home for the Colorado Symphony. Keep Boettcher and reuse for other purposes.
Barry Roseman	North Denver		Installing a sidewalk on Sheridan between W 48th and W 52nd Avenues	Sheridan sidewalk between W 48th and W 52nd.
Anne Espanan	North Denver	East Denver	A community-based retail fresh food store in the food desert of Montbello. Wholesome and local food at prices that everyone can afford.	VIBRANT DENVER PROPOSAL The members of the Consortium propose a Denver Table funding source through the Go Bond process that would enable the renovation of selected buildings (some owned by the City, others owned by the communities themselves) and would provide funds for the installation of appropriate food retail improvements. The fund would also provide for the construction of new small food markets on city-owned properties or properties where the city holds long term leases.
Sydney flint	North Denver	West Denver	Social housing: publicly owned mixed-income housing Community land trusts: Limited Equity Co-ops	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Pamela Burleson	North Denver	Central Denver	I live in Berkeley (district 1) and everyone I talk with agrees that Chavez park could use a make-over. I have 4 kids, ages 10, 8, 6, and 2, so an improvement at the park would benefit not only our family but the many, many families who live in this neighborhood for years to come.	<p>Cesar Chavez park is a center of our community, and even on a day with bad weather, lots of people come to play, rest, or exercise their dogs there.</p> <p>The playground could use a revamp - I'd love to see a fenced-in baby and toddler playground with non-mulch turf (so littles have a safe place to play where they won't run to Tennyson or get accidentally pushed around by bigger kids, and where babies can crawl without hurting themselves or putting mulch in their mouths), a large swing set with both baby swings and regular swings, and a bigger climbing structure that can better engage kids ages 5-12 - maybe like the one at Inspiration point? We could also use so many more benches for parents to sit on while they watch their kids play - there is not enough seating.</p> <p>You might also consider a dog run, as most people let their dogs off leash, but I'd hate to see the lawn made smaller, as it is always packed at 1st Fridays.</p> <p>Also, keep the pine trees - the kids are in them like monkeys.</p>
Rachel Schiff	North Denver		Actually affordable housing that provides a quality of life	
Angelina Harke-Hosemann	North Denver		sidewalks and truly affordable housing!	
Norma vazquez	North Denver		Apoyar Montbello Loop mejoras en la bibliotecaseñales de trafico	Caminos y senderos seguros
Jenny Hill	North Denver	Central Denver	Affordable mixed use social housing development incorporating community gardening to improve housing access, improve food access, build community between older people, people with disabilities, and younger workers.	Rebuild Denver Cares facility and revamp the programming from a social detox to medical detox model with specific units for special populations (people who are housing insecure, youth 18-24 etc.). I work in the Denver Health emergency room specifically providing care to people with substance use conditions. Consistently people are afraid of and refuse services at Denver Cares. They call it "Denver Scares". I have been to the unit and it is completely outdated program and building. To end the overdose crisis, we need to provide withdrawal management services and treatment that uses best practices and in a building with specialized units that can provide the care people deserve. More people would use the service if it actually met the need. Social detox is an archaic model. A building with physical space for specialized units would benefit staff to provide care and patients heal.
Angie perez	North Denver		Alumbrado public o y parkes	Alumbrado publico en nuestras calles como la Calle Tulsa y La Calle albrock
Pablo Hernández julian	North Denver		Manbello loop denver tablet frees food	Caminos y senderos seguros

Maureen Harrington	North Denver		<p>Traffic calming and enforcement of traffic violators. Street signage enhancements and crosswalk improvements.</p> <p>Native resident here. Denver (and Denver Metro) has grown significantly in population and density. This includes drivers and cars. I used to commute and recreationally ride my bike. But not now with the density of traffic, blatant abuse of traffic laws (running stop signs/lights, ignoring speed limits, excessive noise of cars/trucks/motorcycles, racing, poor bicycle access, lack of respect from drivers). Also, the City needs to improve its street signage of speed limits, stop signs, parking allowances. How about lettered STOP painted in the street before the crosswalk, IF there is one at an intersection.</p> <p>And, need the continued enforcement and fines to those who do not register their cars. Continue to stop and fine these owners. I should not have to pay for my registration while others can flaunt this legal requirement.</p> <p>Denver has fallen very short in all of the above.</p>	<p>Historic renovation with neighborhood, public programming of the Berkeley Park Bath House.</p> <p>This building is currently used for storage and some staffing for a recreational program for kids. The building is an eyesore in its current state. A historic renovation would add to the already historic significance of Berkeley Lake Park. As the population of this neighborhood grows, there is a current and future need for a functioning and flexible public space. The existing library (Smiley) has limited public gathering space and Schieter (sp?) Rec. Center has none. Programming could include community events (fairs, market, shows, small music/cultural etc). And meeting space for neighborhood groups.</p> <p>The City could utilize and have a significant jewel with a renovation of this bath house in beautiful Berkeley Lake Park. Please see Historic Berkeley Regis (a grassroots neighborhood group of advocates for historic preservation and reuse of architecture and landscapes in this neighborhood).</p>

Luisa	North Denver		I live on Cheesman Park and it would be nice to have seating areas around the park. Not just one bench here and there. I am new to Denver, to Colorado and I don't understand why traffic lights are often in the middle of a block.	I suggest the gazebo on the north side of the park be removed. It is used predominantly by people drinking and doing drugs. It is more of an eye sore than a pleasant park amenity. My project would be to plant more trees in the park, to create areas to attract wildlife such as birds and pollinators. I would like to see large sculptures in the park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Philip Taylor	North Denver	Central Denver	Better infrastructure for bicyclists and pedestrians	A sidewalk along Sheridan Blvd between I-70 and 52nd Avenue is a critical safety need for Denver walkers and rollers. The land along the east side of Sheridan is already publicly owned.
Lia Martinez	North Denver	North Denver	More bike lanes, road safety for pedestrians and bikes. More green spaces and community spaces, more general street art and murals. Climate friendly lighting improvements on streets.	None
Malorie Stick	North Denver			There are more than 48 Tribal Nations with historical ties to Colorado, however, these Tribal Nations do not have access to the various sacred sites across the state of Colorado. These Tribal Nations lack the opportunity to reconnect with their homelands in Colorado from which they were forcibly and violently removed. Denver should create an American Indian Cultural Embassy - an embassy that hosts the many Tribal Nations and Indigenous peoples with ancestral ties to the state of Colorado.
Joel "Coach Eye" Hodge	North Denver	North Denver		SOLF has a capital campaign to purchase a building in which will be the Love Center open to our community 24 hours and 7days a week.
Jessica	North Denver	East Denver	The City could use GO Bond funding to invest in retrofitting and upgrading shelter facilities to be ADA accessible.	The City in partnership with homeless service providers could stand up a specific facility to address the ADL needs and provide long-term stability for our unhoused neighbors.
Lynn Hendricks	North Denver		Improve the Scheitler Rec Ctr. It is dirty, old, the changing areas are too small. Clean up the Cherry Creek bike way, trash, graffiti, homeless drug users, camping. It is sad to see the degraded level of the bike ways, parks and Rec Centers in North Denver. We use the Wheatridge Rec Center.	Addition to Scheitler Rec Center to include new shower/changing rooms, weight/exercise equipment area, reception seating area. Implement a competition to paint murals along the Cherry Creek through downtown Denver, host a citizen cleanup effort, coat murals to allow effective removal of graffiti w/o destroying the murals. (Downtown Denver Partnership?)
Sue Torfin	North Denver			I encourage the city to invest in more options for housing including supportive and accessible housing for those with housing barriers.
Christine M Chao	North Denver		Give loans to businesses along Colfax Ave and not marijuana businesses, but businesses like coffee houses, restaurants, small shops	
Michele Swenson	North Denver		I would like to see more energy-efficient homebuilding. We do not seem to have advanced much from 2x4 stick framed homes, when there are more energy-efficient framing methods like better insulated SIPS panels. Also would like to see options for Electric Heat Pumps, and support for electric vehicles.	
Adorable Mitchell	North Denver	North Denver		
Beverly Hill	North Denver		Improved and larger parks, fix roads	
Aschalew agonafer	North Denver		Safety we like to see police station at green valley	Coin Laundry Business Proposal – Green Valley Ranch, Denver We propose establishing a modern, self-service coin laundry facility in the Green Valley Ranch area of Denver to meet growing community needs. This high-traffic, residential neighborhood lacks sufficient laundromat services, presenting an ideal opportunity. Our 1,500 sq. ft. facility will offer energy-efficient washers and dryers, free Wi-Fi, vending machines, and ample parking. We will prioritize cleanliness, safety, and affordability, with extended hours and on-site staff to enhance customer satisfaction. With eco-friendly machines and cashless payment options, we aim to serve both residents and nearby apartment complexes. This business will contribute to local employment, support sustainability, and meet an essential need in the rapidly expanding Green Valley area.
Alejandra X. Castañeda	North Denver	North Denver	A fully pedestrianized small business district, like along Tennyson Street north of W 38th Avenue. Or by W 32nd Avenue & Lowell Blvd. Also, School Streets around all elementary & middle schools, with kid-friendly streets that prioritize the safety, access & independent mobility of students by permanently limiting private car-traffic.	School Street Pilot Program at Skinner Middle School, limiting car-traffic once a month around the school. All we need is barricades, a few signs, and materials to activate the closedown streets to beautify them and create some placemaking.
Teresa Daylight	North Denver		Control over using Himalaya as a semi-truck parking lot and car racing space.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Gwendolyn Kasnoff dave harris	North Denver North Denver		Sidewalks, RTD bus stop renovations! Especially the one on NW corner of Colorado and Bruce Randolph. Grocery stores. Enforced noise ordinances.	Remode IRTD BUS STOPS where drug use and sell are prominent. As well as sex workers!
Laura Brudzynski	North Denver	Central Denver	<p>Project: Creekside Flats Owner: Archway Communities Type: New Construction Status: Tax Credits Awarded, anticipated close in late 2025 or early 2026 Neighborhood: Villa Park Unit Mix: 150 units, 1, 2 and 3 bedrooms Affordability: 30-80% AMI Population: Individuals and Families</p> <p>Archway Communities' newest development at Creekside Flats will bring new affordable housing to the Villa Park neighborhood. Villa Park is a NEST neighborhood prioritized for programmatic and project opportunities given that its population is vulnerable to displacement with rising housing costs. Creekside Flats will replace the former Jody Apartments which fell into disrepair with significant safety and livability issues prior to its demolition and relocation of residents. Archway is partnering with NEWSED to provide financial counseling for residents in the West Denver area to help connect residents to future affordable housing, support "renter readiness," and help mitigate displacement in West Denver.</p>	<p>Adjacent to the Sheridan light rail station, Archway's Creekside Flats will provide 150 homes in a trauma-informed environment focused on resident well-being. Archway is partnering with organizations like Urban Peak to offer units to youth experiencing homelessness, and Ardent Grove for on-site mental health services. Archway will provide services including health and wellness, substance abuse linkages, community building, financial literacy, and life skills. The building will include a large community flex space for programs, a community kitchen, and an outdoor amenity area with a playground, seating, and a community garden.</p> <p>The project received a LIHTC award in late 2024 and is scheduled to begin construction in Q1 2026. Significant gap funding is needed due to current economic challenges. Denver HOST staff have supported the project, which will address safety issues and nearly triple the affordable units on the transit-oriented site.</p>
Mary Lentz	North Denver		I would love to see a pedestrian bridge crossing Central Park Blvd at 35th Ave or near. I also strongly recommend building a world class indoor and outdoor Pickleball /tennis, etc facilities at Park Hill Golf Course.	I would love to see a pedestrian bridge crossing Central Park Blvd at 35th Ave or near. I also strongly recommend building a world class indoor and outdoor Pickleball /tennis, etc facilities at Park Hill Golf Course.
John Erhardt	North Denver	North Denver		A recently constructed protected bike lane on W. 29th ends at Zuni dumping cyclists into a door zone painted bike lane. From Zuni to Boulder St. that bike lane should be converted to protected bike lanes. Parked cars should protect cyclists since we can't be bothered to teach drivers to look out for anything/anyone smaller than a giant SUV when parallel parking their cars.
Teresa J Petersen	North Denver		The addition of additional pickleball facilities	Add pickleball to Central Park Rec Center by painting lines in the basketball court inside and erecting outdoor courts
John Erhardt	North Denver	North Denver		35th Ave was one of the first neighborhood bikeways created. It leaves much to be desired with at least one cyclist killed along it since it was established. While the single diverter is good, there should be more diverters, every few blocks, to enhance safety for cyclists, scooter riders, and pedestrians.
Khasir Collins	North Denver		More group activities	I don't have a project I mind
Mary Ellen Rodgers	North Denver		More pickleballcourts	
Michael De Bell	North Denver	North Denver	More shopping options, more restaurants, better indoor activity centers	
Edward Imbrie	North Denver		More pickleball courts More cleanliness of public streets. We must pick up the wind blown trash particularly along light rail at Smith Street in Park Hill. Embarrassing.	Install a top Rec Center at the Park Hill Golf Course site. Make it similar to the Central Park Rec Center.
Jessica Zirker	North Denver		GVR needs a police station out here! There's too much crime and not enough police to help!	Put a police station in GVR!

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jay Johnson	North Denver		I live in GVR. We need more parks, rec, open space. There are too many apartments and houses being crammed in every open lot. We lack entertainment and healthy grocery and store options. There is also too much traffic and not enough roads to get you in/out of GVR. Also, police do nothing about all the motor cyclist and street cars racing on GVR which is very dangerous. On the weekends they meet up and race up and down GVR make willies in the street by the hotels we hear it for hours and no police do anything and they know they meet up and do the same thing every weekend. I've even called about it and was told it was a nonemergency.	I'd love to see a great open park near Peña that offers mixed use. Lawns, screens, seating for outdoor movies, ice skating/roller derby options, trees, dog park, vendors etc
Robin	North Denver	North Denver	What does Climate resiliency supposed to look like? Neighborhood connection building opportunities that also get people out of their car.	Any and all street improvements that improve Ped/Bike safety and puts those improvements in the neighborhood.
Dennis Frederick	North Denver		Road repair and more outlets thru GVR. Need to feel safe with adding more police patrols. Stop the weekend drag racing on Tower road! Get more city workers picking up trash along the roads. Plant more pretty trees. Give incentive help to residents to clean up their landscape. Get RV's parked for the winter and junk vehicles off the back streets by McDonald's and behind retail stores.	
Lauren Eden	North Denver		Regulations for neighborhoods upheld. Noise ordinances upheld. No more ATV/Dirt bikes on sidewalks/trails. Solid infrastructure to help over crowding on roads and grocery stores.	
Joe Cello	North Denver		More grocery stores, more sit in restaurants.	
Leslie Lane	North Denver	Central Denver	Please build more tennis courts! We have a thriving, diverse tennis community. We have the most adult participation in tennis leagues for the entire country and no where near enough courts. Please build more!	More tennis courts!
Ken Washington	North Denver	North Denver	Removal of the bike lane infrastructure. More affordable housing, housing for the homeless, better restaurants, better stores, better schools, better Postal Service.	There should be high speed (electric) rail or bullet train service from Fort Collins to Pueblo and to Breckenridge / Vail.
Travis Sena	North Denver		Police that do speed tickets No HOAs (covent area is fine) Traffic - road ways	I 70 from colfax to i25... Need better off/on ramps to help speed of travel. Pena + i225 huge traffic rushes with short merge areas causing people to merge at low speeds creating backups. Or even the express lane west bound needs more entry points Tower Rd + 56th + green valley With growth in population and EXTREEM growth in commerical trucking need to figure zoning or more routes to divert to Airport rd to pena blvd Pena Blvd is a joke but now add airport rd getting on pena and those trying to exit to green valley rd .. what a pain even to mention E-470 Why doesnt the state or even Denver take this over mainlu to have it free of charge highway...this would reduce traffic on i225, pena and very congested i70...impacting tower, green valley, and 56th 96th and 104th due to it being more of commerce city will just mention that these imprvements would help denver out as well e470 west into metro area (partner with commerce city??) *Police presence and actual ticketing northeast denver

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Sally Belin	North Denver		Install promised traffic lights in District 11. Improve libraries in Montbello and Green Valley Ranch and the Green Valley Rec Center. I'd like to see a new municipal building in Green Valley Ranch. Please do something about road conditions and safety on Tower Road!	
Diem Tran	North Denver	Central Denver	Ensuring that our diverse histories are retained! Denver has been home to multicultural communities since its inception, but so little of this is reflected in our urban landscape. In addition to important public services, public safety, and affordable housing- we must also make sure that our city honors and celebrates our background like Denver's historic Chinatown, Little Saigon, and Five Points.	I support Colorado Asian Pacific United's project of reactivating the alleyway (Wazee from 15th-17th) that used to be the heart of Denver's Chinatown that was forcibly displaced. The project includes repaving the alleyway and creating consolidated trash services to be pedestrian friendly, installation of permanent outdoor exhibitions and murals that tell the story of the Chinatown, a Chinatown gateway structure, and a shipping container museum space. We ask the city to make good on Mayor Hancock's apology in 2022 on the mishandling of Denver's anti-Chinese race riot and help us reactivate the alleyway space that will also bring back business into downtown Denver.
Jacob Anderson	North Denver		Finish putting in the streetlights	Fully fund all 11 promised traffic signals for District 11
Christopher	North Denver		Finish the park in Avion	Denver Municipal Bldg in Green Valley.
	North Denver		Remove bike lanes. Less off street parking.	
Janis M Hammons	North Denver		Better street lights.	
Daniel Casey	North Denver		Lower our taxes, restore funding to the Police Department, and actually enforce vehicle registration laws (e. g., arrest drivers for not having valid car registration.	
Calvin Truong	North Denver		Adding pickleball courts to the parkhill development plans!	
Gloria DuBois	North Denver		Pickleball courts	More pickleball courts in NE Denver
Teya Thompson	North Denver	North Denver	Lower taxes More police patrol and presence Rec centers that fit size and profile of neighborhood Sports complex Less liquor stores Less fast food	
Michelle	North Denver	West Denver	We need more pickleball facilities and paved bike routes THAT DON'T have homeless all around them.	
Melissa	North Denver		I don't have the data but it's safe to assume that Central Park rec center has more kids around it than any other, but its programming for children is the worst. They never have anything for summer programming, nor do I believe they have anything in the summer for my pass Denver. It feels the assumption is because there is wealth in the neighborhood that those programs aren't needed. But not everyone is wealthy and even still, don't our tax dollars count? Especially when we pay more taxes than anyone. Not sure those that extra money is applied to parks and rec, but still. I have to drive to Montclair or the newer one on Colfax. The best programming is even further. I haven't looked this year, but Cook Park seems the best. Maybe Eisenhower behind that. Now my work schedule prohibits that so my kids won't get to do anything. With so many big problems, this seems any easy fix.	Add pickleball to the golf course land that now sits unused. The demand will keep growing and will be needed before it comes to fruition so planning needs to be now. In a city with Denver's climate is ridiculous we have to now pay \$40 an hour at the new private places because the city got rid of outdoor pickleball just when it was surging in popularity. Also, I believe in Central Park there are two courts past 56th and Dallas, that are paid by homeowner taxes and HOA as I think that is not a city maintained park. It's impossible to get weekend or night play there. Yes it is used by residents, but also many non residents as well. This isn't the city's problem, but just another example of why more courts are needed. And now the low noise technology is out to some degree and sure to get exponentially better by the time the city would even come close to breaking ground. So bring pickleball back to Eisenhower, Congress Park and the scrapped plans for Sloans Lake
	North Denver		Dump the bollards and bikeway designations. Rebuild 23rd Ave I-25 bridge. Build pedestrian/ bike bridge over Platte at Children's Museum. More roundabouts and traffic calming.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Dave Lottsfeldt	North Denver		Stop the overbuilding of apartment complexes. The complex on 64th and Dunkirk have made it very difficult to sell my property across the street. Travesty that Denver City Council and Mayor approved the building of all the apartments.	
Kenneth M Green	North Denver		Clean up the parks. Spray for weeds. Mow under and around trees. Regularly clean up trash and actually prosecute people who create trash. Also clean up trash and weeds on city street islands. Growing up here, Denver never looked like this before the past 10-15 years. Our spending priorities have been horrible.	
Tim Hogan	North Denver		Less cars parked on the street, sometimes for months. No cars parked on what used to be front lawns, even if the grass has been removed. Cars parked backwards - welcome to America. Signals that are not traffic expedient. Waiting for a 24 second Don't Walk to time down when there are no pedestrians in sight. Seldom used bike lanes that the street sweeper can't access to clean.	
John Puffer	North Denver		Better schools	Open space near my house, including First Creek and a pond, is in need of rehabilitation since the construction of the First Creek Interceptor upended the area Check out the area, east of Dunkirk st at 53rd Ave.
Michael Trujillo Johnny Garcia	North Denver North Denver	Central Denver	More community get togethers and community awareness for all adults within Globeville. Single parent as well as full families, ability to be involved with one another as well as to have each residents voice heard! Clean up the homelessness issues by transplation for them to assistance and substance use housing developments and local programs. Oh and please PLEASE clean up the water filtration systems here in G-Ville! People are losing their teeth just due to the drinking water is so bad and frankly, I will just flat out say that it is straight up bad for you. Say no to Fluoride!?! Creates water with lack of natural nutrients as well as minerals and taste. Why? Bc it starts from the ground that it comes out of here. It's toxic as well! Can't even grow a garden here without getting sores and lesions and allergic reactions to the "natural" soil here. It's inhabitable. Very very important concerns: tap water, ground soil, & homeless assistance programs.	
Caitlin	North Denver		Decrease crime, more police presence unless people living on the street and littering	Everything now
Vincent Cerone	North Denver		We live in the North End. There is no police presence here ever. When they are called they may not come t they are busy. Bad actors know this and do their work with impunity. Something as simple as driving through the neighborhood would go a long way.	There needs to be a bridge constructed over the rail/RTD crossing on Havana St at Smith Rd. This crossing is always an issue causing traffic and potential safety issues. There seems to be quite a few false train crossings, that is the gates come down and no train passes. With more and more people living/moving to this area it will only get worse. There is plenty of land there to accommodate a bridge over the tracks.
gillian	North Denver	Central Denver	more walkability to grocery stores and rec centers and libraries. less focus on everyone having a car. less funding to police, more funding to libraries and community spaces and parks	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Sonia Ford	North Denver		A new MALL for far Northeast Denver! Northfield just closed down Macys and JCPenneys is next. Now I have to drive further. Aurora Mall needs upgrading. Park Meadows is to far as well as Flatirons Mall.	
Nancy J Jamerson	North Denver		New municipal building in Green Valley Ranch Design for an American Indian Cultural Embassy Fully fund all 11 promised traffic signals for District 11 New library in Gateway Improvements to Green Valley Ranch and Montbello libraries Improvements to Arie P. Taylor Municipal Building Montbello Loop trail project New median construction/improvements to Tower Road Corridor Implement Tower Road Safety Audit recommendations	New municipal building in Green Valley Ranch Design for an American Indian Cultural Embassy Fully fund all 11 promised traffic signals for District 11 New library in Gateway Improvements to Green Valley Ranch and Montbello libraries Improvements to Arie P. Taylor Municipal Building Montbello Loop trail project New median construction/improvements to Tower Road Corridor Implement Tower Road Safety Audit recommendations
Erin Green	North Denver		Updates to outdoor pool at Scheitler rec. center please!	Pool updates at scheitler!
Anne Hazelton	North Denver		We need to increase the access to pickleball courts. Congress Park had one ready to build and it would have been quite a distance from the neighbors. They were complaining about noise at the edge of the park, but the new one would have been placed in the middle of this large Park, next to a swimming pool which is probably louder, at least during the summer, when residents want to sit outside. Also, Central Park rec could easily have lines added to the basketball court floor and bring back an indoor venue since the other rec centers are so crowded that you only get a few games in each day.	The plans for the Congress Park pickleball courts are already finished and were weeks away from starting when it was capriciously canceled. The pickleball lines could be placed on the court at Central Park in a day. I know the management says that this is the premier basketball court, but it's paid for by taxpayer monies and I don't believe that the Nuggets or Celtics are about to play there.
Marshall Vanderburg	North Denver		Support for small neighborhood-serving businesses. This includes pedestrian safety and ROW beautification measures linking small business districts and neighborhoods. Linkages are key.	The location for the project includes Federal Blvd between W 22nd and 24th Avenues, and W 23rd between Eliot and Grove St. The area is a continuation of improvements made by the bond issue along W 25th between Federal and Eliot, and Federal between W 24th and 27th. The original project couldn't afford to complete the pedestrian safety and beautification effort that the businesses and community had initially envisioned for this neighborhood serving small business area. Continuing similar improvements, such as ped safety (especially at the W 23rd and Federal intersection), and ROW improvements, such as ped lamps, trees, and landscaping, is essential for this historic area.
C F	North Denver		The NW Denver recreation centers are old and pale in comparison to new/renovated centers like Carla Madison in Denver, Wheat Ridge Ridge Main Rec Center, or APEX Rec Center in Arvada. Look at the activity lists for Rude and Scheitler. They have minimal activities when compared to Carla Madison or Central Park, yet they are billed as the same highest cost center. The only real difference from Highland Rec (local) and Scheitler (regional) is that Scheitler is open 7 days a week. NW Denver needs a new or updated regional rec center.	Specifically the pools in NW Denver are lacking. The Berkeley Park Outdoor pool and Scheitler indoor pool are basically small holes in the ground. We would love to see a nice pool with zero entry, slides, water features, seating, where the whole family can enjoy rather than just a lap pool. I would also love to see the bike pump track near the South Sloan's Lake playground expanded. The current one is too small and gets excessively crowded. Something like the City of Broomfield Pump track would be amazing. Note: I could not get the map pin to work from my phone.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Arslan Guney	North Denver		Build more outdoor and indoor pickleball courts. Very important for people to enjoy social, and health life style.	<p>Dear Mayor, After you elected as the Mayor of Denver city, you created a Mayor-Elect Transition Team for each of the department to identify ideas to make this city Vibrant. I was part of Department of Parks and Recreation (DPR) Transition team. As you know, The DPR Transition Team was represented by many citizens lived in every corner of the city and involved in their community.</p> <p>The DPR Transition Team came up about 9 pages of great ideas and submitted to you. One of the ideas was Developing Park Hill Golf Courses to a world class sport complex which includes Pickleball, Tennis and other sports which can hold national major tournaments that can bring communities together, bring much needed economy growth in surrounding communities and the city.</p> <p>We hope, you will consider DPR Transition Team recommendations in your decision process of Park Hill Golf Course. Let's build a vibrant Denver that where we all want to live, enjoy and be proud of it.</p> <p>Thank you.</p>
Teresa Warkentin	North Denver		Renovation of the rec centers in north denver Scheitler	Improve scheitler rec centers
Elizabeth Willett	North Denver		Improvement of scheitler rec center pool and facilities. Improve the Tennyson/26th junction with a cross walk light. Add sidewalk on 26th. Improve facilities on the north side of sloans lake including bathroom facilities - should be year round. Improve the highlands rec center on 29th and osceola and associated playground.	Improvement of scheitler rec center pool and facilities. Improve the Tennyson/26th junction with a cross walk light. Add sidewalk on 26th. Improve facilities on the north side of sloans lake including bathroom facilities - should be year round. Improve the highlands rec center on 29th and osceola and associated playground.
Douglas D. Hawk	North Denver		Fewer rentals and more owner-occupied homes.	
Linda Hill	North Denver		Have more enforcement of traffic violations. Resume planting in the currently bare public flower beds.	
Leigh Meek	North Denver	Central Denver	We need a more significant police presence in our neighborhood. We live in Central Park and it feels like we are prime picking for petty crime because there is practically zero police presence and crimes are not being actively investigated. Every winter we can watch cars following amazon trucks around the neighborhood to steal packages. We have had multiple cars broken into or worse stolen and nothing comes from contacting the police. Last summer there were multiple incidents where residents called the police and the police took 30+ minutes just to show up. In Nov of '23 someone did a drive by shooting of the vacant house 2 doors down from us, there was video of the actual crime and guess what? Nothing ever came of that either. Something serious needs to change.	
V Mobley	North Denver		No increase in property taxes, fees or other nomenclature that increases the expense of living in my home.	No increase in property tax, property fees or anything that adds to the expense of living at my home!
Chavon Carter	North Denver		I live in Green Valley Ranch, I'd love to have a police station here, more recycling options for those that live in apartments, condo etc, more trash cans & dog waste stations along tower road, a stop light needs to be on 56th & Piccadilly, I HATE all of the liquor stores in a 1 mile radius from 58th to 48th all of the bottles are left everywhere. There's seems like there's a lot of trash constantly everywhere	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
	North Denver	North Denver	<p>The 303 ArtWay Heritage Trail is a future 4-mile bike and pedestrian loop connecting RTD's A-Line Commuter Rail Station with Holly Square in Northeast Park Hill. With over a decade of engagement, planning, and design development led by residents and partners such as Radian, Urban Land Conservancy, Trust for Public Land, Park Hill Financial District, the Pauline Robinson Denver Public Library Branch, and Denver Street Partnership, the 303 ArtWay will highlight the visionaries, artists, leaders and community activists who have built this historically unique and diverse neighborhood, all while increasing safety and connectivity throughout the community. Bond funding will allow successful completion of the trail by connecting the Phase I route, which starts in Holly Square and includes key neighborhood amenities, to the A-Line Commuter Rail Station via the future Park Hill Park.</p>	<p>The 303 ArtWay Heritage Trail is a future 4-mile bike and pedestrian loop connecting RTD's A-Line Commuter Rail Station with Holly Square in Northeast Park Hill. Laura Brudzynski	North Denver	Central Denver	<p>Project Name: Mosaic Supportive Housing Project Owner: Archway Communities Project Type: Adaptive Reuse Status: Renovations Needed Neighborhood: Park Hill Unit Mix: 50-70 units, 1, 2 and 3 bedrooms Affordability Level: 30-60% AMI Population: Individuals and Families</p> <p>In 2025, there are more than 360 families that are currently in OneHome, Denver's Coordinated Entry System, waiting for supportive housing to become available, and the number of families experiencing homelessness continues to rise in the annual Point in Time count each year. Since families are served on the Mosaic Community Campus through Archway's existing affordable housing and at the St. Elizabeth's school and DPS' Denver School of the Arts, Archway anticipates including a number of 2 and 3 bedroom units in the project to serve families and individuals exiting an experience of homelessness.</p>	<p>Archway is partnering with the Denver Housing Authority to leverage the existing buildings and infrastructure at the Mosaic Community Campus to turn two former dormitories into affordable and supportive housing. The two buildings, Gaebe and Triangolo, were acquired by the Denver Housing Authority utilizing DHA Delivers for Denver (D3) funds to create a pipeline of supportive housing in Denver. The buildings are part of the Mosaic Community Campus that Archway has recently opened 4 buildings that together provide 154 affordable homes across the campus leveraging low income housing tax credits and historic tax credits. This next phase of supportive housing at Mosaic in partnership with Archway and Denver Housing Authority will provide another 50-70 units on the campus with a portion of the units as supportive housing in partnership with HOST and CDOH.</p>
Amanda Grammar	North Denver		Grocery store north of 70. Separate bike path connecting north and south 70 in Central Park.	Build a bridge over the RTD Havana train tracks. Build more walking and biking paths to connect north and south 70
Sally Augden	North Denver		Housing for the disabled, in particular.	
Ryan Farrell	North Denver	North Denver	More affordable, mixed-use housing in walkable neighborhoods, more options for pickleball, saunas in at least one rec center	Adding 8-16 pickleball courts to the old Park Hill Golf Course location.
Kayla Whinton	North Denver		I would say fixing the streets. As far as the parks go, more kid friendly or for smaller children to also be able to enjoy themselves. I don't see a lot of that in my area unfortunately.	I support the Plazita de Montbello. I think this would be beneficial for a lot of people, local vendors could be supported and I have a small daughter that I wish had more places to play and enjoy herself.
Jessica Ervin-Hang	North Denver		Traffic calming and police presence to deter property crime in Central Park Northend.	Traffic calming on all the main roads, namely Galena, 56th Ave, and Elmira.
Mia W.	North Denver		More public green spaces!	
Johanna Ladis	North Denver	North Denver	more public tennis courts!	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
	North Denver		An embassy for American Indian Tribes who were forcibly removed to have a safe and welcoming place to return home to! Many of us still live here, but we have no place to call our own. We need a place for our councils to gather and a cultural center.	Create an embassy and cultural center for American Indian tribes who were forcibly removed from their home lands. Many of us still live here but we have no place to call our own!
Travis Staebell	North Denver	North Denver	I would improve tennis courts in all public parks and build a public indoor tennis center in North Denver	I would improve tennis courts in all public parks and build a public indoor tennis center in North Denver
Kate Harvey	North Denver		I think more tennis courts would facilitate community and healthy, fun way to exercise.	
Anisa	North Denver		Sidewalk/pedestrian bridge on Havana from 56th Ave to King Soopers on MLK. More police in Central Park	Sidewalk/pedestrian bridge on Havana from 56th Ave to King Soopers on MLK. More police in Central Park
Brian dino	North Denver		Need more tennis courts at Berkeley park and at sloans lake. The unfinished courts at 26th and Tennyson are a Blight on the park. Please finish them and this will allow some pressure off the Berkeley courts . you can also add 4 to 6 more quarts up at Berkeley Park since the demand is there.	Again, you need to expand the tennis courts at Berkeley Park. With all the housing moving in up there there are a long wait times and this is such a fun communal sport. Many people bond over playing at Berkeley Park. Also finish the courts at 26th and Tennyson please Everybody drives by that and is a stain on the cities lack of progress.
Melanie Escobar	North Denver	Central Denver	More community focused open spaces in the city, with more access to more people to sports and recreation activities and equipment. Tennis courts especially are few, and many go unmaintained.	
Adrienne Deshaies	North Denver		More affordable housing options Better public transportation to and from Far NE Denver!! Better air quality/less emissions	New municipal building in Green Valley Ranch Design for an American Indian Cultural Embassy Fully fund all 11 promised traffic signals for District 11 New library in Gateway Improvements to Green Valley Ranch and Montbello libraries Improvements to Arie P. Taylor Municipal Building Montbello Loop trail project New median construction/improvements to Tower Road Corridor Implement Tower Road Safety Audit recommendations
Ken Moyer	North Denver		Better street design- I.e bike paths are good, but I think there should be separate bike paths instead of sharing with Main Street - bike path on Andrews Dr north of High school makes parking difficult and traffic too congested at times - poles for bike path in Green valley ranch building King Soopers interfere with traffic and turn lanes- Extend entrance/exit ramps on Peña Blvd between Green Valley Ranch Blvd and 56th	Montbello Central Park Project - what's status of Tennis Court Project Also additional tennis courts as well as separate pickleball courts would be good in both Montbello and Green Valley Ranch neighborhoods
Ken Moyer Chris Harris	North Denver	Central Denver	More Public Tennis and Pickleball facilities and better maintenance of current facilities	Completion of Tennis Courts in conjunction with the Montbello Central Park Project Maintenance to existing tennis courts in Green Valley Ranch and Montbello and allow use of locks on some courts (i.e Montbello Rec Center) in order to keep skateboarders off the courts otherwise they will need to be resurfaced again Build of separate Pickleball courts
Deanna Espejo	North Denver	North Denver	We need more tennis courts! Since Covid, the interest in tennis has increased substantially. There are not enough courts to fulfill the demand. There are also not enough indoor courts during the Winter.	Is it possible to create indoor courts during facilities at either Berkeley Park or Rocky Mountain Park?
Scott Berkowitz	North Denver		A dog park north of 56th near Splash Landing pool.	
Skyler Magee	North Denver	South Denver	There are 8 tennis courts in the 5 points neighborhood that need to be resurfaced. At Cole arts & science, Manuel high school & Curtis Park. The city park courts are always used and full, these will help with the overflow.	Please resurface and put up new nets on the mentioned tennis courts.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Matthew Kirsch Kyle Brenneman	North Denver North Denver	Central Denver	Better maintenance of and more tennis courts	Resurface multiple degrading tennis courts. Add more separated bike lanes.
kelly nordini	North Denver		more affordable housing and better transit/ped/bike	
Jennifer	North Denver	North Denver	I would love to see more parks and playgrounds in the gateway neighborhood (more specifically neighborhood near the Costco).	This huge area was supposed to be a park/outdoor area. But it has been weeds for the past 8 years. Would LOVE to get something going here. This would bring so much to that neighborhood and surrounding areas.
Eddie A Sierra	North Denver		I have noticed that the city pays little importance to the maintenance of the tennis courts in the parks. This not only limits the access of citizens to recreation, but in some cases may present a trip or fall hazard.	
Julie Venci	North Denver	West Denver		The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.
Elena Edwards	North Denver		Havana Street needs a bridge over the A-Line. I and countless other Central Parkians have been made late by the A-Line/railroad crossing.	Build a bridge over the railroad/A-line crossing. Central Park is now busting at the seams to the north and south of I-70, it's time to turn this into an actual bridge to bypass the daily waiting that occurs for this crossing.
David Cooperstein	North Denver		We need a modern rec center and more tennis courts.	Rejuvenate Berkely park by resurfacing south 4 tennis courts and improving/expanding playground.
Jordan	North Denver	Central Denver		The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.
Dane Roper	North Denver	Central Denver		The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.
Tara Ippolito	North Denver		Additional protected bike lanes, removing parking and providing more areas for sitting outside, more trees to provide shade, slower speed limits, more areas for the community to gather	
Katharine Sumerfield	North Denver	Central Denver		The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.
Serena Sampat	North Denver		Keep the tennis courts maintained in all communities - please add more tennis courts in north and east Denver.	Please update the tennis courts on Holly Street at Hiawatha Rec Center at 3334 Holly St, Denver, CO 80207 they are in horrible shape and desperately need to be redone or resurfaced. Thank you.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Joe Petrie	North Denver	Central Denver	<p>Project idea: 16th Ave Bikeway/Safety Improvements</p> <p>The City has installed a protected bike lane (PBL) on 16th Ave west of Park Ave and east of York St to the Esplanade and City Park. The 16th Ave section without any traffic calming, between Park Ave and York St. is identified in the City's Capital Improvement Project list and is part of the high-injury network. DOTI staff have been working with the Colfax Ave BID who have already funded engineering plans and traffic studies for safety and traffic calming features for this section of 16th Ave. I'd like the City to prioritize this section in the GO Bond because it is a major bikeway route, in a densely populated area, with 2 high schools and many day care facilities and charter schools that parents take their children to via bicycle. Thank you.</p>	<p>16th Avenue is the northern border of the Colfax Ave BID and it is an important travel route for residents and visitors biking to and from downtown and points in between. There are also two high schools, at least one charter school, and several daycare schools that many parents take their children to by bike. 16th Avenue is also on the City's high-injury network, which are 14% of Denver's streets in which a majority of serious and fatal crashes happen. The section of 16th Ave does not have any traffic calming installations such as speed tables, etc. and the Colfax Ave BID has done a lot of community engagement, been working with the City's Department of Transportation and Infrastructure (DOTI), and has prepared engineering drawings and traffic counts to make the street safer for all travelers and provide wayfinding directions to the area businesses.</p>
Kristina Brandner	North Denver	North Denver	We need more tennis and pickleball courts.	
Joseph Jerez Megan Collins	North Denver	Central Denver	<p>Increased access to well-maintained parks. Support for small business and restaurants to come into the neighborhood.</p> <p>Increased access to high quality healthcare.</p>	<p>The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.</p>
Jennifer Yeaw	North Denver			<p>More Tennis Courts & Park revitalization</p> <p>1) Invest in parks maintenance shops - Parks are critical to neighborhood vitality and quality of life. To ensure parks can be properly cared for, bond funding should support investments to ensure maintenance shops meet contemporary standards and sufficiently enable maintenance crews to provide that care. Investment in these core facilities will allow for more efficient and functional operations, which will translate to a higher level of upkeep for our well-loved parks.</p> <p>2) Invest in parks irrigation infrastructure - Efficient irrigation is critical basic infrastructure to keep our parks in good condition, reduce water usage and operating costs, and support a more resilient and sustainable city. Utilizing bond funding to invest in replacement of aging irrigation infrastructure throughout the city will support Denver's climate goals and neighborhood vitality.</p>
Eric Wilfong	North Denver	North Denver		<p>Complete sidewalk around entire Chaffee Park. Explore feasibility of adding tennis courts or other recreation to underutilized grassy areas of park (south side?).</p>
Adam Manypenny	North Denver	Central Denver	<p>Globeville has been neglected by the city for decades. As one of the most polluted zipcodes in the country, this neighborhood needs climate action, and NOW. It also needs to feel more connected to the rest of the city, by creating foot bridges to other parts of the neighborhoods/city. For example Globeville section Sherman/43rd Ave. there is not a foot bridge over those train tracks, there is no bus stop in this area (or along anywhere on 45th ave). Specifically this area is cut off from every direction; i25, i70, South Platte River, and the train tracks.</p> <p>We desperately better connection to the city, and climate action now.</p>	<p>A footbridge/bicycle path over these train track to connect this neighborhood better to the rest of the city. This way there could be more economical development into globeville and would not be so cut off.</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
jennifer baxter	North Denver	Central Denver	state of the art public transport in the main city corridors. I think 38th AVE should have lightrail at least to Federal BLVD if not SHERidan. I wish the buses had better safety. I am glad to see they will run more frequently on federal but they are not very safe overall.	
Erin Flanagan	North Denver	Central Denver		Hello, I am both a patient of Denver Health's westside clinic, and recently, a provider at the clinic. While my care throughout my pregnancy in 2021 was top-notch, the facilities were lacking. The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.
Jessica Ouwerkerk	North Denver		More tennis courts! Fix all the defunct courts around town and keep them in good shape. Add more courts as well since tennis is booming.	
Megan Guy	North Denver	North Denver	Please widen the bike / walking path at Sloan's - or better yet, separate the paths for vehicles vs walkers/runners. It's way too narrow to safely accommodate all of the uses and would much better serve the community if it were constructed like the Wash Park path which separate lanes and plenty of space for people to walk and exercise in groups. We also need more tennis courts, and an indoor facility that permits people to play through the winter would be awesome!	See above! THanks.
Laura Brudzynski Mitch Dickman	North Denver North Denver	Central Denver North Denver	Project Name: Gates Family Housing Project Owner: Archway Communities Project Type: New Construction of Affordable Housing Status: Raw Land, Funding Needed Neighborhood: Athmar Park Unit Mix: 95+ units, 1, 2 and 3 bedrooms Affordability Level: 30-80% AMI Population: Individuals and Families Athmar Park is an area of West Denver that has felt the pressures of rising housing costs in the last several years and displacement pressures for residents in the neighborhood. With the redevelopment of the former Gates Rubber Factory with Broadway Station Partners, the city has negotiated an agreement to include affordable housing alongside market rate residential and other development in the station area. Archway will be providing the bulk of the affordable housing for the redevelopment area at the Gates site with a mixed income project that is set to include a large number of units that can serve families with 2 and 3 bedrooms.	Gates Family Housing will provide at least 95 affordable homes including 1, 2 and 3 bedroom units in Denver as part of the redevelopment of the Gates Rubber Factory. Archway has been partnering with HOST and other partners to amend the affordable housing agreement to make this project possible. Archway was awarded one of the first Proposition 123 land banking awards to acquire the site and closed on the acquisition in fall 2024. We expect to leverage tax credit financing to develop housing at the site that can serve families at the neighborhood and can offer affordable housing to residents near the station, including employees that could support the city's economic development initiatives at Santa Fe yards. The project anticipates serving households earning between 30-80% AMI.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Alessandro Giovani Ramirez	North Denver North Denver		<p>What would make Montbello better is having more safe and welcoming places for kids, teens, and families. A lot of people in my neighborhood don't always get the same chances because of things like language or money. Some families don't even know about the programs that exist because they're not in their language.</p> <p>It would help to have more stuff in different languages at rec centers, libraries, and art places. We need more parks and trails that are clean and safe so people can walk, play, or ride bikes without worrying. We also need more affordable places to live so families can stay in the community.</p> <p>Police and emergency services should work more with the community to build trust. And we should learn more about how to take care of the environment and be ready for things like extreme weather.</p> <p>If everyone could access these things, Montbello would be a stronger, safer, and happier place for all of us.</p>	<p>My project idea is to help create a place called La Plazita de Montbello. It would be a pop-up event in parks where people can come together, learn new things, and have fun. There would be spaces for local vendors to sell food and crafts, places to sit in the shade, water fountains for kids, and even outdoor exercise areas for older people.</p> <p>There could be music, performances, and art from different cultures, with everything in different languages so everyone feels included—like Spanish, and many other languages. We would also have booths where families can get info about housing, safety, and programs in the neighborhood.</p> <p>La Plazita would help people feel more connected and safe. It's a way to make sure everyone, no matter where they're from, has a place where they belong.</p>
Luz Del Carmen	North Denver	North Denver	<p>What would improve Montbello:</p> <ol style="list-style-type: none"> 1. More programs and resources available in multiple languages 2. Safer parks, trails, and sidewalks for walking and biking 3. Shaded seating and clean, family-friendly public spaces 4. Outdoor exercise areas for seniors and activities for youth 5. Support for local vendors and small businesses to grow 6. More affordable housing and help for families facing rent struggles 7. Driving teaching classes and English classes that are easy to access (love to have them free if its possible but if not, have a least low cost) 8. Community events that celebrate culture and bring people together, like Día de los Muertos, Black History Month, Asian American and Pacific Islander Heritage Month, Juneteenth, and many more. 9. Emergency readiness information that's clear and accessible to all 10. Public safety efforts that build trust with residents 	<p>My project idea is to create something like a small community plazita in Montbello where families can gather, celebrate culture, and get access to helpful information. I don't speak English well yet, and most of the time I depend on my children to help me understand things. I want to learn, but it's hard when there aren't many spaces that make it easier for people like me to get started.</p> <p>I would love that the space could have places for local vendors, shaded seating to relax, water fountains for kids, and outdoor exercise areas for older adults. It would also include performances, music, and information shared in different languages like Spanish and other languages, so more people feel welcome and included.</p> <p>The goal is to have a space where people can feel safe, connected, and supported—especially those who usually feel left out. It's a small idea with a big purpose: to bring the community together and make important resources easier to reach.</p>
Greta nason	North Denver	East Denver	Having roads widened 56 th ave and tower are awful more alternative touts	
Tiarra Jordan	North Denver		Increase traffic safety for drivers, pedestrians, bikers, and for children walking to and from school	Fully fund all 11 promised traffic signals for District 11 New municipal building in Green Valley Ranch Implement Tower Road Safety Audit recommendations
Michael Morales	North Denver		Perimeter sidewalk for Chaffee park at 44th and Tejon so people can walk around it. Crosswalk or traffic calming in front of Cobblers corner at 44th and Alcott	Perimeter sidewalk for Chaffee park at 44th and Tejon so people can walk around it. Crosswalk or traffic calming in front of Cobblers corner at 44th and Alcott
Laura Hickey	North Denver		<ul style="list-style-type: none"> -More frequent patrol by animal control to parks -Patrols of Alleys for trash/dumping problems -Increased repair of potholes <p>These have become safety issues</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
J Fred Beck	North Denver	Central Denver	Slower streets. We can't rely on police enforcement to address the high volume of speeding, failing to stop, etc. More passive measures like speed bumps, etc.	Speed control in the form of passive changes to streets such as speed bumps
Kim Yuan-Farrell	North Denver		More trees! Trees are an essential element of green infrastructure supporting the health of our city. Trees continually rank high on the list of resident priorities, as the City's public engagement processes have shown time and again, and Denver's trees provide over \$122 million in environmental, social, and economic benefits annually. However, Denver is a long way from its goals of 16-20% neighborhood canopy cover. All of Denver's neighborhoods need to plant trees: to replace aging and diseased trees over time. And Denver's low-income areas have very low tree canopy coverage and need significantly more trees to help protect residents from extreme heat. Supporting tree planting on public and private property is an essential way for the City to achieve its tree canopy goals, support clean air and water, reduce flooding, address urban heat and inequity, and protect our most vulnerable populations.	Please dedicate funds to support The Park People's Denver Digs Trees program, a partner nonprofit program that provides free and affordable trees. City bond funds have supported this program in the past, the most cost-effective way to plant trees in Denver that includes ongoing stewardship support and includes all of Denver and a special focus on our most low-canopy, heat-vulnerable neighborhoods. Bond funds will help replace essential work that was supposed to be executed through a \$5M Inflation Reduction Act Grant from the U.S. Forest Service that The Park People and the City of Denver's Climate Office and Denver Parks and Recreation had won together, but is being taken away by the federal administration. Ensure the health and resilience of our neighborhoods by investing in trees - an investment in clean air, cool and safe neighborhoods, safe streets, great outdoor spaces, and nearby nature for all! Also, please construct an indoor pickleball structure at Gates Tennis Center.
Will Stingley	North Denver		Close 32nd ave and or Tennyson st to cars.	It's bold but close 32nd or Tennyson to cars to create a pedestrian mall like pearl street. It will be better for businesses, residents, climate, and safer streets.
Barbara Shaffer	North Denver		Update Schuetler recreation center pool area. Improve all sidewalks so none are crumbling. Make walking and bike paths separate from the road for safety like in the Netherlands. Get rid of I70 and move it to 270 so the neighborhoods aren't split	
Heather Noyes Gregg	North Denver	North Denver	An updated rec center with both indoor and outdoor pools/aquatics Safer pedestrian connections between the commercial core of Tennyson Street and Berkeley Park, Centennial School, Library, Rec Center, Willis Case	West side of Tennyson between 44th and 46th, expand the sidewalk to 6'-8', add street trees and construct water quality improvements to catch stormwater before it hits Berkeley Lake. This improvement improves water quality, expands the urban canopy to minimize heat island effect and improves pedestrian safety, prioritizing the pedestrian and cyclists.
Florencio	North Denver		Many side walks need to be repaired. There are. Also lots of streets that need repair.	It would be a GREAT idea to ad some space to Atzlan rec. Center. It is really small inside there is not enough room for kids in there to move around comfortably. The gym is huge but, not the game area. Come over and take a look I'm sure you would agree. If you can't do that get the Boys and Girls Club back open. You all do not know the negative impact that had on our neighborhood. There are lots of kids that never leave the from around their home. We also had kids coming from Arvada and Thornton because this is the close B&G Club on 46th and Navajo.
Mary Lee Chin	North Denver	North Denver	Please remove the speed bumps from 29th street.	Denver Botanic Gardens Infrastructure. DBG is a place that really gives to the community and is a welcoming and inclusive space. Keep it going so that even more people can experience its joy
Vicki Rubin	North Denver		more neighborhood get togethers Parking for people who live in the neighborhood.	
Katherine Cornwell	North Denver		Turn 47th Ave into a green, pedestrian and bike only linear park between Rocky mtn Lake and Zuni. Replace those plastic collapsible bollards on Clay St with landscaped bump outs and bioswales. Landscape and/or beautify with public art all roundabouts in the city. Turn the alley at Beach Ct from 44th to 41st into a green street.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Margaret Rust	North Denver		<p>I live on Wolff St. eaten 45th & 44th. There is no safe way to cross 44th Ave near me. I feel like I'm risking my life whenever I walk my dog across due to speeding cars. A crosswalk or flashing light or even slow down sign would be much appreciated!</p> <p>Community cultural and fun events in Berkeley Park, such as concerts & food/beer trucks would be great!</p>	Bike pathway with flexible marker sticks along 44th Ave would slow traffic and be biker/pedestrian friendly!
Chris Davey Shawna	North Denver North Denver		<p>We need more of the flashing pedestrian crossing installed where there are long stretches of roadway between lights or stop signs. I've been asking for a flashing light crossing at 26th and Tennyson cross over into Sloan Lake park for years and keep being told it isn't needed there. Obviously the Infrastructure Dept doesn't live in our neighborhood.</p>	
Tyler Johnson	North Denver	North Denver	<p>More affordable pickleball courts</p> <p>Fund the improvements to 38th Ave to prioritize cars.</p> <p>Implement BRT on Federal and on 38th.</p> <p>Close Tennyson business district to cars, making it a pedestrian only street from 38th to 46th.</p> <p>Build a high quality rec center (like Carla Madison) to replace Aztlan Rec Center.</p>	
Renee Martinez Stone	North Denver	West Denver	<p>1) In West Colfax, I would want sidewalk improvements within Westridge Homes to ensure as DHA redevelops the area, their money goes to affordable housing and not infrastructure. 2) I would also like bond funds to create a revolving fund to reduce infrastructure/ROW costs for families building affordably restricted ADUs to help minimize involuntary displacement. 3) I would like bond money to go towards improving the tree canopy in West Colfax, Sun Valley, Villa Park, Burnham, West Burnham, Westwood, Valverde and Athmar Park neighborhoods. All three of these items are equity needs and equity focused project solutions.</p>	<p>1) SV Riverfront Park phase 2 2) West Denver public tree planting to improve lack of trees in the area 3) Many families are being displaced, create a revolving fund to cover the infrastructure costs for families building affordably restricted ADUs or Tandem homes. 4) Affordable housing gets less funding because DHA must reconstruct old streets, sidewalks, curbs (infrastructure) where they develop. A bond project should be to pay for infrastructure in areas where there is permanently affordable housing like Westridge Homes, and Columbine Homes.</p>
Jonathan Levy Denise Ross	North Denver North Denver		<p>I live near the intersection of Alcott and 37th. When the traffic circles were installed on Clay I saw an increase in speeders and people blowing through stop signs on Alcott and Bryant in an attempt to avoid the deterrents on Clay. I also have observed a lack of understanding by drivers on Clay regarding who has the right of way in a traffic circle. Drivers seem to think that when traveling north or south on Clay they have the right of way regardless of who arrives first at the intersection or that when drivers arrive at the same time, the driver to the right has the right of way. The 4 way yield signs seem to be ineffective. I had suggested speed bumps but was told they are not used in Denver. Perhaps more 4 way stop signs would help.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Bonnie Campbell	North Denver		<p>-Modern rec center- I go to Wheatridge for a good rec center. -Clean water in Sloans lake! -Constant theft, gun shots. Don't feel safe. -Housing- property tax unaffordable. No limitations on size of new construction (can take up entire lot removing all trees etc), but existing homeowners have hoops to jump through for add-one/renovations.</p>	
Jamie chesser	North Denver	North Denver	<p>Safer streets (pedestrian and bike safety), lower crime, update speed limit signs, better sidewalks/walkability, Chaffee park improvements including renovating bathroom existing and adding a second at north end of park. Plant more trees, right of way beautification. Speed up the implementation of 38th ave corridor project.</p>	<p>Chaffee park renovation. Would love to talk to city leadership about this! Second idea speed up implementation of 38th ave corridor project.</p>
Ed	North Denver		<p>No cars in highland square or on Tennyson street, make it pedestrian walking only. Stop corporations from buying houses. Develop 41st and Tejon into another Tennyson or Highland Square shopping/dining destination. Free shuttles to sporting events. We need a garden center in north Denver. Make a big sand beach at sloans lake. Add numerous volleyball nets at Sloans lake like wash park. Prosecute shoplifters at Walgreens at Spear/Federal before we are forced to close.</p>	<p>Chaffee park needs some major love: more trees, tennis courts, community pool, lights, etc.</p>
Chloe Johnson Elesa Hulon	North Denver North Denver		<p>Crosswalk from Rocky Mountain lake park onto 48th and another cross walk on 48th and Tennyson to connect Rocky Mountain lake park to Berkeley lake park. It's so silly how much walking to traffic lights you have to do and it's all unsafe- no one drives the speed limit and there's a ton of traffic. All the sidewalks I. This part of the neighborhood are so small you can't get a stroller down them. It's such a great part of town where there are so many things gs walking distance, but the street infrastructure doesn't make it easy. Second item- people and dogs are everywhere. Most people have dogs. The Berkeley dog park is absolute trash and super crowded. Why can't we have off leash hours like Central Park or an off leash area that has grass. I think we can do better. It's an eyesore and it's hot and it's the worst dog park in the area. Little dry creek is much better</p>	<p>Connect Berkeley and Rocky Mountain lake parks via crosswalks/walkway on 48th ave. Improved dog parks and dog access.</p>
Melissa Johnson	North Denver	North Denver	<p>More sidewalks on the east side of Sunnyside.</p>	<p>Indoor pickleball at Gates Indoor Pickleball at Gates More sidewalks in Sunnyside. There are some random blocks in Sunnyside that don't have sidewalks especially those near the rail corridor. It's always a bit dangerous trying to walk the dog or walk to the light rail station here.</p>
Anna Kaye	North Denver		<p>Please put covers over our outdoor Pickleball courts.</p>	
Abbie Tanner	North Denver	North Denver	<p>More parking!!</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Chris Ofsthun	North Denver		Dog parks! There are no options in my neighborhood of Sunnyside yet there are plenty of parks with plenty of unused space. They kind of become de facto dog parks but a fenced off area would be great! Chaffee park is a perfect example where the north side of the park is generally empty and has plenty of space for a dog park! And I'm sure that would help support the Monkey Barrel across the street where dogs are allowed on the patio!	Dog park!
U	North Denver		I live in Sunnyside. We need more dog parks in the northwest Denver neighborhoods. Dogs are very important to families and we need more locations where dogs can run safely off leash. These dog parks do not have to be extremely large or require extensive maintenance by city employees. I think if we have neighborhood associations, lend a hand to the control and maintenance of dog parks, they could be very successful. It would also be nice to have more paved walkways around park area areas to allow for bait, pedestrians, and bikes to exercise in a safe area. Placement of more picnic tables and benches would be nice to all of our existing parks.	
Matt G Stone	North Denver	North Denver	Bring back the police! All the small crime leads to bigger crime. Give an inch and folks will take a mile. Driving, let alone bicycling/ walking/ scooters etc in the city is dangerous! People running stop signs, speeding and just general reckless driving is out of control. I haven't seen a car pulled over in Denver in YEARS and it shows in how people drive these days. To me that is the biggest issue in Denver right now. How many people need to get killed in the metro in car accidents? Start enforcing the laws we already have.	
Bob Cutillo	North Denver		less construction	Add a dog park within Sloans Lake park Indoor pickle ball courts at Gates Tennis Center
Monika McDonald	North Denver		1. For the love of all that's holy could the city please put turn signals at intersections with turn only lanes? With traffic being so heavy everywhere, it sure would be nice to get through a light without worrying about getting hit by traffic (or sitting through multiple light cycles). What's the point of having a turn only lane, but you can't get through the light? 2. Please fix potholes with better coordination between departments, especially after a major resurfacing. It seems incredibly inefficient to resurface a street and shortly thereafter, tearing up spots for whatever reason and repairing with lousy patch jobs. Our freeze/melt cycles are bad enough creating potholes, poor planning between various factions shouldn't add to it. Northbound Lowell Blvd. from 41st to 44th is ridiculous.	
Libby Parks	North Denver	Central Denver	Less crime, more pedestrian friendly areas. Less big apartment buildings., more community	Safe, public park with pickleball courts

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Annabelle S Culver	North Denver	East Denver	32nd Ave closed between Lowell + Perry as a pedestrian mall like Larimer Sq! It would make it a more neighborhood feel and give people a spot to gather since there isn't a park adjacent to that street. Would give a great sense of community!	
Ed Telgenhoff	North Denver	South Denver	The horse shoe pits at Rocky Mountain Park have been the same since I played baseball as a youth in the late 70's. They host multiple tournaments every year and are used daily. They need help!	Please see above.
AJ Unander	North Denver	Central Denver	Add a park in the Regis neighborhood! Sometimes 50th floods when it rains because the sewer get clogged. Would love to feel safer along Federal as a pedestrian. The city should build some housing at 47th and Federal where they recently knocked down the hotel. I believe DHA owns the land.	<ol style="list-style-type: none"> 1. Add water fountains to Rocky Mountain Lake Park and Berkeley lake park. 2. Repave the road on Washington Street under the bridge between Brighton and Walnut streets in Rino. 3. Add/Renovate lighting under bridges for pedestrians/bikers riding at night.
Marie C Giedraitis-Edgar	North Denver		Berkeley neighborhood is a wonderful place to live but a community gathering place is missing. Berkeley would be enhanced with the rehabilitation and reconstruction of the historic bathhouse in Berkeley (regional) Park. For the past several years I have been learning what a wonderful and valuable asset a community gathering place would be. I have been advocating for this along with neighborhood leaders, interested neighbors and with our neighborhood association (BRUN). It was thrilling to have the Mundis Bishop assessment completed for the bathhouse in 2020, as well as the HSA completed in 2022. Bond money could now be used to pay for the numerous deficiencies needing attention as well as some of the major work of rehabilitation in the HSA. I understand that it may take a decade of working together to bring the bathhouse to a condition that will allow the Berkeley community to celebrate together by the Lake and to witness this asset used for classes, parties, events, & much more.	The Berkeley Park Bathhouse is ready for the improvements that Bond money could finance. The assessment completed in 2022 includes extensive lists of what needs to be done to eliminate deficiencies and then to rehabilitate the building for reuse by the community. Friends of the Berkeley Bathhouse have signed petitions, attended PRAB and BRUN meetings, written letters to Parks and Rec officials, shared research with City officials, and imagined an old building brought back to life for our community. We are passionate neighborhood advocates who envision the transformation of this significant park facility into a useful and appreciated asset. As a contributing feature to the Historic Berkeley Park and Parkway, a rehabilitated Berkeley Bathhouse would SHINE for North Denver.
Caitlin	North Denver		We really need more trashcans in the Jefferson park neighborhood. There is so much trash after football games and concerts and think additional trash cans could help	
Ciera Ross-Nichols	North Denver		Clean up and keep the South Platte River Trail clean.	The westbound exit at Pecos and 70 is scary to get off of against oncoming traffic and change many lanes. The roundabouts once you're off could also use a revamp- where they say Chaffee Park and Sunnyside
Nathan Koransky	North Denver		New Playground at Highland Park. Current playground is dangerous and outdated.	New Playground at Highland Park
Carol Ann Fryer	North Denver		Make the neighborhood walkable. Make it safe...lighting, traffic. Bring back events like the traveling summer bandwagon shows, music, and stuff that makes a neighborhood vibrant and brings people out.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Ashley Farrell Elena Mendoza	North Denver North Denver		Safer crossings around parks (north side of Sloan's Lake), contiguous sidewalks on major thoroughfares (26th from Sheridan to Lowell) , more speed bumps on major streets w/in neighborhoods (26th & 23rd, Sheridan to Federal), more pedestrian triggered flashing crossing lights like those on Perry Street. Updates/ development of Highlands Rec Center for broader public use (families).	Safer pedestrian crossing at 26th & Tennyson including pedestrian trigger flashing lights, speed bumps near the intersection, sidewalk from intersection around Sloan's Lake north parking lot so people aren't running, walking, riding through the parking lot to gain access to park trails and playgrounds.
Peter Simonson	North Denver		Big thing: keep developing infrastructure to take people out of their cars: buses, bike safety, pedestrian safety. Small thing: preserve the historic sidewalks in Highland when the scrapes happen.	Sorry, I don't have one, but am so grateful for your leadership, Amanda!
Troy	North Denver		Actually having police enforce laws on speeding, larceny, etc.	Stop cars from speeding through residential neighborhoods, larceny, stop sign running, expired registration, no insurance etc.
Laurie Hanselmann dave barnes	North Denver North Denver		I reviewed what my neighbors put on the map and I would LOVE: sound barrier wall between RML Park and I70, New pool and rec center at Scheitler/Berkeley Lake, and dog park at park on Federal and 41st. These are all excellent ideas! Rezone ALL of Berkeley to R-2	This is a wild one: but what about a skate/bike park here? It's across from the high school and this wide open space is not used by anyone much as it is. Give the teens and neighborhood kids a place to hang out. It could also be a cool spot for a nature path kind of garden park. It just feels a bit like wasted space in a prime location that could be so cool. (but then the intersection of Federal and Speer would need to be fixed to be much safer. That should happen anyway with all the kiddos using it!)
Jeffrey Eggert	North Denver	Central Denver	A recreation center similar to Apex Center in JeffCo. A large facility with many different recreation activities (swimming, rock wall, ice rink, pickleball, tennis, basketball, exercise, cafe, etc) located in Berkeley or Rocky Mountain park. A bike park similar to Valmont in Boulder. Place for bike trails, skateboarding, cyclocross, slope style features, etc. located in north Denver (ex Zuni Park). Enhance bike trail from RiNo to South Broadway similar to Mid-Town Trail in Atlanta. Trail has shopping, cafes and restaurants on or near the trail. Make the trail an attraction and not just transportation.	Large recreation center with many different activities similar to Apex Center in JeffCo. Pools, ball courts, ice rink, climbing wall, bike trails, etc. Able to host athletic competitions for kids and adults. Include cafes, restaurants, ice cream stand (partner with local businesses). Make it a place people want to go to for community.
Wendy Flanders Katherine Miya Woolfalk	North Denver North Denver	Central Denver	A police station in Green Valley Ranch, Better traffic lights with left turn green arrows,	Police station in GVR
Emily Drennan	North Denver		Dredge Sloans lake, please!	-Dredge Sloans lake -please no more bike lanes or speed bumps. 29th is absolutely horrible w the speed bumps
Anna Theisen	North Denver	Central Denver	We need better rec centers and parks. Community outdoor pool and gyms that can support volleyball teams. Please! Our kids need this desperately.	Volleyball field house at Scheitler Rec or Rocky Mountain Park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Kyle Cesmat	North Denver		<p>Funding parts of 38th st vision, enabling safe & vibrant walkable paths near Federal/38th and improving greenery. This would enhance business opportunities along the dilapidated corridor and enable safer pedestrian traffic.</p> <p>Other opportunities to directly improve my neighborhood include:</p> <ul style="list-style-type: none"> - Enabling safer access to the Clear Creek trail system via Tennyson or Lowell - Improve sidewalks all throughout north denver - Improve recreation center amenities in N Denver. Wheat Ridge and Arvada have much more superior public rec center offerings. - Improving the public parks at Highland Park and César Chávez Park, outdated playground & picnic areas today - Improving crosswalks across 38th at Perry, Irving, Federal 	Fund key parts of the 38th St Improvement study!
Amy Swain	North Denver	Central Denver	Scheitler recreation center- Berkeley Pool could use improvements! I would love to see a safer crosswalk on Lowell and I70 for students walking to Centennial and Skinner.	
Ashley	North Denver	North Denver	<p>Ban camping. Do not let homeless people in live in the parks and trash them.</p> <p>Make safer crossings for bikes and pedestrians.</p>	<p>Improve Caesar Chavez playground and add equipment for older kids (currently geared toward babies and toddlers). This is a highly utilized park for the neighborhood especially on first Friday.</p> <p>Improve Berkeley pool to make it more of a community gathering place with more greenery, seating, etc.</p> <p>Add a pedestrian blinking light crosswalk at 44th and Perry for families going to and from Centennial Elementary. This is a very dangerous intersection and the current "crosswalk" does not help.</p>
Amanda Skrzypchak	North Denver	North Denver	<p>north denver, especially Sunnyside, needs a rec center like Carla Madison- that can serve as a community hub.</p> <p>We need improved playground spaces, especially ones that are shaded.</p> <p>We need to build shade/tree canopies for the neighborhood as it is frequently too hot and impossible to find a shaded sidewalk.</p>	
Alison Mizer	North Denver		Indoor tennis facilities in Stapleton/Central Park and more outdoor tennis & pickle ball courts like a Denver Tennis Park.	A place like Denver Tennis Park in northeast Denver
David Kider	North Denver	Central Denver	Trees, parking enforcement, speeding enforcement, bigger rec center pool.	
Amanda Fairbairn Stephen Smith	North Denver North Denver	North Denver West Denver	<p>Really good bike lanes (Clay st bollards are confusing and dangerous)</p> <p>Pedestrian crossing light at Pecos and 41st</p> <p>Safe and clean park restrooms</p> <p>Kid-height basketball hoops at parks</p>	Berkeley park outdoor pool update and expand hours

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Meghan McManus	North Denver	North Denver	The Sloans Lake(Northside) courts are embarrassing. For such a beautiful park it's hard to believe something hasn't been done to improve them or remove them. When fire de co e from out of town we have no explanation for why they have been neglected. I also think one or two of our North Denver parks could be a great place for Pickleball without disturbing the neighbors. The I70 sounds of traffic would drown out the Pickleball sounds at Berkeley or RockyMtn Parks.	Repair or remove tennis courts Would love to see a new tennis/pickleball facility in the green valley ranch area.
Ronald Stevens	North Denver	West Denver	More indoor tennis facilities. Pickleball courts	
Jenn	North Denver		More police - there is a lot of petty crime and speeding on small neighborhood streets	
Stephanie	North Denver	North Denver	Scheitler rec center needs an update. We utilize it for denver rec sports and swim lessons. It is bare bones.	Scheitler rec center needs a lot of work. The pool is pathetic. Great staff and huge neighborhood who utilizes kids sports and activities. I would love to see a sensory friendly space created for neurodivergent community members.
Alison Nestel-Patt	North Denver		Major overhaul/update to the Cesar Chavez park on Tennyson St!	
Mike Crawford	North Denver		I like the addition of bike lanes, but there has to be a better solution than the ugly white posts. They get dirty, bent over and create an eyesore.	Replace the ugly white posts with a different type of buffer for safety. A narrow landscaped median, perhaps?
Leslie Hortel	North Denver		We need a safer pedestrian and car crossing at the I-70 on /off ramps on Lowell. It is so dangerous for cars, pedestrians and bikers. The visibility is poor and it's so busy. Plus it is a hugely pedestrian/bike traffic area with the park, neighborhood and university near by.	Add a traffic light or other crossing mechanism for both the on and off ramp to I-70. Ensure thoughtfulness for pedestrians and bikers.
Maura Bird	North Denver	West Denver	Would love to see upgrades to Scheitler Rec Ctr and the pools! Emergency call access set up along the sides of Berkeley Lake & RMLP particularly for women where no access off the path is available. Cross walk before the underpass to Berkeley Lake - option to push button and slow traffic for kids to cross. As well as along 48th and Lowell. Repave outdoor basketball court at Berkeley.	See above:) Thank you!!
Kevin Bradshaw	North Denver	East Denver	More public trash bins (would cut down on dog poo). Reopen toilets at parks. Working water fountains at parks.	
Jane von Halle	North Denver	Central Denver	Improving the outdoor Rec center pool at Scheitler recreation center. Dredging Sloan's lake so it would be usable for swimming and water craft	Scheitler outdoor pool needs to be improved so it is nicer and add a children's pool area. Sloan's lake should be usable for swimming and boats with clean safe water where fish survive and don't die every summer when it's hot.
Karina gonzalez	North Denver		Calles más limpias y bien pavimentadas Áreas verdes y área de juegos mejores para los niños Más actividades para los niños y jóvenes Más seguridad de policías y bomberos Ambiente más sano para todos Más alumbrado publico	Impulsar a los jóvenes y niños a que ellos emitan su opinión. De los parques y centros culturales. Impulsar a los jóvenes a q ayuden a la limpieza de calles y parques también de forestación Implementar actividades para toda la familia Invitar a toda la gente que lleve a cabo tareas por calles a mantener más orden Y limpieza Ayudar a la gente que tiene necesidades

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Liz Drummond	North Denver		More efforts to slow drivers down, improve pedestrian and cyclist safety all over the city. Stop cars running red lights/racing down 32nd between federal and zuni. Better equipped parks with more shade	Improve/upgrade Cesar Chavez park. Larger play equipment with more variety including areas for younger and older kids, more bike racks, proper toilet blocks,
	North Denver		More trees, less warehouse spaces, garden/green roofing on warehouses, Sunday panels on warehouse roofs, less high rise condo/apartments	
Mattias F Sullivan	North Denver		Enhance Chaffee park. More trees, paths, and off leash dog hours 6-8am. Be more business friendly along 44th and Tejon. Increase bike and pedestrian safety.	
Andrea Mendez	North Denver		Indoor Pickleball at Gates; expand fitness class offerings at rec centers.	Outdoor pickleball courts
Odalis Ocampo	North Denver			Soy residente orgulloso/a de Montbello y apoyo firmemente la propuesta del GO Bond para La Plazita de Montbello en Montbello Civic Center Park. Nuestra comunidad lleva años solicitando áreas sombreadas, fuentes de agua para niños, espacios para vendedores locales, y escenarios culturales que reflejen nuestra identidad. Este proyecto es esencial porque creará un espacio seguro, alegre y culturalmente relevante que unirá familias y vecinos de todas las edades. ¡Montbello merece esta inversión que fortalecerá nuestra comunidad!
Real Senn	North Denver		The feral cats have to be dealt with. It is intolerable.	Sloans lake MUST BE dredged RIGHT NOW.
Danae Falvo Ryan Casey	North Denver North Denver	North Denver North Denver	Speeding enforcement on 23rd More dog parks Make a portion of Sloan's Lake Park into a dog park	
Fatemeh Kordouni	North Denver	Central Denver	Better children's activities during long hot summer days.	North Denver can use updates to swimming facilities within its rec centers. We seriously lack an outdoor swimming pool and have to travel far to swim outdoors. Highlands park would benefit from a splash pad and upgraded playground equipment, considering the number of families and children it would serve based on its location on Federal and by Woodbury library.
James Williston	North Denver		More police. Probably double our current force would be great.	Repair and/or renovation of park bathrooms across the city. Couple that with more park rangers so they don't get trashed by addicts and other miscreants. Let's take care of what we have before we try to add new things.
Lisa Nguyen	North Denver		Better parks, more bike lanes, better way to control speed in the neighborhoods	Improve Scheitler Rec Center pools (inside and outside). They're both small and plain
Andrea Grace Mimnaugh Bridgette Brinkmann's	North Denver North Denver		1. a new plan for W 38th Ave! Identify remaining historic structures and see if they can be preserved, or at least have access to funds for some restoration. Also, have a design plan for larger apartment buildings, for example, height limits and setbacks for upper floors. Incorporate outdoor areas sheltered from the noise of 38th, but accessible. For example, new restaurant and cafes with available space alongside a building. Create a landscape and streetscape plan and add a landscaped median.	
			Drudge Sloan's lake	
Eddie Sierra	North Denver			The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jenna Tinkess	North Denver		<ul style="list-style-type: none"> - Improve the playground at Cesar Chavez Park on Tennyson - improve the playground at north loans lake - Dredge Sloans Lake and make it a healthy, vibrant ecosystem again - Splash pad at Sloans - Lots of places where folks have advocated for safer pedestrian measures like lighted crosswalks, etc. 	<ul style="list-style-type: none"> - Improve the playground at Cesar Chavez Park on Tennyson - improve the playground at north loans lake - Dredge Sloans Lake and make it a healthy, vibrant ecosystem again - Splash pad at Sloans - Lots of places where folks have advocated for safer pedestrian measures like lighted crosswalks, etc.
Kate Ronlund	North Denver		Taking care of streets for driving, parking, planting trees, flowers. Also safety--police actually enforcing the laws. My taxes should already cover these things rather than city council pet projects. I don't want a new bond. I want lower taxes and city accountability.	Lower taxes and work within your budget
LL	North Denver	North Denver	The only playground, within proximity to west highlands, is at a section 8 housing complex. there are NO dog parks within distance. The nearest one you have to drive to and is filled with rocks. Dogs want grass, there's enough space at at least Sloans lake to add one. The Highlands Rec Center is a POS. For the influx of people who have moved to the area this does not accommodate the people who pay taxes for this crappy perk. It's more like a homeless parking lot and drug swap area. And, what a shame for the city to purchase Little Sisters of the Poor, move migrants into our neighborhood with our tax dollars & not even ask us that live here if we're cool with it...now you all don't even take care of the property so another dump & eyesore added. The bike lane added to 29th...I encourage someone to do a QC on this crappy project. But I will give you two thumbs up for adding so many speed bumps. speed bumps need to be added to through streets (Irving, Lowell).	
Megan Farrell	North Denver		Indoor Pickleball at Gates!	Indoor Pickleball at Gates!
Nadja Keithley	North Denver			
Harry Philbrick	North Denver		More pickleball courts	Build out Gates for more including indoor pickball courts
Debbie Antognoli	North Denver		<p>Improve Chavez park playground; Put solar flashing lights on pedestrian crossings on TennysonSt. Improve parking, possibly make some streets one-way. The streets are too narrow to pass on-coming cars. Maybe if some streets are one-way the other side could be used for more parking. Take away some of the white poles- especially the ones where you can't turn because they are in the way! They make no sense. I feel they were a mistake,</p>	
Curt Hjelle	North Denver	Central Denver	Reintroduce recreational boating to Sloans Lake.	
Deirdre Kane	North Denver	South Denver	historical designations and protections, sidewalk improvements	The Denver Health Sam Sandos Westside Family Health Center is in dire need of a complete renovation. The nearly sixty-year-old facility is the second-most visited clinic at Denver Health and it is falling woefully behind in terms of clinical space, technology, and physical infrastructure. Importantly, the Westside redevelopment project meets the criteria of the Vibrant Denver Bond Program requirements and is currently shovel-ready; with appropriate funding, the project aims to be completed within two years. Please prioritize this important community investment.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Katy massanari	North Denver		More consistent sidewalks. They start and end it's very random. More speed bumps to control fast cars. More police presence or park ranger presence day and night on high traffic days and holidays at Sloan's lake park (specifically 4th of July). Fix the tennis courts on north side of Sloan's lake. Also, the bathrooms need to be open and accessible more consistently throughout the year.	Fix tennis courts and/or create a pickleball option on north side of Sloan's lake.
Kevin Mulcrone	North Denver	North Denver	There is just a ton of garbage everywhere. I'm not sure if it has to do with the winds blowing trash out of cans, people littering, or what. Not as bad in the actual neighborhood, but I walk down to the REI and walk and bike along the Platte and Cherry Creek and it is just covered in garbage to the point where I'd be embarrassed to bring out of town family down there.	Let's get good at the basics/fundamentals before we divert attention and resources to other side quests.
Carly Lenderts	North Denver		- Improve Atzlan Recreation Center - Add a dog park to one of our existing parks	Atzlan Recreation Center needs a facelift - it is dated, the fitness center equipment is old and sparse and the space is small overall. Hours are limited. I would love to use this rec center but it's not worth it! East Sunnyside (east of Tejon street) needs a dog park. Residents have taken over Ciancio Park as their unofficial dog park because there is no other space that serves that need.
Kyle Finseth	North Denver	East Denver	A rec center and library would be nice to have, the closest of each is miles away. More frequent RTD service would be nice. Higher density housing, a grocery store.	Recreation center and library in Chaffee Park.
Amy	North Denver		I live in Lohi. It's so dangerous for kids over here. We need more parks. Places for families to gather, safe places for kids to ride bikes, and a pool!	Nice park or pool near st Patrick's.
Nancy Fey	North Denver		take away round-about at 41st and Grove; the intersection is too small for it. Slow private development	
Sheila E Olson	North Denver		So many things would be enhanced by slower traffic through the West Highlands area. The path from 38th and Irving to Speer is a road race everyday. The project on 29th with the speed bumps and the bike lanes seems to have slowed things down. Would this be possible to do the same on Speer between 38th and Federal. Crossing at Green and Speer is sketchy from our neighborhood on the way to Highland Park and the library. The speed sign on Speer and Irving the city has installed has had no affect on drivers.	
Leah B	North Denver		Have cops PATROL!!!! They BARELY come IF you CALL!!!! We see law breakers ALL DAY LONG while the police department sits back and let the community destroy itself.	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Cameron Smith	North Denver	North Denver	Repair and improve berkeley dog park.	<p>I have the perfect thing for this!</p> <p>The Berkeley Lake Park Dog Park is in dire need of more shade. We have lost several of the large shade trees that were present in the park, and a few more trees are sick or severely damaged. The lack of shade and gravel park surface means that as the summer heat rolls in, it becomes largely unusable and unsafe for dogs. This amenity is used by hundreds if not thousands of families weekly. This forces people to take their dogs to other areas of the park(s) in the neighborhood, leading to more off leash dogs and dog waste around the rest of the city parks.</p> <p>What we need is shade -- more trees or shade sails/structures would not only vastly improve the safety and usability of the park, but also beautify our beloved dog park.</p> <p>A local group of volunteers (I'm one of them) does some of the routine maintenance and supplies water in this dog park and would LOVE to help with this! We have a small amount of funds we can contribute too.</p> <p>Thank you so much!</p>
	North Denver		Sidewalks on one or both sides of Sheridan Blvd. between 52nd and 48th Avenues. People walking/or crazily riding a bike on the west side of Sheridan, especially between 51st and 49th are one stumble away from being hit by a car. If there was a sidewalk on the east side (where there is more room) people could navigate much easier. Also, in the winter months, this area is exponentially more dangerous, even on the east side of the street where the lack of sidewalks creates muddy, snowpacked, eroded paths. The same issue exists for the 52nd corridor between Sheridan and the Denver NW border, which is Gray Street, albeit less dangerous.	
Derek Parks	North Denver		I-70 underpass into Rocky Mountain lake park	I-70 underpass
Jacqueline Reyes	North Denver	North Denver	Plasita de montbello	Playita de montbello
Maricruz Herrera Adrienne Kronovet	North Denver North Denver	East Denver	<p>From 2022–2023, Northeast Denver residents clearly asked for improved parks, water play areas for kids, shaded seating, fitness stations, and safer family-friendly spaces. Yet, only additional lighting was funded, leaving our community's core needs ignored again. Families in Montbello consistently share frustration with isolation, limited green spaces, and the lack of safe, joyful gathering places. La Plazita de Montbello directly answers these unmet needs. It will give families a place to connect, celebrate our heritage, and finally feel seen and valued. This proposal is the community's solution—what they're shouting for.</p>	<p>La Plazita de Montbello is a bold, community-rooted vision to transform Montbello Civic Center Park into a vibrant cultural hub. This project includes vendor stalls, shaded gathering areas, water play fountains, fitness equipment, a gazebo, and green space—designed to reflect the values, needs, and culture of one of Denver's most underserved neighborhoods. Built on years of community engagement and over 300 surveys, this proposal answers a long-standing call for connection, safety, and joy. With only minimal improvements previously funded in Northeast Denver, this is a chance for the City to keep its promise and invest in equity, culture, and resilience. Let's build the place our community has been waiting for.</p>
Adrienne Kronovet	North Denver		increased public safety	Indoor Pickleball at Gates
Itzel Ocampo	North Denver	North Denver	Más parques o espacios recreativos para la comunidad	
Jessica Roepke	North Denver		Additional police resources (actual response to 911 calls) Additional indoor/outdoor tennis/pickle ball courts	
Susan Cunningham	North Denver		I'd like to see pickle ball courts installed at Hirshorn Park. More trees planted but someone has to water them....partner with the local RINO?	Pickle ball courts at Hirschorn park.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Mimi Renee	North Denver	North Denver	Mature trees. A grocery store in the giant empty lot at Federal and 52nd. Sidewalks wide enough for my child to safely walk and bike. A community garden in the empty unkempt triangle across the street from my house at Berkeley and Burlington.	Community garden. Shade. Vegetables and herbs for neighbors.
Joey Shearer	North Denver		<p>I'm a resident of Sunnyside, and I'm writing to express concern about the lack of equitable sidewalk access in our neighborhood, particularly for children and individuals with disabilities. Many sidewalks are damaged, uneven, or missing altogether. In several areas, the sidewalk ends abruptly, forcing people to jaywalk or walk directly in the street, which is unsafe and unacceptable.</p> <p>At the very least, every neighborhood should have a consistent and safe standard for walkability. This is not just about future improvements—it's about meeting a basic quality of life that our residents should be able to count on, especially given the taxes we pay.</p> <p>Thank you for your attention to this matter. I hope we can begin to prioritize accessible infrastructure in our community.</p>	<p>I urge the city to conduct a comprehensive audit of each district to assess, budget, plan, and execute improvements that ensure sidewalk safety and equitable access for all Denver residents.</p> <p>Only once we've addressed these foundational issues should we move on to assessing crosswalks and bike routes. It's unacceptable that we continue to invest heavily in bike infrastructure while many residents, especially children, seniors, and individuals with disabilities, can't safely or consistently walk around their own block.</p> <p>Safe, accessible sidewalks should be the baseline, not the exception.</p> <p>Thank you for your attention to this critical issue.</p>
Brittany Albrinck	North Denver		better sidewalks, improved housing option and support for maintaining homes, use of vacant houses	
Ginger Bihm	North Denver	North Denver	Fix Sloan's Lake so it's not so gross. Thousands and thousands of people walk around this lake and it needs some serious help.	Please improve the water in Sloan's Lake. The park and views are lovely, from a distance the lake is gorgeous but up close, it is disgusting. This lake is very important to the neighborhood.
Michael Richmond	North Denver		Getting the North Sloan's Lake tennis courts back up and running as well as resurfacing Rocky Mountain Lake tennis courts.	Use part of the existing Overland Golf Course to build a state of the art Racquet Sport Facility with both indoor and outdoor courts for year-round use. With the population density of Denver ever growing and the popularity of racquet sports growing equally rapidly this could be a showcase among the other infrastructure needs of using the Overland area in a meaningful and impactful way,
Leslie Karnauskas	North Denver North Denver		We need more public restrooms that are maintained regularly (such as daily) that include running water. We complain about homeless people not being sanitary but we offer them no options. This is true across the whole City, not just in my West Highlands neighborhood.	Public restroom with running water in all parks in West Highlands that are maintained daily.

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Jacob Kauffman	North Denver		<p>Hirshorn park needs to be redone, it should be the highlight of Highland, but it's an eye sore and mostly unusable. We need to re-address the Tejon st. study. We need to focus on "soft infrastructure" for pedestrians and bikes. We need to slow down our streets in the entire neighborhood to 20 mph or less. We should be able to use our new parking meter money towards these improvements, where does that go? We could do a campaign to promote local transit to downtown? We need to do a promotion to get every commercial building to have street trees at all of our historical nodes. The corner of 32nd and Tejon, needs all new infrastructure and trees to promote pedestrian safety. This means wider sidewalk, bike infrastructure, streets trees. Pedestrian cross walks and infrastructure at every crossing on Tejon from Central st. To 46th ave. A big idea is to create a continuous bike bath from Highland to 16th st. Build a bike friendly ramp to get over the train tracks. No stairs or elevators.</p>	<p>Redo infrastructure here at 32nd and Tejon for the next 100 years. Expand sidewalks, streets trees trees, and shorten crosswalks. Install copenhagenized bike infrastructure connecting to Downtown. People need to get from point A to B as fast as possible. Use this to connect Tejon, Tennyson, and west highland along historic cable car routes. Redo Hirshorn Park. Build a bike ramp over train tracks to 16th st. No stairs or elevators.</p>
John Wilker	North Denver	North Denver	<p>The old boathouse at Berkeley lake could and should be a community hub. With the Library right there, the park could be activated in far more ways to benefit the surrounding community. Activities, cafe space, gathering space, events. Etc.</p> <p>Improving pedestrian access to the park would be great. Getting to it from Tennyson is a game a frogger with no ped access except at 46th.</p>	<p>Restore the boathouse/building to something publicly usable. It has historic value and would be a boon to the community to make the park and lake so much more useful and inviting. Just look at City Park.</p>
Mark Brissenden	North Denver		<p>Despite recent replacement of many old houses with apartment buildings, there is still a lot of old infrastructure in the Berkeley neighborhood that could be renovated and repurposed. I think preservation of some of these legacy buildings is preferable to tearing everything down and rebuilding from scratch.</p>	<p>I think the old concrete patio behind the bath house in Berkeley Park could be turned into an elegant outdoor area that groups could rent for reunions, weddings, music performances, and dancing, similar to the area in front of the boat house in Washington Park, except with a better view of the park and lake. The patio would need to be resurfaced and could be decorated with flowers in planters maintained by the city. There might also need to be some supporting infrastructure inside the bath house like restrooms and a catering area.</p>
Jason Schelz	North Denver		<p>Ensure large properties have to have street level businesses. The amount of apartments that are built without this is going to destroy our city's walkability.</p>	
Michael Clifton	North Denver		<p>More neighborhood patrol</p>	<p>I think there should be turn signals on 38th Avenue at the Irving intersection. There are already turn lanes setup both ways but no turn signals and it's very difficult to turn onto Irving going either direction during high traffic times</p>
Michael Nulty	North Denver		<p>Bike and pedestrian safety</p>	<p>Restore this old storage building to its former glory for a community events center or restaurant.</p>
Mia Krueger	North Denver		<p>Better street parking for residents.</p>	<p>N/A.</p>
Regan Schmergel	North Denver	North Denver		<p>Please reprise the Tejon Bike lane plans from 32nd ave to 46th ave.</p>
Alejandra X. Castañeda	North Denver	North Denver	<p>Ensuring intersections with traffic lights prioritize the safe passage of people walking, rolling and biking, as well as driver safety, by consistently implementing DOTI's safety first, people priority and mode-shift policies.</p>	<p>Improve the transit stop at the eastbound location for the 38 bus. It currently sits on what appears to be no-man's land. It lacks a trash can, shelter, sufficient/safe spacing between the old bench and fast-moving car traffic by an abandoned lot (former Xcel plant?). Better yet, allocate funding for the installation of better bus stop amenities along the entire W 38th Avenue corridor (when stop is owned by the City & County of Denver) and ensure intersections leading to these stops are safe, convenient and accessible for transit users.</p>
Shelley Schlossberg	North Denver	North Denver	<p>More cultural venues, experiences.</p>	<p>Local REc centers, parks to offer more concerts, art fairs, community events in North Denver</p>
Denise Hernandez	North Denver		<p>More recreational tennis courts</p>

Lisa Mathai	North Denver	West Denver	In order of importance: Adding an additional shade feature, more trees and some agility equipment to the Berkeley dog park. I'm one of the volunteers and know first hand the high number of people and dogs that use that park. The additional shade is most commonly asked for in the heat of summer and the agility equipment would further enhance both the human and dog experience there. Better management of pre-construction and current construction projects. Properties tend to sit neglected until demo and construction begin, creating a haven for trash, downed trees and critters. Upgrades to the Scheitler rec center and replacement of the EV charging cables along with a better security system to prevent a repeat theft.	Additions to the Berkeley dog park: shade features (structure and/or more trees with sprinkler access since sprinkler hubs are already in the park), and agility equipment for the dogs. So many people use this park daily and in warmer months, the heat gets very intense such that the park is almost unusable because of the heat index for both people and dogs. The agility would help with training and be a positive energy release for dogs that are inside most of the day while their humans are working.
John McCracken	North Denver		With the new walls being installed along I70, traffic noise is even more pronounced along this unprotected area of Rocky Mountain Lake Park. As well, with higher-density infill around Regis and 38th Ave Corridor, traffic on Lowell and Tenneson has increased significantly, making it hard to cross from neighborhoods into the Berkley and RML parks. My Vibrant Colorado proposal is a sound wall along the north side of RML park, protected crosswalks at 48th Ave South at Lowell and Tenneson (including an island and lights at Lowell, which also has traffic entering/exiting I70), and replace 48th Ave South with a greenway to connect Berkeley and Rocky Mountain Lake parks. This would calm traffic for the neighborhood, provide a 5k loop for runners and bikers and safe passage east/west through Berkeley, Grandview and Regis. Please reach out for additional details (John McCracken, mccrackenfamily@gmail.com)	With the new walls being installed along I70, traffic noise is even more pronounced along this unprotected area of Rocky Mountain Lake Park. Dennis P DeMaio	North Denver		Restricted parking on Vrain Street between 41st and 45th avenues. The 55 residents who signed petitions to obtain a parking plan with the expansion of the Arupe Jesuit school (which you were a cheerleader for-absent any parking plan) feel betrayed by you. You are enormously unpopular among these residents whom you refused to even meet with when asked to do so.	
Teresa Daylight Maria DeJulio Joe (Frank) Torres	North Denver North Denver North Denver		Remedy the semi-truck parking lot on Himalaya. By posting signs for weight /parking violations with \$100 fines it allows our police force to enforce ticketing.	Not at this time.
			A greater police presence	
Teresa Lalley	North Denver		I live near Berekley Lake and wonder if there is an opportunity to have a community garden near the library.	A community garden would offer a shared space to grow vegetables, flowers, herbs, and plants. Individuals or families could become members and pay a small fee for a plot. Members would be responsible for planting, maintaining, and harvesting their plots. The garden could offer educational programs, workshops or events to teach gardening skills, promote sustainability, and foster community engagement. Members would harvest their crops when they are ready. Some gardens encourage sharing excess produce with other members or local food banks. Many community gardens incorporate composting to recycle organic waste and enrich the soil and some gardens include plants that attract pollinators, promoting biodiversity and supporting local ecosystems. Overall, community gardens are collaborative spaces that promote gardening, sustainability, and community engagement, benefiting both individuals and the broader community.
Chona Osis	North Denver		Better Traffic flow 56th Ave to 170	Widening the road
Karina Abrams	North Denver		Would love for my family to be able to utilize the Scheitler Rec Center more by adding improvements to the pool. We don't have access to a family pool in the area. I would also love to see improvements to the Cesar Chavez park as it has incredible usage and it would be great for older kiddos to be able to enjoy that playground.	Add/redevelop the Scheitler Rec center pool to a community friendly pool area. Upgrade the playground at Cesar Chavez park .
Archie Calvaresi	North Denver		Take down some of the Roundabouts areal pain in the Aaa who ever started them in the first place!! And Police Response time is terrible, waited for over an hour when we needed them !!	STREETS need to be wider they are from the 1920 ERA when there wasn't a lot of Traffic!!
Veronica Montoya	North Denver		I would like for the city to provide grants to xeriscape the areas between the streets and sidewalks that we do not own, to cut down on grasses and wasting water. This would be especially helpful to Seniors and those on fixed incomes.	I am unable to select an area but I'd like to see more resources go into Sun Valley and specifically the Westside Healrh Clinic.
Phillip Heyser	North Denver	Central Denver	Moving out to Sloans Lake but I've lived Congress Park Area for years. I'm a big player and I love how many courts there are in Denver, I play on them and others around the city, DTC and Parker even, were I'm on a 4.5 league team. I have a full proposal for an indoor public tennis facility with a new type of red clay for courts. Public with a small fee for Denver residents, higher priced memberships and higher fees for renting out for training. All local pro's and D1 players are going to want access to play on this new type of red clay. This would enhance Denver in any neighborhood.	8 - 10 indoor tennis court facility that would be the envy of every city in America. Red Clay USA has developed new red clays that don't require the upkeep indoors and need little maintenance after installation. Tennis players will travel to Denver just to play on it. Playing on clay is easier on the legs and research backs this up. American top tennis players across the country lack the opportunities to play on clay, it can double with a few courts often dedicated to pro's training before playing this surface which is being used in ATP Tour events across Europe.

Scott Taylor	North Denver	North Denver	Water conservation and thoughtful planning in the parks around water are severely missed. The concepts use seem to think that water and or our parks do not follow the laws of gravity. For example, planting trees with mounds instead of with a large moat around it means that water will roll away from the tree. Any water conservation book will show myriad ways to help our parks thrive.	
Sarah Creech	North Denver	North Denver	Fully fund all 11 promised traffic signals for District 11 Improvements to Green Valley Ranch and Montbello libraries Improvements to Arie P. Taylor Municipal building Implement Tower Road Safety Audit recommendations	Fully fund all 11 promised traffic signals for District 11 Improvements to Green Valley Ranch and Montbello libraries Improvements to Arie P. Taylor Municipal building Implement Tower Road Safety Audit recommendations
Helen Frey	North Denver		Public safety is very important to me as a resident of Montbello for over 40 years. Speed racing, junk cars and unkept lawns must be addressed by the city too. Also, I love to walk the trails, dog poop, and trash should be monitored because they are distractions and deter people like me from taking an enjoyable peaceful walk in our neighborhood.	I vote for fully funding all 11 promised traffic signals for district 11. I vote for new median construction/improvements to the Tower Road corridor. For the sake of our children, please improve the Montbello and Green Vally Ranch libraries!
Trenton James Swain	North Denver	North Denver	Improve the rec center and update the outdoor pool. Scheitler rec	
Annabelle S Culver	North Denver		The 29th Ave Bike lane is distracting for drivers. I've seen drivers hit the white pylons. They do not need to be so close together. Spacing them out would be much less distracting and would still accomplish the same goal. Clean up Sloan's Lake! What a gem it could be?! When we first moved here in 2011, people would always using the water. Now it's unable to be enjoyed by the community.	The 29th Ave Bike lane is distracting for drivers. What a gem it could be?! When we first moved here in 2011, people would always using the water. Now it's unable to be enjoyed by the community.
Brian korte	North Denver		Safety, safety, safety. Crime in Denver is worst among major cities.	
Lauren Gutenplan	North Denver		For my specific area of Inspiration Point, to get anywhere outside the neighborhood is not the safest and feasible. My son rides his bike to school and crossing Sheridan is not always the most comfortable for me as a parent. The Scheitler Rec Center could use updating	
Chris Shook	North Denver	Central Denver	More trees,additional Rec center.	Build another Rec center

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Mohammed Said	North Denver		<p>I am writing to raise concerns about the GVR HOA and GVR Metro District system, which lacks oversight and accountability. The management company, hired by both entities, appears to serve its own interests rather than residents. Requests for change are met with resistance, and meeting notifications allow little time for discussion or informed elections. Including Board President not allowing board member to questions items they don't understand.</p> <p>The HOA's transfer of responsibilities to the Metro District, then hiring it for code enforcement and paying it, raises ethical and legal concerns. In 2009, GVR HOA transferred obligations and mill levy collection to the Metro District before hiring it for enforcement. The 2009 GVR HOA voter ballot must be reviewed, and legal counsel engaged. Until resolved, no mill levy collected should be turn over to .</p> <p>I urge action to protect residents. Thank you for your attention.</p>	<p>Given the current economic uncertainty and high interest rates, I urge the City to exercise caution in issuing bonds unless projects are thoroughly evaluated for viability, construction feasibility, and community needs. One potential project to consider is an underpass at Green Valley Ranch Blvd near Telluride St., as student crossings in this area pose significant safety concerns.</p> <p>Additionally, I encourage the City to focus on enhancing services over the next three years, including hiring more staff for swimming programs to equip children with valuable skills. Strengthening park safety should also be a priority, with staff or officers patrolling to remove broken alcohol bottles and engaging liquor stores near parks to reduce glass bottle inventory. The park near the GVR Recreational Center is a wonderful space, but broken glass remains a hazard, especially for young children.</p> <p>Thank you for your time and consideration. I look forward to your thoughts on these initiatives.</p>
Katie Gleeson	North Denver	North Denver	<p>I would add child swings at Caesar Chavez park on Tennyson. Critical fixes are needed to traffic flow at Lowell and I70. This is a very dangerous intersection for motorists, cyclists, and pedestrians.</p>	Mohammed
Emily Weidner	North Denver	North Denver	<p>More interesting playground at Cesar Chavez park.</p> <p>Speed bumps around Arrupe and on Tennyson to slow down drivers.</p> <p>More consequences for off leash dogs at Cesar Chavez park.</p>	
John Pendleton	North Denver		<p>Shot-spotting tech -- yes, I know it's problematic, but there's absolutely NO REASON for ANY ballistic or firework explosions in Green Valley Ranch.</p>	<p>A truck-high clearance pedestrian bridge over Tower Road, either at 45th or at GVR Blvd. (48th).</p>
Erica Fredregill	North Denver			<p>I really want Sloan's lake to be dredged so that we still have a lake in the future. I also would like the tennis courts on the north sides of Sloan's to be redone and open. Also all of our pools on the nw side are old, dingy and gross and need some work.</p> <p>There is not enough police presence in highlands/Sloan's lake. Our family has had 3 cars stolen (2 ours and a babysitter) from 2 houses in Sloan's lake. While all were found(this is unacceptable. They were all totaled and safety should be priority in our city or people will leave. Thanks</p>
TIFFANEE	North Denver	South Denver	CLEANING UP THE STREETS AND PARKS	
Suzana Talusan Carlos Romero	North Denver North Denver		<p>We need a sidewalk on Sheridan from i70 to 52nd. It is currently dangerous to walk through there</p>	
Jesus Ortiz	North Denver		<p>Parks and fields and a proper system to keep things clean</p>	
Leslie Richardson Paulette Littlejohn	North Denver North Denver		<p>Raising the standard of work on Rodes. Holding construction companies accountable for the outcome of their work and posting the outcome of their work. Too many of our roads are poorly repaired, and the construction sites are poorly managed for traffic flow.</p>

Kelly McCracken	North Denver		<p>I would love to see a wall built between Rocky Mountain Lake Park and the highway, and a better pedestrian crossing area on Lowell between Rocky Mountain Lake Park and W. 48th Ave S Dr. I would also love to see improvements made to the Scheitler Rec Center. And finally, I would like to see Sheridan Blvd have increased safety, especially between I70 and W 38th Ave. That stretch of Sheridan is so dangerous for both drivers and pedestrians.</p>	<p>Same as above: I would love to see a wall built between Rocky Mountain Lake Park and the highway, and a better pedestrian crossing area on Lowell between Rocky Mountain Lake Park and W. 48th Ave S Dr. I would also love to see improvements made to the Scheitler Rec Center. And finally, I would like to see Sheridan Blvd have increased safety, especially between I70 and W 38th Ave. That stretch of Sheridan is so dangerous for both drivers and pedestrians.</p>
M P Hirsh	North Denver		<p>Take care of our public parks- inc planting flowers and tree upkeep.</p> <p>Stop reducing car lane and efficiency in favor of very low use bike and bus access.</p>	
GiGi	North Denver North Denver		<p>Affordable housing would truly enhance our neighborhood. It would allow more families, educators, and essential workers to live where they work, fostering a stronger, more connected community. When people can afford to stay in the area they love, it creates stability, diversity, and a sense of belonging for everyone. A stop sign near 50th and Decatur.</p>	

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Benigno	North Denver		Como padre de familia y alguien que disfruta estar activo y crear arte, creo que algo que realmente enriquecería nuestro vecindario sería tener más espacios que fomenten la convivencia y el sentido de comunidad. Lugares donde las familias puedan compartir, donde se dé visibilidad al talento local, y donde personas de todas las edades se sientan bienvenidas. Agregar áreas con sombra para sentarse, fuentes de agua donde los niños puedan jugar, y zonas de ejercicio al aire libre para adultos mayores haría una gran diferencia. También, contar con espacios para que los vendedores locales ofrezcan sus productos ayudaría a fortalecer la economía local y a darle vida al día a día.	Me gustaría ver un espacio comunitario que combine, arte y convivencia. Propongo un área verde abierta para eventos comunitarios, presentaciones locales o simplemente descansar. También incluiría un muro para murales donde artistas locales (yo incluido) podamos expresar nuestra creatividad y reflejar la identidad del vecindario. Además, espacios designados para vendedores locales ofrecerían comida, artesanías y otros productos, generando oportunidades económicas y enriqueciendo la experiencia de los visitantes. Imagino áreas con sombra para sentarse, ideales para padres y adultos mayores. Para los niños, una fuente interactiva o zona de juegos con agua sería ideal en días calurosos. Para los mayores, equipos de ejercicio al aire libre o senderos promoverían su bienestar e incluso invitar a un miembro de comunidad que de clases como de zumba a los demás miembros. Este espacio sería más que un parque: un punto de encuentro, un espacio inclusivo, y un reflejo vivo de nuestra comunidad.
Clair Diones	North Denver	Central Denver	A larger recreation center. More police patrolling the neighborhood.	
Amayrani	North Denver		I think it would be great to have more fun and safe places where kids like me can play, make art, and just be ourselves. Sometimes there's not much to do outside, and it would be awesome to have a space that's made for us — where we can be creative and active at the same time. More playgrounds, art spaces, and places to hang out with friends would make the neighborhood more fun and friendly for everyone.	My idea is to have a special kid-friendly area at La Plazita de Montbello. It could have a colorful outdoor playground, a small wall for painting murals or chalk art, and space to play games like soccer or tag. We could even have art days where kids come together to paint or show their work. It would be a fun and creative place where we can feel safe, express ourselves, and spend time with friends after school or on weekends.
Katie Hardin	North Denver	East Denver	The cleanliness of Denver leaves a lot to be desired. There was literally a tire in the road on Speer for weeks and weeks before it was removed. The park trashes get to be overflowing and not changed for days. It would also be nice to see more open to the public options for recreational things like tennis, pickleball, swimming, basketball, volleyball, etc.	My specific project idea would be more pickleball courts / indoor pickleball courts. I know a lot of people have issues with the pickleball noise and I've been having a great time playing over at Gates Tennis Center. The facility is greatly ran and well kept at a fair price, for pickleball in the Denver area you can't beat the pricing. Recently they had to make some changes regarding pickleball in their facility and I feel like the option for pickleball indoor would be awesome. Would allow me to fully play through the winter and keep the neighbors happy.
elizabeth dominguez	North Denver		other people. Our neighborhood are "ugly". safety and cleanliness to keep public spaces clean and safe for others to use. Also provide Some type of shelter for the homeless so that they don't set up in parks and other public spaces meant for children.	I supported the Plazita de Montbello because there aren't a lot of places and we need a place where families could congregate and enjoy themselves

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
America Dominguez	North Denver	North Denver	<p>As a young woman in college who works in Montbello and cares deeply about my community, I think what would really enhance the neighborhood is the creation of more inclusive, welcoming spaces where people can connect, relax, and grow together. There's a strong sense of community here, but not always enough physical places that reflect that spirit.</p> <p>We need more areas that feel safe and inspiring — where families, students, elders, and youth can all come together. Spaces with shade, seating, free Wi-Fi, and access to community resources would be amazing. A stronger focus on art, wellness, and community-led programming would help bring people in and give them a sense of ownership.</p> <p>I believe Montbello deserves beautiful, functional spaces that reflect the creativity and strength of the people who live and work here. Enhancing the neighborhood means investing in places where people can build relationships, share culture, and support one another.</p>	<p>My project idea is to help transform La Plazita de Montbello into a vibrant hub for creativity, culture, and community connection. I imagine a space that brings together all generations—from kids to elders—in ways that feel both joyful and meaningful. We could include a small amphitheater for performances or youth-led open mic nights, walls designated for community murals, and rotating art installations made by local artists. There could be shaded seating areas and green open spaces for studying, relaxing, or hosting community events. I also envision opportunities for local vendors to sell food, crafts, or services — supporting entrepreneurship and making the space feel alive. A community bulletin board could highlight upcoming programs, job opportunities, or resources. As someone who works in Montbello, I want this space to be a place where people feel heard, empowered, and seen — a space built for the people, by the people, that celebrates who we are and what we can become together.</p>
Joanna Cabrera	North Denver	North Denver		<p>Improvements to Green Valley Ranch and Montbello libraries Fully fund all 11 promised traffic signals for District 11 New library in Gateway</p>
Mandy Christensen	North Denver		<p>Safer sidewalks on the Sheridan corridor around 52nd. Any type of sidewalks on 52nd. Both roads are very unfriendly to both pedestrians and cyclists.</p>	<p>Safe access/travel routes to and on the Sheridan corridor for pedestrians and cyclists.</p>
Jack Fleitman	North Denver		<p>We need more protected bike lanes and neighborhood bikeways with modal filters everywhere.</p>	<p>I want gates tennis center to be upgraded to an indoor tennis and pickleball facility</p>
Mike Hoover	North Denver	North Denver		
Jamila	North Denver	East Denver	<p>More opportunities for</p>	
Amanda Mason	North Denver		<p>Indoor pickleball at gates</p>	
Lydia	North Denver		<p>More tennis courts More indoor tennis courts More swimming pools More water fountains More trees</p>	<p>Gate tennis center should build an indoor facility!!!!!!!!!!!!!! Thank you</p>
Erin h	North Denver	East Denver	<p>SIDEWALKS AND TREES</p>	<p>Indoor Tennis and Pickleball at Gates!</p>
Haley Warson	North Denver		<p>Indoor tennis and pickleball at gates</p>	<p>Indoor tennis and pickleball at Gates</p>
Wendy Ward Hoffer	North Denver			<p>Indoor pickleball courts at Gates Indoor pickleball courts at Gates A skatepark inside City Park</p>
Barbara Meyers	North Denver		<p>Indoor pickleball courts at Gates and outdoor pickleball courts at Wash Park</p>	
Charles Rapier	North Denver		<p>Speed bumps on Byron, and surrounding streets of the lake, instead of the bumper cones, or whatever you call the structures. They take up parking spots and do nothing to slow traffic. As well the roundabouts on these small city streets are not the best use of funds. They have to be a complete obstacle and hazard for emergency vehicles.</p>	<p>Clean up the lake before it becomes a marsh. We have been on the lake for 32 years, and it does not appear that the city takes the area seriously. Sloan's is the crown jewel of the city, no other neighborhood has the natural beauty that this area provides, and it is treated like it provides little value.</p>

Please tell us your name:	Which area best represents where you live?	Which area best represents where you work?	What would improve or enhance your neighborhood?	Tell us about your specific project idea:
Rachel Laurie Simmons	North Denver	North Denver	More places to have various types of community events and interactions, including reactivating the Berkeley Bathhouse for community use. Fewer demolitions of historic resources and more reuse/adaptive reuse of them. More planting of trees in parks and parkways. Safer streets, in terms of pedestrian crossings, especially to parks and in shopping areas. Better control of auto traffic, including noise and speed. Cleaning up trash, especially along the areas associated with I-70, and improving pedestrian underpasses with greater safety features and accessibility.	The 1913 Berkeley Park Bathhouse, our neighborhood's City Beautiful era public amenity, was originally constructed for use by the community. For many years, it has been underutilized and under-celebrated and is primarily used for storage. The 2004 Berkeley Park Master Plan determined it should be returned to the community. The building's reactivation would be a positive step toward celebrating our history, provide needed space for community activities, would cost less than erecting a new building, and would increase local pride instead of being an eyesore. A Historic Structure Assessment was completed in 2023; it would inform the new project. Historic Berkeley Regis now requests funding for a Next Steps Study Master Plan for the Bathhouse to fully explore new opportunities and options for the Bathhouse's improvement, rehabilitation, and future uses. Hundreds of local citizen expressed their support for such a project and signed petitions for the Bathhouse's activation and community use
Dana Logsden	North Denver		Recreation centers and a library in the Northfield area. Better ped/bike infrastructure to cross Northfield blvd and enter the shopping mall area from the neighborhood. Improved visibility for drivers when turning. Parking is allowed so close to intersections and alleys on the street. It is nearly impossible to see when pulling out.	(1) Traffic claming measures on E Prairie Meadow Drive between Verbena and Central Park Blvd. Children cross Prairie Meadow Dr before/after school and cars speed & run through stop signs often; (2) A walking bridge over E 56th Ave near Central Park Blvd. High school students tend to j-walk unsafely across 56th to businesses; (3) a protected bikelane on Central Park Blvd from E 56th Ave to I-70. The current bike lane is underutilized due to fast traffic; (4) 16th Ave Bikeway/Safety Improvements: The City installed a protected bike lane (PBL) on 16th Ave west of Park Ave and east of York St to the Esplanade & City Park. The 16th Ave section without any traffic calming, between Park Ave and York St. is identified in the City's Capital Improvement Project list and is part of the high-injury network.
	North Denver	North Denver	More streets like 29th with speed bumps and bicycle lanes.	Would love to see more tennis courts, especially indoor options.
Lisa	North Denver	North Denver		Indoor Pickleball at Gates.
Becca Kuusinen	North Denver		Improvements at Berkeley Lake Park and Cesar Chavez playgrounds and Scheitler Rec Center. Better bike and street crossing safety throughout Berkeley for kids.	Improve safety and amenities at Berkeley Lake Park. Expand and add more play and climbing options. Add a bike pump track.
Becca Kuusinen	North Denver			Expand sitting and resting areas at Berkeley Outdoor Pool. Expand pool area and add shallower play areas like Andersen or Wheat Ridge Rec.
Becca Kuusinen	North Denver			Expand and add amenities and play options at Cesar Chavez playground. Add more modern and inventive structures and play options, like South Sloan's Lake or Wash Park playground.
Keith Frausto	North Denver			Denver should install green barriers like they have in parks in London and other major cities. Hedges and trees surrounding the park Perimeter would greatly reduce noise from Sheridan and create a more relaxing and peaceful environment.
Matt Levesque	North Denver	North Denver	I'd like to see more consistent and proactive maintenance of our parks, sidewalks, bike lanes and public amenities throughout Sunnyside and Northwest Denver. In many of our neighborhood business districts (38th, Tejon, 44th) there are broken or missing street lamps, damaged sidewalks, and empty street tree planters that create an uninviting atmosphere and can even pose safety risks. These neglected features not only detract from the overall appearance of the neighborhood but also discourage foot traffic and local business activity. By investing in the repair and upkeep of these public spaces—especially in high-traffic areas—we can help revitalize the neighborhood, boost community pride, and support local businesses. Adding greenery, improving lighting, and ensuring that sidewalks are safe and accessible for all residents would make a noticeable difference and contribute to a cleaner, safer, and more vibrant community.	I'd like to see more consistent and proactive maintenance of our parks, sidewalks, bike lanes and public amenities throughout Sunnyside and Northwest Denver. In many of our neighborhood business districts (38th, Tejon, 44th) there are broken or missing street lamps, damaged sidewalks, and empty street tree planters that create an uninviting atmosphere and can even pose safety risks. These neglected features not only detract from the overall appearance of the neighborhood but also discourage foot traffic and local business activity. By investing in the repair and upkeep of these public spaces—especially in high-traffic areas—we can help revitalize the neighborhood, boost community pride, and support local businesses. Adding greenery, improving lighting, and ensuring that sidewalks are safe and accessible for all residents would make a noticeable difference and contribute to a cleaner, safer, and more vibrant community.

Keith Frausto	North Denver		The intersection of 38th Ave. in Sheridan is very busy and risky for pedestrians. I live only a block and a half from King Soopers and I have to drive because there's too much traffic on Sheridan to consider riding my bike or even walking since the crosswalk lights do not favor pedestrians. The city should build pedestrian over passes equipped with elevators, so people can safely cross that intersection. The sidewalks two are very narrow on Sheridan making it risky to walk and riding a bike would be pure suicide.	Pedestrian overpasses for the busy and dangerous 38th Ave. and Sheridan intersection. They should be equipped with the elevator so pedestrians and bicyclist can quickly negotiate the intersection.
Tanya Jimenez	North Denver		Indoor tennis and pickleball at Gates. More walkable neighborhoods. Better side walks around Federal Blvd. More third spaces. Enticing grocery stores in the Chaffee Neighborhood.	Indoor tennis and pickleball at Gates.
Josh	North Denver		More non drinking activity centers. Let's become a healthy city where we can gather without a drinking focus, that allows us to have walkable cities, and create a third place that the world looks at for	An indoor tennis facility in north Denver
	North Denver		Updated rec center with updated workout options for adults and outdoor pool, bigger library,	
Gerald	North Denver	Central Denver		Indoor Tennis and Pickleball at Gates Tennis Center! New municipal building in Green Valley Ranch that has inclusive programming for persons with disabilities Fully fund all 11 promised traffic signals for District 11 Improvements to Green Valley Ranch and Montbello libraries that has inclusive programming for persons with disabilities Improvements to Arie P. Taylor Municipal Building Montbello Loop trail project including accessibility for persons with disabilities New median construction/improvements to Tower Road Corridor Implement Tower Road Safety Audit recommendations
Michelle Dumay	North Denver		Traffic enforcement, junk car enforcement, sidewalk repair, consistent trash pickup	
Carter B Smith	North Denver		Pickleball courts, better rec centers	Pickleball courts
Emily Vecchiarelli	North Denver		More restaurants	Expand Pena Blvd
Heather Harris	North Denver		Please redo the tennis courts in S. Sloan's lake park and add pickle ball courts!	Please redo the tennis courts in S. Sloan's lake park and add pickle ball courts!
Shelley Cooper	North Denver	West Denver	Connecting RTD L line to airport line.	Indoor pickleball at gates tennis center
Brian Kearney	North Denver

Brianna Hoffmann Venera	North Denver North Denver		<p>- Safer streets for pedestrians and bicyclists. I live off of 38th and multiple people have been killed on 38th between Pecos and Sheridan in the few years I've been here. We NEED traffic calming measures along all of the major "stroads" in the city.</p> <p>- Emissions/pollution/air quality. Nestled between I-25 and I-70, my neighborhood (Sunnyside) has an asthma-related hospitalization rate higher than that of the state average - as is the case with many neighborhoods along the corridor. Denver needs to do more to improve air quality and reduce emissions.</p> <p>- Robust, reliable, and affordable public transportation!</p> <p>- Affordable housing</p>	<p>Traffic calming measures in this area. Smedley School is right across the street from me and I watch people blow through the four-way stop here all day every day. At best, people slow and fail to stop; at worst, people fly through the intersection going 40 mph. Right next to a school!</p> <p>I'd love to see traffic calming measures (speed bumps, traffic circles, etc.) to effectively slow down vehicles near the school and throughout the whole neighborhood.</p>
Andrea Jo Elmquist Carlos Hinrichsen wendy wedlake	North Denver North Denver North Denver	North Denver	<p>I would like to see a more coordinated effort to align city services. For example, trash/compost/recycling was moved to Thursday which aligns with same day as street sweeping. So once a month when the street sweepers come, they have to go around the bins. This is such a waste. The cars are moved from the street but the street sweeping is ineffective due to the bins.</p> <p>Also, I would like to see the city remove grass or other landscaping that requires lots of maintenance and water. The city should be an example of how to use drought-resistant plants and landscaping. Keep grass where it can be used for shared enjoyment not decoratively.</p>	<p>Implement GIS (Geographic Information Systems) mapping software to visualize and analyze data tied to geographic locations, allowing for the creation of dynamic, interactive maps that can be layered and customized to reveal patterns and relationships not easily seen in traditional maps or tables. I'm available to help!</p>
Shannon Baird	North Denver		Sunnyside - more trees along sidewalks/curb lawns. Improve playground at Chaffee. Bike lane on Tejon. Safer crossing at 38th and Tejon.	
Selena Friedman	North Denver		Indoor pickleball and tennis facility at Gates tennis!	Indoor pickleball and tennis facility at Gates tennis!
Andrea Lawson	North Denver		Pickleball courts at the old Park Hill golf course.	
Jenna Banks	North Denver	South Denver	I can hardly get home after work! We need more ways to get into and out of GVR...	<p>-New median construction/improvements to Tower Road Corridor</p> <p>-Implement Tower Road Safety Audit recommendations</p>
Annie Sovcik	North Denver		Access to public transportation that is efficient and reliable	Indoor tennis at Gates

Molly	North Denver	Central Denver	<p>Protected Bike lanes on Tejon from 46th to 32nd;</p> <p>More dog parks or more enforcement of off leash dogs at parks where my kids play;</p> <p>Improved playground at Chaffee Park - swings are always full, we wait for slides and other features - there are so many families we need a bigger playground - a water feature would be great;</p> <p>More trees - we have many corridors without trees and it's hot! They do a lot to improve the pedestrian experience, heat, and community pride;</p> <p>Complete the sidewalk network - we have SOOOOOO many missing and broken sidewalks in north Denver;</p> <p>Splash pad or zero entry outdoor pool other water feature for families in the hot months;</p> <p>Improve the interstate underpass just south of Inca and 37th - infrastructure upgrades, more concrete so it's cleaner, add lighting and mirrors, place making - it's a major connector to downtown, but feels very unsafe, especially as a woman traveling alone - I never go that way after dark</p>	<p>(See answer above)</p> <p>**Protected Bike lanes on Tejon from 46th to 32nd;** THIS ONE IS THE MOST IMPORTANT TO ME AND NOT VERY EXPENSIVE COMPARED TO OTHER BOND PROJECTS - IT'S BEEN IN CITY PLANS FOR 12+ YEARS, BUT THE RECENT BIKE NETWORK IMPROVEMENTS IN NORTH DENVER DIDN'T TOUCH TEJON - IT WAS A HUGE MISTAKE, THIS IS A CRITICAL CORRIDOR FOR PEOPLE TO MOVE BETWEEN NORTH DENVER AND DOWNTOWN</p> <p>A new dog park;</p> <p>Improved playground at Chaffee Park;</p> <p>More trees;</p> <p>Complete the sidewalk network;</p> <p>Splash pad or zero entry outdoor pool other water feature;</p> <p>Improve the interstate underpass just south of Inca and 37th</p>
cenythia green	North Denver		BETTER street lighting, more climate education and options to involve myself in	
Fernando Hurtado	North Denver		<p>My opinion that will enhance and bring a more vibrant community is bringing people together. One way to do this is upgrade parks and rec's playgrounds, basketball courts, new glass backboards football/soccer fields with artificial turf and having a rec centers with a hot tub, sauna, and steam room. We as Denver need to make a better sports programs that more competitive and well coached for youth so we can keep in Denver instead of migrating out to other counties or programs which creates a young persons character so they can be a productive person to society. Also, Denver needs to stop contracting work and keep it within Denver to keep the funds revolving within our own. Parks and rec can maintain our own and all city facilities lawns, landscaping, instead of contracting out including our own janitorial staff for city facilities which creates more jobs. Invest in our own city and let's become the strongest, wealthiest, healthiest and the safest vibrant for ALL. Welcome to Denver!</p>	<p>Upgraded strong sports programs, fields, and recreation centers with hot tub, steam room, saunas. New glass basketball rims that don't shatter!!</p>
Erich Jegier	North Denver	North Denver		
VL	North Denver			
Emily	North Denver		See ideas below	<p>-Remodel Cesar Chavez playground, add a small stage for First Friday/outdoor concerts and potentially add a fence around the whole park since Tennyson is such a busy street</p> <p>- remodel the public pool at Berkeley lake park</p> <p>- Add a splash pad in northwest Denver</p> <p>- bring back trolley along W 32nd Ave and Tennyson</p>

Aaron Miripol	North Denver	Central Denver	Need for better trail connections throughout Denver...these trails need to be focused on peds and pedal bikes. No motorized bikes or electric scooters!!!!	It's been 10 years that we have been working to get the 303 Heritage Artway Trail implemented in NE Park Hill, from the Holly (Center for African American Health, Hope Center and Boys and Girls Club) through the former golf course to the 40th and Colorado Station. We need \$10M to implement the trail.
Suzanne Paul	North Denver		Indoor tennis and pickle ball courts at Gates, it would be so amazing to have this option within our city	Indoor pickleball and tennis courts at gates. Give our city residents and children the ability to move all year long!
Keeley	North Denver		<p>Updated rec center and outdoor pool!</p> <p>Love our library</p> <p>Splash pad at Cesar Chavez park!</p>	
Christina Gallegos	North Denver	Central Denver	<p>I think we need more help with the amount of traffic and traffic signals. I feel like we have a lot of car accidents in my neighborhood and we could really benefit from having some extra traffic lights or more signage on the ground, even some barriers of possible.</p>	<p>New municipal building in Green Valley Ranch</p> <p>Design for an American Indian Cultural Embassy</p> <p>Fully fund all 11 promised traffic signals for District 11</p> <p>New library in Gateway</p> <p>Improvements to Green Valley Ranch and Montbello libraries</p> <p>Improvements to Arie P. chris mccormick	North Denver		Improvements to Green Valley Ranch and Montbello libraries	Improvements to Green Valley Ranch and Montbello libraries
Kristen B	North Denver		Create indoor tennis courts at Gates Tennis Center. There are very few indoor tennis facilities in Denver.	Create indoor tennis courts at Gates Tennis Center. There are very few indoor courts in Denver.
Dallas Vincent	North Denver		<p>Do something that actually helps pedestrian safety at the intersections that kill. The 29th St bike lane improvements are a nuisance (I'm a biker and think that) while not addressing how pedestrians actually get killed - speeding and red light running (intentionally) on a half dozen key streets/intersections. Enforce the existing laws!! Station police officers, park empty police vehicles - or how about red light cameras and automated speeding enforcement!</p> <p>Ban panhandling - or at least the aggressive version of window washing.</p>	
Sandra Bivin	North Denver		defund the police and fund mental health initiatives, defund the police and clean up the trash, make it easier for us to sustain ourselves
