<b>Welcome!</b>	Thank you for checking out my list of breedable Pokemon! All Pokemon listed here are tradeable and are breedable at any moment. All you have to do is make me an offer! :)
<b>Contact Me!</b>	See something you want? Shoot me a message on Reddit! <a href="#">/u/KuronoGames</a>
<b>Note about Genders</b>	All Pokemon on this list can be bred to be either gender, however, this will increase the time it takes for me to deliver what you want.
<b>Note about Hidden Power</b>	If an appealing offer is made, I am not opposed to breeding for a specific Hidden Power, however, like breeding for gender, it will increase the time it takes for me to deliver.
<b>Note about Egg Moves</b>	Some of the Pokemon I can breed can be bred with certain egg moves. If you are interested in a specific egg move, ask me and I'll let you know if I can do it.
<b>Note about Items</b>	I have, and often times do/will trade for items. If you have items that are commonly used in the competitive scene, let me know and we can work something out!
<b>Have a request?</b>	Are you looking for something specific that I don't have listed? Feel free to ask! I'm constantly hunting for new Breedables, and can try to get what you're looking for! :D
<b>Note about Waiting</b>	Because all of the Pokemon I trade are bred upon request, chances are you will have to wait some time for our trade to be completed. Thank you for being patient! :3
