V. SUBSTITUTION

There will be unlimited substitution subject to the following, which replaces the FIFA substitution rule:

- The team in possession may substitute on throw-ins and goal kicks only. The team not in possession may substitute only if their players have already been "checked in" by officials and only after the team in possession makes a substitution.
- Both teams may substitute after a goal has been scored.
- If the referee invites, or asks that, a player be removed from the field due to injury, both teams are allowed to make a substitution at that time.

A designated person, other than the Site Director, will coordinate and monitor the substitutions to ensure that all substitutions are made in the approved manner.

Coaches may use their entire bench in every match.

The fourth official monitoring substitutions must use a loud noisemaking device, other than a whistle, to attract the attention of the referee for substitutions.
