DELETE THE TEAM IN ROW 19 IF YOU ONLY HAVE 15 TEAMS

1. Save this file by another title. Keep the original as a template. Use the newly saved file.
2. Team names should already be populated from the Junior High Director. If a team drops, go to Regional Results and remove the X from that team. Use the 15 team pairings. If you have to drop to 14 teams, use the 14 team bracket.

All-Tournament team tab:

3. Enter the team names in place of the letters. MATCH EXACTLY HOW THEY ARE WRITTEN ON THIS PAGE
4. Begin entering team players on all tournament tab: (If a state tournament, you should have names in advance.)

During Play:

5. At the end of each morning match, enter the results of matches: played, won, and score. Then save again.
6. At the end of the third game: Check for rank ties. The team with the highest individual game score gets the higher seed. Manually type in the rank numbers for both teams
7. Check brackets to make sure all teams are split into seeded positions. See item 6 if teams are missing.
8. Fill in winning teams in the bracket
9. Identify All-Tournament team and teams that win awards. Don't forget to find MVP and HPP
10. Delete the tabs for brackets/pairings not needed.
11. Save the file and share with the Junior High Director and State Executive Director

Warning: Team name must be EXACTLY what you put in on the AM Rounds

Input 0's in the boxes if a team plays, but a student scores NO POINTS regardless of if they played or not. A team that is eliminated will have a blank for that round. Input a - if the team had a bye or did not play that round

To sort for All-Tournament Team:
 -Highlight Rows 2-the end of your list
 - Click 'Header Row'
 - Sort by Bracket, then add Average, but sort Average Z-A.
