

This masterlist is still a work in progress but you can help out to make it grow!

MASTERLIST

***This masterlist is an archive of most (if not all) Super Junior fansites from 2005-2023.
It should work on mobile but it's easier to navigate on desktop.
All fansites are colour coded by activity and all SNS is linked too to make it easier.
Each member has a separate sheet and there is also one for sub-units and previous members.***

PENDING

***Consider sparing 5 mins to contribute, even one fansite helps massively!
Add fansites that are not in the masterlist yet here and tick the checkbox in the 'Status' column when you're done.
Admin will verify and move them to the masterlist as soon as possible.
Always link to the original fansite's SNS.
Always fill in the credits when adding a fansite.
Fansites with incomplete credits will **not** be added to this Masterlist.***

- EXTRA -

If you find a broken link/mistake in the any of the sheets, right-click and add a comment.

***If you're a fansite, and you're unhappy with how you've been credited here,
right-click to add a comment or contact me directly!
I really appreciate what you do for the fandom and want to make sure you're credited well <3***

***Please help add to this masterlist even if it's just one fansite!
It will take ages to complete this archive on my own but it'll be much faster together as a fandom.***

***If you dont understand how to submit, please contact me on twitter.
As SuJu have been going for so long they've had a lot of fansites, some are very hard to find.
Let's work together to archive them!***

***Have questions/comments/suggestions?
Have old fansites that you want to submit?
DM me on Twitter [@jiejunsdior](#) or contact me on discord at Cherri#9200
(I am also available on SuJu cord)***

Thank you for contributing to this archive.
If you have any questions please contact me on twitter @jordanbde
You can also contact me on reddit, facebook, or google+ if you wish to contribute or assist in any way. If you wish to use the archive for any other purpose, please contact me.
