

This spreadsheet shows changes (Web of Science Core Collection™) to the Master Journal List which have occurred since the April 2023 monthly update

Changes in a given month could include the following:

- Newly Accepted: Journal has passed editorial evaluation and technical evaluation and is covered in Web of Science Core Collection
- Editorial De-listing: Journal has been re-evaluated and does not meet one or more of the quality criteria, resulting in removal from Web of Science Core Collection
- Production De-listing: Journal has been removed from Web of Science Core Collection due to non-receipt of content from publisher
- Title Change: Journal has changed title; it remains covered under the new title
- Cease: Journal has ceased publication and is therefore no longer covered in Web of Science Core Collection

The number of newly accepted journals and de-listings will fluctuate from month to month and it will not be unusual for there to be no additions or no de-listings in some months.
