Source: Colorado Retail Sales Tax Return (DR 0100)

Note: Businesses file monthly, quarterly, or annually, which means that months at the end of the quarter (March, June, September, and December) or calendar year (December) will have higher values.

NA - Not available

NR - Not releasable due to taxpayer confidentiality requirements. Total includes NR data.

¹ Number of retailers is a count of distinct retailers in each county. One retailer can have multiple physical and non-physical locations in different counties. The Total value shows the distinct number of retailers in the state.

² The number of returns can be larger than the number of retailers because a retailer files a return for each physical and/or non-physical location.
