| hat This Is: | | | | | | | | | | | |
| is is a very basic financial projection worksheet. The id penses from sales, we estimate net profit. | idea is to estimate y | our sales, and your expension | ses on a monthly basis. By | subtracting | | | | | | | |
| aenses from sales, we estimate net profit. | | | | | | | | | | | |
| the that this is a VERY BASIC project. In the real world | d you might have nu | mberous SKUs and price p | points, and a variety of oth | er factors that | | | | | | | |
| mplicate this. But this spreadsheet is intended to allow | w you to ballpark thin | igs at least, to make sure | you can see a future for yo | our business, in | | | | | | | |
| sic terms. | | | | | | | | | | | |
| ow To Use It: | | | | | | | | | | | |
| his copy is read-only, so you need to make a copy f yourself on Google Drive. Then you will be able to ent | for yourself. To do | that, choose "File. Make A | A Copy" in the menu above | and save a copy. | | | | | | | |
| yourself on Google Drive. Then you will be able to ent | mer your own tigure: | | | | | | | | | | |
