Nam, Yejin		Very neat templates!! Easy to use! Thank you :)	Very informative app of flights!! I didn't know there were that many planes all around the world that fly at the same time!!	Very useful to gain some insight in specific topics!! Much more easier to see instead of Google search. Plz your interest!	I have never heard of this website!! Very easy to use! I love the various templates!! :)	Wow, I didn't know there was an application available to use in PC/Mac!! Very easy to use!! :)	Wow!! I never heard of this Google app before!! I love how we can easily search and browse through the beautiful paintings :) Thanks so much!!!	Such an easy app to use to create PDF and analyze words from a picture! Very helpful app for students like us! :)	Very straightforward to create neat videos!! I really like the templates, effects and transitions they provide :)	It was interesting to see the places all over the world in a very clear picture, and also 3D!! We can now travel all over the world~~ :)	This will be super helpful for teachers!! Very neat educational program!! Let's use up the spare time!! Great resource!! :)	I like the 'explore' and 'voice over' functions!! Google has some great applications! Cows!	I love this app! I always had a hard time making animated videos, I will definitely be using this app from now on! Thanks for sharing this app with us!!
Park, Chung Eun(20#####03)	very new. but easy to understand. very straightforward. Cool	good to know that we can insert QR code as we entering post covid, I think I'll use it in the future	cool!! real-time tracking is always fancy! or video clip.		the templates are really pretty! good to save both powerpoint and google slide. Thanks for sharing!	Easy to use!!! like to use late!!!! Thank you.	Didn't know there are so many apps from google. will definitely use it for my class to introduce masterpieces. so can we do a virtual tour, too?	New way of presentation! we could see so much effort you put in. It automatically reads text from the image!? convenient!!	I sometimes use this app but couldn't make one like yours :) I'll use layer tool next time! Thanks.	It is remarkable. I could spend hours and hours to look around the world.	cool!! I actually visit this website just now as you're presenting, very neat and professional, like it! Thanks.	Explore! good tip! Liked 'cow' theme :)	Cool! there are so many new techs that I don't know yet. love to make videos out of slides. thanks for sharing
SONG, KYOUNGSUN 송경순	It is very useful and helpful for me~	It's a site I use often, but it's good to know features I haven't used before.		I spent a lot of time looking for information on art activities, but it is very good information.	There are many templates!! I love it.	It is useful..! I'll use it! Thank you		Wow! There are so many information..!	This is the first app I've ever heard of. It looks like it could be useful.	It seems to be a useful app that makes it easy to make great videos.	It's interesting!! It's so real it's amazing.	It is very helpful for teacher~!! Oh! for kids..! I will use it for my kids.	I never knew there was such an app. This is an interesting and useful app.
												I've always only used PowerPoint, but it was nice to learn interesting and useful features from Google Slides. I'll have to work with Google Slides next time.
