The data on Sheet 1 is an update and expansion of list that Scott Simkus assembled in 2013.

The info is up to date as of 11:30am EST on August 22, 2015. The bulk of the info is from baseball-reference.com

I added 182 hits from Julio Franco's 1999 season with the Mexico City Tigers that aren't listed on baseball-reference.com

And as Scott said: "Note: This list may not be comprehensive."

I found another 27 for Honus Wagner in the 1895 Michigan State League while playing with the Adrian team. Possibly more for the other leagues he played for in 1895.

I've added those 27 to his MiLB total.

My guess is that there are more hits for Ty Cobb coming out of the 1904 TN-AL League. Bill Plott has compiled stats.
