

All competitions not organized by store staff will be open for bidding for a period of at least one week.
 The highest bidder will receive the sponsorship.
 The organizing team reserves the right to distribute the bidded amount in gift cards to the winning applicant's store using any ranking method they see fit. This includes giving away gift cards in a raffle.
 In exchange, branded covers when provided by the sponsor will be used. The sponsor logo will be displayed on a sponsorship tab on the WCA website, podium certificates, and station numbers if applicable. The sponsor is also mentioned at the start of the competition and during the awards ceremony.
 The winner has first dibs on vending. However, if the winner decides not to organize vending, vending rights transfer to the next highest bidder who applied for vending. A good faith effort to provide a proper vending table must be made if an application for vending is submitted.
