Bank of America Student Leaders	An eight-week paid internship at a local nonprofit organization where you will learn first-hand about the needs of your community and the critical role nonprofits play. In addition, you will learn valuable civic, social and business leadership skills. Each Student Leader will attend the Student Leaders Summit held in Washington, D.C. (all-expenses paid) where you will learn how government, business and the nonprofit sector work together to address critical community needs.	01/17	<ul style="list-style-type: none"> - Currently be a junior or senior in high school and are working to make a difference in your school or community, we want to support you. - Be a student in good standing at your school. - Be able to participate in an 8-week paid internship at a local nonprofit/charitable organization and work 35 hours a week. - Be legally authorized to work in the US without sponsorship through the end of September 2024. - Be able to participate in a week-long Student Leadership Summit in Washington, DC from July 22-27, 2024. - Obtain a letter of recommendation from a teacher, guidance counselor, or school administrator. Contact your recommender as soon as possible to provide them with the requirements listed at the end of the application. - Please note: Bank of America employees or members of their immediate family (e.g., children, siblings, grandchildren, nieces, nephews, etc.) are NOT eligible to apply.
Coolidge Foundation Scholarship	The Coolidge Scholarship is an annually awarded, full-ride, presidential scholarship that covers a student's tuition, room, board, and expenses for four years of undergraduate study.	01/18	<ul style="list-style-type: none"> - Junior year of high school, or the equivalent if home schooled, are eligible to apply - Must be citizens or legal permanent residents of the United States of America by the scholarship deadline. - Coolidge Scholarship applicants cannot be the immediate family member of any current employee or trustee of the Coolidge Scholars Program or the Calvin Coolidge Presidential Foundation. - Seeks young citizens who exhibit an interest in policy. The award is not restricted to candidates planning to pursue degrees in fields such as public policy or government. To the contrary, all academic disciplines are valued by this award. - Candidates should demonstrate an awareness of and appreciation for the values President Coolidge championed throughout his life. Some such values include: civility, enterprise, government thrift, federalism, and constitutional government. Like the president, Coolidge Scholars will engage in the pressing issues of their time. - Humility is a hallmark quality of leaders in the Coolidge tradition. Seeks young people who display a sense of service and care for the well-being of others. Must demonstrate a commitment to improving their communities in meaningful ways. Genuine service that makes a difference is valued over ambitious efforts that a young person may not be well-positioned to undertake. - This prize focuses rather on high school achievement that gives young people the potential to lead later in life. A young person who tends to work alone, but demonstrates potential to conduct breakthrough research, for example, is a strong candidate. Introverts can win this scholarship.

CSTA/ACM Cutler-Bell Prize in High School Computing	Up to four annual winners will receive: - A \$10,000 scholarship (administered through the financial aid department at the college or university the student will attend) - Complimentary registration to the CSTA 2024 Annual Conference in Las Vegas; travel and lodging will be provided to the winner and one guardian for in-person conferences - The opportunity to present your project at the CSTA Annual Conference and/or at one of the CSTA's virtual summits - Recognition on CSTA and ACM's websites	01/19	- Graduating high school senior residing in and attending school in the U.S. - Applicants are asked to submit an artifact that engages modern computing technology and computer science. Judges will look for submissions that demonstrate ingenuity, complexity, relevancy, originality, impact, and a desire to further computer science as a discipline. - Students must develop an original computational artifact that engages modern computing technology and computer science. The application includes: • Description of your project and development (three essays of 1000 words or less each) • Project source code and executable file • A short video showing and describing the project (2-5 minutes) • A signed consent form (17 and under, 18 and over)

Summer Academy for Math and Science (SAMS)	<p>As SAMS Scholars, students engage in a rigorous curriculum taught by Carnegie Mellon University's renowned faculty and staff who are deeply committed to student success. The program allows students to develop a deeper understanding of STEM via traditional classroom instruction, through hands-on projects, and sustained engagement with world-renowned faculty and skilled staff mentors. In addition to their academic experiences, students also have the opportunity to collaborate and develop meaningful relationships with peers from across the country. Through SAMS and other outreach initiatives, the university:</p> <ul style="list-style-type: none"> * Develops a diverse and supportive community of STEM Scholars interested in attending top-tier universities. * Strengthens students' commitment to pursuing STEM-related disciplines. * Broadens students understanding and access to opportunities made available through study in STEM. * Equips students with the knowledge, skills, and dispositions to be successful STEM scholars. <p>Curriculum The Summer Academy for Math and Science will consist of 2 parts:</p> <p>PART 1: Part one of the SAMS program will occur prior to the start of the residential program (dates to be determined). This will be a virtual jumpstart for participants, focusing on some skill-building that will be needed for the in-person program. During this time the program will be connecting virtually for portions of these days, but students will not be needed for full days.</p> <p>PART 2: Part two of the SAMS program will be a 5 week, in-person Pre-College program. Students will move into the residence halls on July 1st, and the first day of classes will be July 3rd. SAMS Scholars will be in courses and meetings for full days during the 5-weeks they are here. The academic portion of the program will conclude with the symposium on Friday, August 4th and students will move out of the residence halls on August 5th.</p>	03/01	<ul style="list-style-type: none"> - Be at least 16 years old by the program start date. - Be a U.S. citizen or permanent resident. - Be a junior in high school at the time of application submission. - Online application - Unofficial high school transcript - Standardized test scores (optional) - Two (2) letters of recommendation - Complete two essay prompts indicated in the application
