

| Use case / Feature | Owner(s) explain | MVP description | Proposer Required / Priority | Sebastian Required / Priority | Waldemar Required / Priority | Playwright Required / Priority | Cypress Required / Priority | WebDriver Classic? | Classic Implementations? | Other clients? | Notes |
|--|------------------|---|------------------------------|-------------------------------|------------------------------|--------------------------------|-----------------------------|--------------------|--------------------------|---------------------|---|
| Connect to video | Henk | Check if an element is video | P3 | P2 | P2 | ? | P3 | Yes | | | User: gallant@users.noreply.github.com |
| Web extensions access background page | Mikolaj | Access background page for debugging | P3 | P5 | P2 | ? | P4 | No | | | |
| File prompt handling | Alex | Check for errors about the network protocol - network protocol behavior | P3 | P5 | P5 | ? | P3 | No | | | |
| Click and wait for loaded | Henk | Click on an element and wait until a potential page load finished | P5 | P2 | P5 | ? | P5 | Yes | | | Clients could implement this |
| Advanced HTTP features | graham | Setup for the websocket protocol 1.1.2020 | P3 | P3 | P3 | ? | P4 | No | | | Timeout should be same feature |
| Special form element interaction | Mikolaj | Setting the value of complex form controls, e.g. "input type=checkbox, properly arm" | P3 | P3 | P3 | ? | P2 | Yes | | | |
| Emulation - Geolocation | Jim | Set user values for geolocation API | P3 | P4 | P3 | ? | P4 | No | | Blisk/Gestor/WebKit | Can use scripting for many cases |
| Emulation - Timeline | Henk | Network timeline extension | P3 | P4 | P3 | ? | P4 | No | | | |
| Emulation - Viewport (thatTouch) | Henk | Define if the device has ability to handle touch events | P3 | P4 | ? | P1 | P4 | No | | Chrome (bugged) | https://github.com/GoogleChrome/chromium-dashboard/issues/2442 |
| Emulation - Viewport (mobile) | Henk | Ability to simulate a mobile device (including user agent, meta viewport...) | P3 | P4 | ? | P1 | P4 | No | | | |
| Emulation - Viewport (full-antialias) | Henk | Ability to switch between antialias and pixelated mode for mobile devices | P3 | P4 | ? | P1 | P4 | No | | | |
| Emulation - Network Conditions | Henk | Control network conditions (offline, throttling...) | P3 | P3 | ? | P1 | P4 | No | | | |
| Emulation - User Agent (DevTools) | Mikolaj | Control user agent, and get to original user agent | P4 | P3 | P3 | P1 | P3 | No | | | (supported via CUI flag in Chrome, prof in Firefox) |
| Disable JavaScript | Henk | Ability to disable JavaScript for a website | P3 | P4 | ? | P1 | P4 | No | | | |
| Intercept requests on creation | Henk | Set user agent, meta viewport (eg. setting via the viewport) | P3 | P3 | ? | P1 | P4 | No | | | |
| Network - Set user HTTP headers | Henk | Automatically add standard HTTP headers to each network request | P3 | P4 | ? | P1 | P4 | No | | | |
| Run commands for specific user contexts | Henk | Run a command in all browser contexts for a given user context | P5 | ? | ? | P1 | P5 | No | | | |
| Subscribe for events for specific user context | Henk | Subscribe to events for all browser contexts, except for the given user context | P4 | ? | ? | P1 | P5 | No | | | |
| Retrieval of Content Quads | Henk | Retrieve the position and size of elements with CSS selectors applied | P4 | ? | ? | P1 | P4 | No | | | |
| Keyboard layout | JanDoff | Ability to set keyboard layout | P4 | P4 | P5 | ? | P4 | No | | | https://github.com/GoogleChrome/chromium-dashboard/issues/1743 |
| Element layout information | graham | Better handling for view document? | P4 | P4 | P5 | ? | P4 | Yes (ElementRect) | | | |
| Timeouts | Simon | | P5 | P3 | P3 | ? | P5 | Yes | | | Could be a client feature? |
| Get browser process info | graham | Info for browser processes (CPU, pid) | P4 | P3 | P3 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Page source | Henk | Get the HTML source for a context | P5 | P3 | P3 | ? | P4 | Yes | | Blisk/Gestor/WebKit | |
| Emulation - Local / language / JS APIs | Henk | Enable browser built-in APIs (e.g. console, fetch, localStorage, etc.) | P4 | P4 | P4 | P1 | P4 | No | | | Test page: https://github.com/GoogleChrome/chromium-dashboard/issues/2442 |
| Adjust content throttling | Simon | Switch virtual of throttling mode (browser mode, etc.) | P4 | P4 | P4 | ? | P4 | No | | | also related: 186 - Detecting API - https://developer.chrome.com/articles/life-detection/ |
| IO for large files (chunks/streaming) | Alex | Send a request to a file in a blob (e.g. generating a large PDF) | P4 | P4 | P4 | P1 | P4 | No | | | |
| Telemetry | Henk | Get a list of page metrics from the browser window | P4 | P4 | ? | ? | P5 | No | | | |
| Screen cast | Henk | Stream a video from a screen cast | P4 | P4 | ? | ? | P4 | No | | | |
| Printer | Henk | Stream a printer output | P4 | P4 | ? | ? | P4 | No | | | |
| Auth prompt handling (without interception) | Alex | Configure capabilities for auto-dismiss and handle the auth prompt | P3 | P3 | ? | ? | P4 | No | | | |
| File download behavior (where to download files) | Alex | Notify when a file is downloaded and where to download it | P3 | P3 | ? | ? | P3 | No | | | |
| Autofill testing | Alex | https://github.com/GoogleChrome/chromium-dashboard/issues/1777 | P4 | P4 | ? | ? | P4 | No | | | |
| Websocket inspection | Henk | https://github.com/GoogleChrome/chromium-dashboard/issues/2442 | ? | ? | ? | ? | ? | No | | | |
| Websocket interception | Mikolaj | Intercept and modify websocket messages | P4 | P4 | P4 | ? | P4 | No | | Blisk | |
| Websocket interception (with interception) | Mikolaj | Intercept and modify websocket messages with interception | P4 | P4 | P4 | ? | P4 | No | | Blisk/Gestor/WebKit | |
| Basic HTTP inspection | graham | Get content-type information | P4 | P4 | P4 | ? | P4 | Yes | | Blisk/Gestor/WebKit | Blisk/Gestor/WebKit of company/individual clients |
| Network - Inspect | Henk | Network protocol extension | P3 | P4 | P4 | ? | P4 | Yes | | Blisk/Gestor/WebKit | Implement what we know of Content and other. Handling of background tabs can be a problem - also some implementation specific to the version of Chromium/Chrome |
| Network - DevTools | Henk | Network protocol extension | P4 | P4 | P4 | ? | P4 | Yes | | Blisk/Gestor/WebKit | |
| Feature handling | Simon | Way to get content from chrome extension | P3 | P2 | P2 | ? | P4 | Yes | | Blisk/Gestor/WebKit | |
| Web-extensions handling | graham | Allow the browser to load content scripts as if they were injected by a user script | P3 | P5 | P5 | ? | P5 | No | | | |
| Content script | Alex | Content script | P3 | P5 | P5 | ? | P5 | No | | | Not already required by most projects since it's possible to load on real hardware. Not feasible to implement based on existing webextension since browser is not open per browser/extension. There are open B2C APIs |
| Content script (with interception) | Mikolaj | Intercept and modify content script messages | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev) | Mikolaj | Intercept and modify content script messages with interception | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev - user - dev) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | P5 | No | | Blisk/Gestor/WebKit | |
| Content script (with interception - dev - user) | Mikolaj | Intercept and modify content script messages with interception and user script and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user and dev and user | P3 | P5 | P5 | ? | | | | | |
