TAC Attrition		Planned	Incidental				UAC Attrition		Planned	Incidental		Notes
June 2023	TAC						June 2023	UAC				The **Planned** column reflects the number of members who will be rotating off based on their original term (not assuming any extensions). This is determined by reading the roster for the term and looking at term expirations. This number is a fact.
June 2023	TAC						June 2023	UAC	-3	-4		
June 2023	TAC	-4	-1				June 2023	UAC				The **Incidental** column reflects the reality that councils tend to lose one member per term to extenuating or unplanned circumstances.
June 2023	TAC						June 2024	UAC				
							June 2024	UAC				The choice of representing each member as a row was to make a visual distinction between ordinary attrition and the circumstances in 2024.
June 2024	TAC						June 2024	UAC				If others wish to use this going forward, you can choose to reduce the losses to just a number.
