We are on the lookout for transport open data in Wales.

It's not clear where some of this data is held so we're asking for your help to track it down.

If you know of a source of relevant transport open data please add a link to it in the sheet.

There's more information on this project on our blog.

[1] Drop me a message, peter.hicks@opentraintimes.com - I've worked extensively with these feeds, and with RDG and NR to get them opened up in the first place
