

## **Compliant Cleaning Products**

Following is a sample list of compliant cleaning items. This list is by no means exhaustive; it's a sample of available options on the market tailored toward smaller businesses.

You can order directly from the manufacturers listed in the following tab and/or request the items from your current distributor or a new distributor (listed in the Distributors + Retail tab).

All of your cleaning products should have either a third-party certification from EPA Safer Choice, Green Seal or Dfe Product Criteria. use of disinfectants to only surfaces in restrooms or on door handles. When necessary, use a hydrogen peroxide based disinfectant product with an automatic dilution Disinfectant alternative = Active ingredient can be lactic acid or citric acid

Safer Choice helps consumers, businesses, and purchasers find products that perform and contain ingredients that are safer for human health and the environment. Safer Choice is an EPA Pollution Prevention (P2) program, which includes practices that reduce, eliminate, or prevent pollution at its source, such as using safer ingredients in products.

The Design for the Environment (DfE) label helps consumers and purchasers find antimicrobial products, like disinfectants and sanitizers, that have been reviewed by EPA and found to meet both the pesticide registration requirements and the standard for DfE-certified products. These products contain ingredients that have been reviewed for both human health and environmental fate. Learn more about the DfE label for

epa.gov/dfe

CERT

Green Seal® is a global nonprofit committed to making sustainability everyone's business. The ecolabelling movement we pioneered decades ago has helped people make informed purchasing decisions and driven the marketplace toward healthier, greener choices. Hundreds of the world's leading companies carry our certification on their products, services, and spaces to quickly signal how they've met a high benchmark of

world's leading companies carry our certification on their products, services, and spaces to quickly signal how they've met a high benchmark of health and environmental leadership. Look for, partner with, and lean on Green Seal, so you can make healthier, safer choices with confidence. Visit greenseal.org or connect with Green Seal on X and LinkedIn.

The information provided in this Purchasing Guide is meant to serve as a resource to help businesses explore options to comply with green business certification and beyond.

antimicrobial pesticide products, including information on how to obtain this certification for your products.
