Glycerol + Mixed Acid =	18 - 'O'
Nitrated Glycerol Solution + Baking Soda =	22 - 'O'

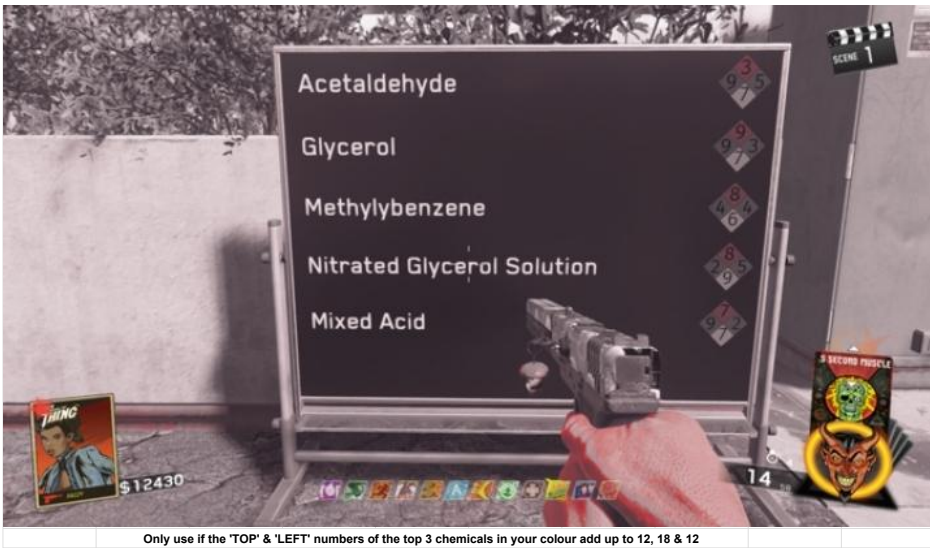

Only use if the 'TOP' & 'LEFT' numbers of the top 3 chemicals in your colour add up to 12, 13 & 7

Paint - Near the racing stripes perk machine, next to some grey cans			
Drain Opener - At the RV park, inside the public restrooms			
Detergent - In the market, on a shelf, directly opposite the vodka display			
Vinegar - A dark brown bottle found on a table as you enter the market through the spawn side			
Baking Soda - On the right side of the centre aisle of the market, look for a small box laying on its side			
Racing Fuel - A light grey container to the right of the garage door, right next to where you found 1 of the 'O = a number' locations			
Quarters - Near the garage, melee any of the payphones with a crowbar			
Vodka - In the market, on a display			
Pennies - Inside the market, melee any of the cashiers with a crowbar			
Glass Cleaner - In the market, on the front of the centre aisle			
Plant Food - To the left of the quickies perk machine			
Nail Polish Remover - In the motel office, on the desk next to the couch			
Motor Oil - Inside the garage, on the floor next to the bomb			
Wheel Cleaner - A purple spray bottle on the left side of the centre aisle in the market			
Insect Repellant - In the centre of spawn, directly opposite a chemical board
