Missing in the Margins: National, State-by-State, and District Data

Released October 2021

Context

In October 2020, Bellwether Education Partners released a report estimating the impact of COVID-19 and school closures on the most educationally marginalized students in the country. We estimated that March 2020 might have been the last time as many as 3 million students experienced any formal education — virtual or in-person. A year later, we set out to update our understanding of learning opportunities in 2020-21 based on publicly available enrollment, attendance, and engagement data.

This spreadsheet contains, national, state, and district-level data on student enrollment, attendance, and engagement, where available, which informed our 2021 analysis.

For the full report accompanying this data, click here.

Enrollment Sources:		Notes
Public School Enrollment	National Center for Education Statistics. Nonfiscal Common Core of Data. https://nces.ed.gov/ccd/files.asp	Includes all states and US territories.
Illinois Public School Enrollment	Illinois Report Card. Enrollment. http://www.illinoisreportcard.com/State.aspx?source=StudentCharacteristics&source2=Enrollment&Stateid=IL	Illinois data is missing for 2020-21 because the state did not meet the data submission deadline. https://nces.ed.gov/whatsnew/press_releases/06_28_2021.asp. We used enrollment numbers reported on the Illinois Department of Education website, and combined that with NCES CCD data to reach national total estimates and subgroup estimates. For Chicago Public Schools' enrollment, we used the figure report on the district website. https://www.cps.edu/about/stats-facts/
