WHO AM I? WHY THIS??

https://beacons.page/mjtpadilla

Good day!

I am Marc Jefferson Padilla, a geologist and now a financial literacy advocate. The pandemic made me realize that financial literacy is a need; a mission to share, and so I took a leap and studied these arduously.

We all have our dreams, and these dreams wouldn't manifest if we don't know how to manage our resources. This is a simple collation of all of the basics I've learned which everyone should also be knowledgeable of.

Start your financial literacy journey. Risk management, income protection, and mindset development are vital to securing the future you deserve.

Do not be overwhelmed. I surely am accompanying you along the way. Please be guided by:

OVERVIEW

- 1. YOUR BUDGET
- Track your savings and spendings to know your financial capacity
 Track the balances of your accounts so you'll know how much you can manipulate
 Log each transaction and this will be summarized in the "YOUR LIQUID ASSETS' sheet
 Every aspiring linvestor should have their risk assessed
- 2. YOUR LIQUID ASSETS 3. LIQUID ASSETS LOG 4. RISK ASSESSMENT

 - Overview of your investments and other assets
 Summary of your assets; charts
- 5. YOUR INVESTMENT 6. YOUR PORTFOLIO

MOST CELLS ARE FORMULATED. YOU CAN ONLY MANIPULATE CELLS IN YELLOW. TRACK YOUR MONTHLY BUDGET HERE!

MONTHLY SALARY	₱20,000.00

RECOMMENDED									
FUNDS/ ALLOCATIONS [% [2]	RECOM							
EXPENSES	55	₱11,000.00							
SAVINGS/INVESTMENT	45	₱9,000.00							
TOTAL	100.00	₱20,000.00							

A	ACTUAL								
FUNDS/ ALLOCATIONS	%	ACTUAL							
EXPENSES	43.50	₱8,700.00							
SAVINGS/INVESTMENT	25.00	₱5,000.00							
TOTAL	68.50	₱13,700.00							
EXTRA	31.50	₱6,300.00							

NOW WHAT'S NEXT?

Now that you have an idea of your budget allocation (your expenses, how much you can save, and how much you have as an extra), the next step is to organize your money into jars. These 'jars' will be filled based on a certain purpose.

Doing this will not only improve your capability to track your accounts but will also make you more disciplined financially. A step closer to financial literacy, awareness, and financial freedom.

Move to the "YOUR LIQUID ASSETS" sheet.

NOW WHAT'S NEXT?

- After tracking your liquid transactions (LIQUID ASSETS LOG) and having an overview of your liquid accounts (this sheet), you now:

 Know your resources and how to manage them (Panggastos fund, Income protection, Emergency fund, etc.).

 Have a better picture of the resources that you can use to fund your bigger dreams without sacrificing your lifestyle! (Retirement, House, Car, Kids' Education, etc.).

 Have the power to see the jars you have extra, and the jars you need some catching up on.

Knowing your liquidity needs and capabilities is important prior to actually investing.

- I shall now help you with your portfolio! I will show you how you can use your "Financial Freedom Fund" and some of your available money (Current Goal).

Take a look at "RISK ASSESSMENT" first before moving to the "YOUR INVESTMENT" and "YOUR PORTFOLIO" sheets

ALWAYS TALK TO YOUR *TRUSTED* FINANCIAL ADVISOR FOR YOUR ASSESSMENT, NEVER SELF-ASSESS UNLESS YOU'RE AN EXPERT A SECOND OPINION IS ALWAYS IMPORTANT

RISK ASSESSMENT

RISK CAPACITY	How much you can invest (how much can you lose?)
RISK TOLERANCE	Are you for safety or for growth?

RISK APPETITE [34]

Are you a conservative, moderate, growth, aggressive, or very aggressive investor? All 3 (Goals, Risk Capacity and Tolerance) is measured by your:

	SAFETY (Preservation)	GROWTH
	Low Risk, Low Reward	High Risk, High Reward
Income Level and Stability		
Liquidity Needs	High (Easily withdrawable without	Low
(High vs Low)	worrying on investment loss)	LOW
Time Horizon	Short (<5 years)	Long (>10 years)
(Short vs Long)	Short (<2 years)	Long (>10 years)
Dependents		None
Educational Needs	None - Low	High (Dependents' tuition needs)
(Amount needed and immediacy)	None - Low	ingi (Dependents tuttor needs)

KEYWORDS YOU CAN SEARCH TO DISCOVER THE FUNDS AND OTHER FORMS OF TRADE SUITED FOR YOU
