

Mānoa International Exchange - Undergraduate Student Budget

Section A: Program Details

COUNTRY	JAPAN
MIX Partner University	Ryukoku University
Term and Year	Spring Semester 2017
First Day of Instruction	TBD
Last Day of Instruction or Exams	TBD
UHM Credits Per Term Abroad	12 to 18

If dates are listed as TBD, it means that our partners have yet to confirm the dates for the term in question. Until these dates are made official, Financial Aid Services will not be able to process your financial aid. As soon as MIX receives these dates, they will be given to Financial Aid Services. Your aid will generally be disbursed 10 days before the start of your program.

Section B: Estimated Program Expenses

Budget Item	Resident	Non-Resident	WUE
UHM Tuition & Student Fees (Undergraduate)	\$5,866	\$16,882	\$8,584

Estimated Immigration & Residency Fees	55	55	55
Estimated Miscellaneous Partner Fees	0	0	0
TOTAL ESTIMATED BUDGET	\$14,461	\$25,477	\$17,179

UHM Tuition and Fees Chart: http://manoa.hawaii.edu/records/tuition_fees/tuition.html

Tuition amounts listed use the "Undergraduate Students (General)" rate (see: UHM Tuition and Fees Chart). If you pay additional fees to your college/school, Financial Aid Services will account for these added fees when your adjustment is made. See Section C for more details.

Section C: Additional Notes

Estimated expenses:

The expenses listed are ESTIMATES only. The actual cost for some items (i.e. meals, airfare, visa) will change according to each participant's individual needs. Expenses may also be affected by changes in the exchange rate or changes in policy by either UHM or the partner university. MIX cannot be held responsible for these changes.

If you plan to use UHM financial aid (loans and/or grants):

Financial Aid Services will use the information on this form to adjust your award amounts, taking into consideration the costs associated with your international exchange program. Once your financial aid award has been adjusted for MIX, you will be able to view and accept it in MyUH. If your award exceeds your tuition amount, please sign up for eRefund in MyUH. If you receive any scholarships for your MIX program, you must share this information with Financial Aid Services.

UHM Tuition & Student Fees:

Tuition and Student Fees are billed directly to your student account. The total amount may vary depending on your year of study, college, and major. The amount listed is a base rate. Students from certain majors (i.e. Business, Architecture, and Engineering) are required to pay additional fees to their college, regardless of whether or not they are abroad. Financial Aid Services will add \$500 to the estimated budgets for students paying these extra fees to account for these extra expenses.

Estimated Housing & Meals:

Most of our partner institutions have more than one housing option available to students, so prices may vary. The amount listed is only an estimate and housing is not always guaranteed. If you are unable to get university housing during your program, or housing costs are much higher than listed, it is your responsibility to contact MIX to discuss any changes in your expected housing expenses, and to provide proof. An adjustment to your budget and aid may be considered.

Estimated Personal Expenses:

This accounts for miscellaneous and day-to-day living expenses students might incur while abroad.

Estimated Health Insurance:

All MIX participants are expected to purchase travel medical insurance for the duration of their program.

Estimated Host Country Health Fees:

Some countries require students to buy into the national health insurance, regardless of whether or not they are already covered by supplemental travel medical insurance. This estimate accounts for these additional fees.

Estimated Visa & Immigration:

It is the responsibility of all MIX participants to determine if a visa is needed for entry into the destination country. Non-U.S. passport holders must pay special attention to the regulations and visa requirements for both the education abroad destination country as well as the U.S. visa requirements in order to return to the U.S. Costs may include: visa processing fees, shipping fees, and cost of round-trip airfare to designated consulates on the mainland to have biometrics taken.
