

University of Minnesota Morris

This sample plan shows you only one of several possible ways to complete this major. Course availability changes year to year, particularly for elective options within the major and for the Morris Core. The Bachelor's Degree in total requires 120 credits, including the Morris Core requirements. To reach 120 in three years may require Summer Session courses, and your academic plan may look different if you have already fulfilled some requirements, if you have multiple course options to choose from in your major, or if courses don't fit your schedule in a given term. Use Graduation Planner to make your customized plan, and work with your academic adviser to ensure that you are on track to graduate on time.
