

Capacity numbers are based on resident students within the boundary. They do not include boundary exceptions due to the year to year nature of the exceptions.

For the purpose of boundary exception, schools with a capacity of less than 90% are considered open enrollment schools.

Permanent Capacity: Capacity at time of school building

Current Capacity: Capacity with portables

School	Projected Enrollment 2023/24	Permanent Capacity	Permanent Capacity %	Portables	Current Capacity	Projected Enrollment 2024/25	Capacity % 2024/25	Projected Enrollment 2025/26	Capacity % 2025/26	Projected Enrollment 2026/27	Capacity % 2026/27
