

Welcome! Below is the color key. Words are in "The Words" tab. Directions for spaced repetition in the third tab.

What do the colors on the sheet mean?

Yellow means it's a word common to at least one other list

White means it's a word unique to that list

Pink means probably won't be tested

Tip: use [m-w.com](http://m-w.com) to look up words. It's a real dictionary with more robust, and accurate, definitions than Google.
