Congrats on reaching 500 Staves Rest deviations! If you still haven't hit 1000 Be	ans, please contact a mod	for assistance ex	panding your she	et.			

If you have reached 1000 Beans & are still counting for fun, you can make a new copy of the bean tracker & link it here:

- [1] You can either link the deviation by its name or put the link directly here. If you put in a link directly, be sure to remove the "?ga\_submit\_new=#" at the end.
- [2] Select your type of art! Crafts are initially counted as Sketch/Linework. Animations are initially counted as a still frame.
- [3] Any Staves Rest creature that's at least a bust+ counts as a character. There is no cap to the number of characters you can count for beans, but we've included a dropdown for 1-9 for convenience.
- [4] You get 1 bean per 250 words. Put your word count here if you want to count beans for it!
- [5] Bonus beans are given for Animation, Crafts, and more!
- [6] Automatically calculates your bean count! You shouldn't be editing this, as any additional beans should go in the "Bonus Beans" section.
- [7] Completely optional reminders to yourself about the particular piece. Did you add an upgrade? Unlock an upgrade? Was it for an event? Whatever you want to mention!
