

Note that a HA simply means I have access to its HA and that I can in fact breed for any of the pokemon's abilities.

Note that other natures, abilities, etc. may be requested, but this may be more time consuming or simply not possible, no harm in asking though.

Note that unless specified all pokemon will be received in a standard Pokeball, as this is my personal preference.

Note that I may consider alternate movesets, but am more likely to accept new pokemon.

Here, I aim to fill as much of the pokedex with competitive Pokemon as possible (only hatchable pokemon listed).
 Pokemon in full colour are competitive breedables found on the first page, with blanks being competitive pokemon I am yet to obtain.
 I will consider offers for most pokemon I am missing, as well as alternate movesets of my already obtained pokemon (look for my 'desired EMS').
 I will especially consider offers for movesets which match those set out below.
