<p>Betrium is the solution developed by group of entrepreneurs and MIT & MIPT graduates offering the first partly-decentralized worldwide betting service (betting exchange & sportsbook) with zero-commissions accepting crypto-currencies and offering platform for event organizers, developers and third-party service providers.</p>	
<p>As 2017, the global regulated gambling market is about \$533b. The betting market accounted for \$70b in global gross yield. The unregulated sector is many times larger. Over 100 million people regularly bet on sports and spend money every month.</p>	
The size of regulated gambling market in 2016 according to EGBA.	
The size of unregulated market according to Interpol.	
<p>Existing Problems</p> <ul style="list-style-type: none"> — No Worldwide — No Cryptos Support — Any Platform For Organizers — Unfair Conditions — High Comissions — Taxes — No API — Blocking of Bots 	
<p>Our Solution</p> <ul style="list-style-type: none"> + Fully Worldwide + BTC, ETH, DASH, ERC20 Support + Betting Platform for Organizers + Most Profitable Odds + Up 20% More Profit + Lowest Comissions + Taxes Optimizing + Powerful Open API 	
<p>ORGANIZERS EARN PLATFORM</p> <p>Betrium provides unique betting creation platform for event organizers such as e-sport streamers or small sport leagues.</p>	
<p>WORLDWIDE SUPPORT</p> <p>Betrium works globally and supports crypto-currencies withdrawals all around the world. 24/7 support on 18 languages.</p>	
<p>LOWEST COMISSIONS</p> <p>Betrium does not take comission from money deposits and withdrawals, winnings. We also do not take taxes on personal income.</p>	
<p>Platform for Organizers</p> <p>Betrium provides special partner solution for event organizers that want to earn money. Each owner of the Betrium Network account is able to create custom event and earn on betting just in few clicks. For example, e-game organizer (or player) can create the match on the Betrium, add potential outcomes and publish it. Betrium will automatically adjust the odds to make it profitable.</p>	
Moreover, Betrium will provide special marketing tools for promoting of such activities.	
Partnership, E-Sports, Custom Events	
<p>Powerful API</p> <p>Betrium's the first to offer advanced Open API for developers, bots, third-party apps and betting service providers. Our Team develop Betrium Framework complex for the most popular software platforms.</p>	
In future, Betrium can become a world's betting processing center.	

<p>The gambling industry is developing and moving towards. Gambling already take a part in most people lives and the Market Review illustrates this. We do not respect traditional betting services due their unfair conditions and other problems described in "Problems" section. Our mission is to change that.</p> <p>Also, we think that every single event organizer like private Austrian box league should have an opportunity to earn money on bets. Betrium will give that opportunity to all, including individuals such as e-sports streamers.</p> <p>Finally, we will provide a powerfull Public RESTful API so developers may create as much betting bots as possible.</p> <p>In Betrium bets happen off-chain and only added when the event happens and the outcome is undeniable. However the bets are broadcasted all over the network instantly for the odds to be recalculated.</p> <p>That means, in contrast to competitors, we are able to provide high-speed betting service built on decentralized IT architecture.</p>	
<p>To realize Betrium's goals, we are launching an Initial Coin Offering to issue Betriums tokens B T R M on the public blockchain. BTRM is an ERC-20 token build on Ethereum. A total of 140m BTRM will be emitted only. The tokens will be issued during the pre-ICO and ICO.</p>	
<p>STAGE TOKENS SOLD PRICE TOKENS PER ETH</p>	
<p>PRE-ICO STARTS ON, PRE-ICO ENDS ON</p>	
<p>04 October, 04 November, 07 December</p>	
<p>The pre-ICO launches to prepare the initial version of Betrium in its best before the full ICO. We'll spend raised funds on:</p> <p>Legal Issues; White Paper Enhancement; Attraction of Sports Representatives and Advisors; Marketing; MVP Preparation;</p> <p>Within the pre-ICO stage, Betrium puts up for sale 14 million tokens (10% of all tokens to be issued) at the fixed price:</p>	
<p>63 000 000 (45%) Betrium tokens will be distributed during the ICO. The price of BTRM tokens will depend on the number of tokens issued during the pre-ICO.</p>

<p>What is BTRM? The Batrium token (BTRM) is an ERC20 Token based on Ethereum blockchain platform.</p> <p>Holders of BTRM regularly receive Batrium's profit share.</p>	
<p>What is BTRM token growth mechanism? The Batrium token is backed and ensured by Batrium success and financial results. Moreover, token holders regularly receive profit share, so the BTRM tokens have real value and will multiply in price in near future.</p>	
<p>Current state of Batrium? Batrium raised \$0.22m from angel investor in early 2017. As of the beginning of October, 2017, Batrium Team has developed 70-80% of IT architecture and we're going to release MVP in the next 4-5 weeks. Stay connected!</p>	
<p>Is Batrium's system decentralized? The Batrium's system is not completely decentralized and only partly based on Ethereum blockchain technology. The main reason is the transactions speed. It is really important to provide extremely high speed of functionality in betting service.</p> <p>As mentioned above, bets happen off-chain and only added when the event happens and the outcome is undeniable. However the bets are broadcasted all over the network instantly for the odds to be recalculated.</p>
