Send email updates to [water@pctwater.com](mailto:water@pctwater.com) or phone/text **619-734-7289** or **619-734-PCTW** [voice mail/text only, no one will answer]. Mileages and waypoint names used in this water report are from Halfmile's PCT maps [[www.pctmap.net](http://www.pctmap.net)]. Please send photos & videos of water sources, fires, passes, **Poodle Dog Bush**, and stream creek crossings to our **Facebook page** called "**PCT Water,Fire,Passes,Fords Update Group**"

**See Snow/Fords page for updates on Snow & Creek crossings & Road Closures in Washington.**

**Never rely on water caches!!! Beware of contaminated water. Purify backcountry water.**

**Take fire safety seriously. Alcohol stoves start fires – go stoveless or carry a stove with a contained fuel source and a shut-off valve.**

Water sources with blue text [marked with \* or \*\*] have historically been more reliable. Sources marked with \*\* are more likely to have water year-round than those marked with a single \*. Water described as seasonal, usually dry, early spring, etc. are less reliable.
