This sheet contains current patrons and subscribers, and is what I use to build the credits list at the end of videos.  
Current video project: Momiji Mating Press (NSFW)

Please check and make sure your name is included properly and how you want it in this list! Use the sheet tabs at the bottom to sort by tier.

I'm using a sheet for this so you can easily Ctrl F to find your name, and I can make edits easier before committing them to video. They are also in alphabetical order.

Remember, there are categories below based on your tier! NSFW elements will be censored on SPW projects
