MORNING SUMMARY	- Chu Uk gets tosses	into the Labr.	This is the first time I start rolling for storm intensity, these rolls work on a	_
			This is the first time I start rolling for storm intensity, these rolls work on a rule of "I want this to get worse, if I win the roll it does, if I fail it does not" and in this case I wanted the storm to still be bad but falled so now its normal again.	
MORNING	YOU	STORM ROLL - FAILURE, Storm Intensity reduced FREE Yer a sleep Cob GMM Wike - Drift, Plum, Morifler, and Gyob all wake up but stay in bed		
	PRE DATOR	Dator sees the sunrise and panics, grabs the sunstone and umbrella, straps Mi snow to his back	My first plan for the enemies to fuck up, giving you an opportunity to mess with	
	PAE DATOR	Consequences of Consequences	Olay so, yes, Chu uk dossen't have hands, well his design was created the update before he appeared and I don't	
			specify with tippler that he needed hands, so here we are, Sorry but you'll have to hand wave this inconsistency	
	CHUUK	49M Abomination Chu Uk sews his mouth shut	the guys mouth shut, fin only keeping the action the same as it originally was for transparency	
MORNING	25 YOU BELLA	Access / Accessment Class as leaven in those man. SEEL You sile sep a man in the form the manner reason everyone else does, WAGMSTH Balls wakes up, stays in bed for the same reason everyone else does, WAGMSTH Claber ecords the Abcreinstation to the LABIR. Residences, tasses a node pointed a random house GML in the center (falled) fairs out that house was right not to the base on the door even, ope.		
(MALF OVER)				
MORNING	NA NA	GSM in the center (fillied) arms out that house was right must to the base on the door even, oops. GSM Abomination drops themselves to that location with fervor, is now lost in the lab? TO be salesp GSM Ka Xii, Irah, and Mini Wake up		
			could jump and double move in a single move, but to be fair I had him move slowly. An And Dator are kind of Op in	
	PRE DATOR	Dator double moves (deep forest then mine) reaching the edge of the mine, now has a sunstone sPM on no weather problems, but the weathers fine anyway.	terms of movement, but at least it's just Dator and he can't carry much if he's doing this.	
MORNING	MMI 45 YOU	Mini sets up the operating room whilet has heade outside, grate the body and umbrets and theads inside due to minimal weather, link chucks the umbrets in a corner SEE You wake		
	мм	No. 1840	They both individually rolled nat is, not	
(ALMOST OVER)	PRE DATOR	PSM Irah consoles her and offers help (falled), botching it further Dator double moves, reaches the roof of the linn	They both individually rolled nat its, not making shit up, Mi Snow got flucked up. You know those loud stams of the door, those were the unlesses saying no, you can't have mimil entering or dator entering.	
MORNING	sis You	You poop, but don't hear a thing because you failed 2 freaking rolls in a row	those were the universe saying no, you can't hear mini entering or dator entering	
	PRE DATOR	Dator enters his room, makes a puddle of water from where he enters, switches to a non snow onvered closik, is quite TIRED		
	MM	ARM DUCKER MOVES and copies claim to skep hat cover, getting reason, only the collection of the back door that his to subvege the back door that there to subvege the back distinction, barrely passess, fill snow now has there legs and is missing an arm, rip Mi Snow. Does a comption check (falls) is computed and now hears the whisperings but drive her mad and easily manipulated by the sweet honeyed words of frain but mad and easily manipulated by the sweet honeyed words of frain.	Hence why her cost had moisture	
(MKT TIMESLOT)	- The THOUGHTS up		mining, too bad she lost an arm lol	_
NOON	1/6 MINING ASM	late happens and Drift hears the spooky staff, freaking out The Miners activate, updating miner stats since now it's a race against time	Yeah so Chu Uk was meant to die and	
	сниик	Abm 1, Falling and card mine, good at being a guide, will be demantled and used for parts on night 2 because they will fail de hat night, should be the most fuched up looking (NL ABR.). Starting to fall due to botched swap with mi snow, can mine once at disadvantage +0 (finds nothing).	be used as other parts, though luck chuck, sorry that Mirni didn't like you	
	ZAN	nothing) Clay - can mine normally at +2 (success, +1 wood) Clay - can mine normally at +2 (success, +1 wood) In perfect condition - Can mine at +5 with adv (successe, +2 wood)		
	MI SNOW	In perfect condition - Can mine at +5 with adv (success+, +2 wood) Mangled, one armed, mines at +0, would have adv but is mangled (falled, +0)	1/5 wood one remain	
			I realize at this point that messing with weather is strock so I can only do it at the beginning of a timedot, best if I do it between 2 stots unless t'm trying to do some fuckery	
	NA	WEATHER CHECK - Success, WEATHER INTENSIFIES	some fuckery Funny how when you talk to some kin they don't megrine searcife	
	YOU	PACE Need downstains, talk about dissappearances and talk to exert	Furry how when you talk to some kin they don't mention specific names of other townstick that used to be there, good thing you picked swart hahahahahahahahahaha, not sorry.	
MOOK.	MMI NA	GM Mini makes food and cleans up her mess, reverting to normal		\perp
mount		Mimi serves food and heads upstains to take deliver food to inshibut you completely miss that shi does this		
(HALF OVER)	СНИИК	The abonination causes a nucleus, drift hears it (success), freaks out, but plum (success) calms him down and agrees to report it when somekin comes on patrol		+
			This was when I realized you guys were kind of similess and I needed to provide structure in the form of thoughts or ways to move forward, I had yet to realize the problem with pacing, well it's not realize problem, more this would just take a while	
NOON	MM	A moment of reflection - Adding an extra timeslot here because of the THOUGHTS update 434 Mini comes back downstains, was not interrupted or interrupted because you were thinking	not really a problem, more this would just take a while	
		- The state of the	Me trying to give impetus and have you bump into plot, you take the left path and An tells you about spoolly shift, take the right path and you hear about spoolly shift and even find out his arow is missing, analy you do neither	
	AN BOREALIA	An heads over to the Inn to see if you wanns patrol	the right path and you hear about spooky shit and even find out M snow is missing, sadly you do neither	
NOON	45 YOU	Negotiations with Svart Mortifer heads to the roof and watches the mine wistfully, staying out for a while unless	Time for the next 2 updates passes as half updates	
		Interrupted Smoothis town, you amount the gobbo, awart and An leave on patrol, their patrol is a free action awart also talked with dator very briefly upstains and knows about the labor, abornination so helf take case of it, which is why he waits until AFTER he gets back down to ask the q	deviating from the patrol takes regular actions which avart will almost gurantee himself to take	
NOON	PRE DATOR	REE take care of it, which is why he waits until AFTER he gets back down to ask the q Dator goes to alsee - Wakes in Evening 45		
(ALMOST OVER)	GYOB	Dator goes to sleep - Wakes in Evening 45 Gyd worsk to go thinky, notices bitzent, and instead mines the funnel to the Gen stone, (crit success, actually feshes the funnel immediately, he can now travel in a single move a crazy datance and so can jack.	This was a wild nat 20, if you ever find out about it I expect you to do some pretty spookly abit. This check was godly, unfortunately she keeps 0 exidence in her soom, train's a madrian about both of their rooms.	
NOON	66 YOU		keeps 0 evidence in her room, Irah's a madman about both of their rooms	
	SVART AN BOREALIA	Net 20 perception check, you see everything in mim's room. Sourt gets to the well kept residences, talks to crift and gets a (mixed success) calming him dow. SEE only by swipp half investigation. SEE An talks to jack and gyob but (fallow) fails to notice the tunnel and evidence gyob was digging it.		
(NOT TIMESLOT)	CHUUK	Abomination makes more noise (success) drift hears it, upping soust to go do something, soust comes and imagines putting on a show might get in to believe him, but still has a backup plan \$4M. Bella amoga at the staircase (success) on your conversation.		
EVENING SUMMARY	Another vain is hit,	real brinds actions no banked actions no banked actions scatterent, panic, Irah wants more slaves	I slaves alsoned for this to become	=
EVENING	1/5 MI SNOW	Mi Snow (compted) discovers a pocket of 10 more one (success +1 wood in the process)	I always planned for this to happen around here, to stoke Irah's greed. This mining action was quite successful, I had put an extra mining action here actually because of the time limit is et myself for number gliss quest.	
		halp puppeleurs some abominations with his strings to work harder, gaining another mine action at the cost of exhausting him for a few rounds in Labr.	action here actually because of the time limit I set myself for running this quest on, this has since been relaxed slightly.	
	CHUUK	is the cost of exhausting firm for a new rounds in Labr. Falls, 40	Cut I ass want that pressure to remain	
	ZAN	Falls, +0 Successe, +2 wood success, +1 wood		
	MI SNOW	success, +1 wood Fals. +0 You fall to get more meaningful into from Mimi, but she len't suspicious of you in the moment, yo	7/15 wood ore remains	
	AN DOREALIA	Two falls to get more meaningful into from Milmi, but she lant suspicious of you in the moment, yo REC fall to convince her to lend you the book for now though, claiming its events REC An exactes the road Svint reaches the Labor knows where the monster is, doesen't know what the best plan of action		
	SVART	Sect I be Swart decides to look the creature in a house, moving the pin and placing his own, so 8 patrols the house, then't is pin in the Syser and a pin in the Grings area, he (balled) causes some noise that (balled) of it doesen't have, but now Chu Un can't be heard by anyone anymore since he's confined to a building and it aparticing using the hour ordes.		
	SVART	(talled) drift dossent have, but now Chu Uk can't be heard by anyone anymore since he's GML confined to a building and is patrolling using the two nodes	Introduction of Phoenius and when I	
			Introduction of Phoenius and when I had a very concrete idea of the buckstary of the Issue and what happened, before this I had a vague Idea of people left and were kidnapped back into the Issue, hence the dragging	
EVENING	IRAH 25 YOU	ish leaves the mine after checking on Phoenius, making sure the core transfusion was a success. Phoenius worth vales up till minimum morning of the next day possibly later ISSE. You brank get to the week legst exclored	back into the town, hence the dragging noises, but now it's more solid.	
	AN BOREALIA	An reaches Morifer, distracting him as Irah heads out, Morifer probably saw him and feels resentment, but doesen't bring it up to An as per his agreement and that he hasn't heard of any DCC.		
	SVART PLUM	Swart goes back on patrol, exits the Labr. Plum tries to calm drift down again (nat 20) succeeds and now drift will remain calm, no more		
		insh hands to gen store, costing the joint, wary of goth and jods who seem to be working together (blief perception, he want fixing, you had advantage, and you missed seeing him as you left. How a wan, the godd meet in he also reased seeing you, goth thank the bizzard if guest? Little the Lab. See Chu Like shadow, then a book and the bizzard if guest?	Seriously, your die rolls are bad but so r are theirs, the noos that aren't doing plot critical stuff roll way better then you
