

TA is a great way to get involved and be a teaching or technical assistant during class time (8:00 am - 5:00 pm) without making any long-term commitment to the class or an individual.

TA's are just members of our tech community with experience and expertise in whatever that week's topic is who can be available in the classroom to answer

If you have questions about teaching assistant responsibilities and to get the address, please contact bekah.mercer@okc.gov for more info.

PLEASE NOTE: Do not ever disclose the location to the class to anyone else or bring guests we don't know about.
All guests MUST contact bekah.mercer@okc.gov to receive access to the class.

We're thinking of mentors as a designated personal cheerleader. A person who will invite their mentee to meetups and help them network. Mentors can offer career development advice and might on occasion offer technical assistance (but rarely, that's not their role). If you would like to make a personal investment in the career development of an individual, mentorship is for you. If you want to teach or provide technical assistance, check out the TA tab.
