About these runs:									
These runs are played in Time Attack mode, with all cheats off/default. If you power off the game, the cheats will reset to default settings.									
If the run is a 100pts run, the "Time Attack Bonus Boxes" cheat is enabled, and the HUD should also be on, so the Bonus count is visible.									
These runs are played on Nintendo 64 console. All N64 versions of the game are valid (NTSC, PAL, AUS, etc). Emulator is not allowed.									
Don't pause during the runs. The fastest runs with video proof will be listed.
