24	Flash	The Flash is an ATV capable of getting the driver and one passenger quickly to the front lines. The passenger is able to use most of their personal equipment while riding on the back.
25	APC	The APC is a light troop transport. It also serves as an ammo supply point.
26	Lightning	The Lightning is a light one man tank. The Lightning can be outfitted with various types of turrets allowing it to fill anti-air and anti-armor roles.
27	Harasser	The Harasser is an agile 3 man buggy that is available to all empires. The driver and gunner are both seated inside the cockpit, while the third passenger stands on the rear of the buggy and has access to his own weapons.
28	M20 Wyvern	The M20 Wyvern has superior RPM and faster reload compared to other M20 heavy machine guns but at the cost of a smaller magazine. Like other M20 HMGs, its 20mm rounds are capable of damaging all targets. All factions can use this weapon.
29	Magrider	The Magrider is a hover tank used exclusively by the Vanu Sovereignty. Its hover capabilities allow it ability strafe and climb more types of terrain beyond other tanks.
30	Prowler	The Prowler is a versatile tank used exclusively by the Terran Republic. It boasts a higher top speed and its twin barrel cannons are capable of inflicting damage quicker than the other tanks.
31	Vanguard	The Vanguard is a sturdy tank used exclusively by the New Conglomerate. The vanguard favors heavier front armor compared to other tanks, but this comes at the cost of speed.
32	Skyguard	The Skyguard is a ground vehicle designed to take out enemy aircraft.
33	Sunderer	The Sunderer is a large transport capable of holding 12 soldiers. It can also be outfitted with several support functions such as a mobile respawn station, vehicle repair or vehicle ammo resupply.
34	Soythe	The Soythe is a one man air superiority fighter in use exclusively by the Vanu Sovereignty. Vanu technology allows the Soythe to be a more stable aircraft when hovering and decelerating.
35	Mosquito	The Mosquito is a one man air superiority fighter in use exclusively by the Terran Republic. Decades of refinement have made this aircraft the quickest and most agile of all the empire-specific aircrafts.
36	Reaver	The Reaver is a one man air superiority fighter in use exclusively by the New Conglomerate. Its powerful engines combined with its great afterburner capacity make this aircraft the fastest empire specific fighter in the skies.
37	Liberator	The Liberator is a three man gun ship. The bombardier weapon is very powerful against ground targets and it has a tail gun to ward off enemy fighters.
38	Galaxy	The Galaxy is an air transport that can be used to hot drop up to 11 soldiers. It has four weapon mounts that can be used for defense or outfitted into a gunship role.
39	Gate Shield Generator	The gate shield generator powers the nearby gate shield.
40	SCU Room Shield Generator	The gate shield generator powers the nearby gate shield.
41	ALL Phalanx Turrets	The Phalanx Turret can be manned to defend the base
42	Turret Control Unit	The Turret Control Unit operates all phalanx turrets in the area.
43	Spawn Control Unit	The Spawn Control Unit operates either the spawn tubes or spawn room force fields, or both.
